CLOSING REMARKS—ELEVENTH VERTEBRATE PEST CONFERENCE

TERRELL P. SALMON, Wildlife Specialist, Wildlife Extension, University of California Cooperative Extension, Davis, California 95616

On behalf of the Vertebrate Pest Council, I would like to thank all of you for your attendance and participation in this Conference. I think you will all agree it has been one of the best.

The Eleventh Conference was successful because of the efforts of many people. I would especially like to thank Dell O. Clark, Chairman, Eleventh Conference, for his tremendous skill and effort in directing the Conference. The Program Chairmen, Roger Hothem and Rich DeHayen, were responsible for the well-balanced program. Jerry Clark, Arrangements, Aurelio Posadas, Registration, and Mike Keffer, Publicity, handled the many details that helped make the Conference a success. I thank them and their helpers, as well as the members of the Vertebrate Pest Council for a job well done.

Our next Conference will be held March 4-6, 1986, in San Diego, California. We hope to see all of you there.
