This Article is brought to you for free and open access by the Vertebrate Pest Conference Proceedings collection at DigitalCommons@University of Nebraska - Lincoln. It has been accepted for inclusion in Proceedings of the 7th Vertebrate Pest Conference (1976) by an authorized administrator of DigitalCommons@University of Nebraska - Lincoln.

CONFERENCE PARTICIPANTS

The Seventh Vertebrate Pest Conference drew a registered attendance of 278, with an estimated additional 50-75 persons who attended portions of the conference but did not register. As in past conferences, the attendance was made up of individuals having varying interests in vertebrate pest control problems from thirty-six states plus the District of Columbia. Participants from Canada, Denmark, Egypt, England, Mexico, New Zealand, Nicaragua, Norway, Pakistan and West Germany contributed greatly to the success of the conference and provided further exchange of information on an international level.
