The Treasurer's Report was approved as read. The budget is in good condition for the remainder of the fiscal year.

OLD BUSINESS: Stokely reported on file cabinets at the Lincoln County Extension Office. We are unable to locate the manufacturer. GSA is prohibited from selling cabinets because of over supply. BRIEF SUMMARY
REVENUE SHARING AND FEDERAL GOVERNMENT REORGANIZATION

Situation:

1. Approximately $149,000,000 from Extension Service budget (almost exact amount of present Extension budget which now goes to the states) was included in the President's revenue sharing plan for rural community development.

2. Money would be sent to the governor of the state with the plan for spending the money to be developed by him in consultation with other elected officials and planning groups. No matching requirements would remain and no approval of the plan would be needed before the money could be received.

3. Federal Extension money which now comes to the University would be eliminated and included in the rural community development package.

4. The reorganization plan calls for the elimination of USDA, and the present Extension Service programs would be allocated to three of the four proposed departments: Department of Human Resources, Department of Community Development, and the Department of Economic Development.

Letters to Washington:

1. Letters written to Senators, Congressmen or other influential people in Washington by supporters of Extension should keep these points in mind:

   a. A position should not be taken against all revenue sharing—only in opposition to Extension funds being included in the proposal.

   b. The need for keeping Extension tied to the University of Nebraska where it can be supported by a research and knowledge base.

   c. The strength of the present program which provides much leeway for local and state determination of programs.

   d. The need for keeping a voice for agriculture in Washington in the form of the USDA.

   e. Specific mention of how the elimination of the Extension Service in its present form would personally affect you or your family, such as, the 4-H program, home extension program, or agricultural workshops, clinics, field days, consultations, etc.

2. Key People to Contact:

   Nebraska's Washington delegation:

   Senators: Carl T. Curtis and Roman L. Hruska - Senate Office Building
   Congressman: Dave Martin, Charles Thone and John McCollister - House Office Building

3. Other Key Washington Leaders: Hon. Wilbur Mills, Chairman; House Ways and Means Committee; Hon. Chet Holifield, Chairman, House Committee on Government Operation; and Hon. George Mahon, Chairman, House Appropriations Com.

4. Any other key people in Washington that you might know personally.
