Hi! and welcome to the pages of the University of Nebraska Block and Bridle Annual. We as editors feel the club had a very successful year and hope we have displayed the Block and Bridle 1982-1983 year in an excellent format. The events of the past year have been fun and exciting. The University of Nebraska has a unique quality. This quality is the students themselves who make up the membership of our Block and Bridle Club. A special thank you to all the members, advisors, and the faculty of the Animal Science department for all the time, work and effort they have sacrificed to help make Nebraska's Block and Bridle Club a success for the year.

When we were elected to our positions of Historian and Assistant Historian a feeling of excitement came over us, but that wasn't all. A special feeling of leadership and responsibility was placed upon us and a great amount of confidence. From this new experience we have gained a lot and had fun also, for we were working with our friends.

At this time we would like to greatly thank all those who put forth time and effort to sell ads and help make this annual possible. Now sit back, relax and thumb through the pages of the University of Nebraska Block and Bridle Annual!

FRONT COVER: Picture courtesy of Nebraska Farmer magazine
The Block & Bridle Emblem is significant to club members. It represents the principles on which this club is built. Character, sincerity, and a moral life are asked of members when they join and are depicted in the straight perpendicular of the "B". The distinct curves of the "B" are symbolic of the social pleasure, mental energy and determination of members.

The meat block represents the material aspects of our life. The bridle stands for the behavior of Block and Bridle members, the control over ourselves that we try to maintain, the mannerisms and respect we show toward others, and the way which we treat animals.

PURPOSE

On December 2, 1919, student representatives from four animal husbandry clubs met in Chicago, Illinois, and formed the National Block and Bridle Club, the local clubs becoming chapters in the new national organization. Nebraska was a charter chapter along with Iowa, Kansas, and Missouri. During this meeting the chapters formed a constitution which included a statement of the clubs objectives. They are (1) To promote a higher scholastic standard among students of Animal Husbandry, (2) To promote animal husbandry, especially all phases, of student animal husbandry work in colleges and universities, (3) To bring about a closer relationship among the men and women pursuing some phase of animal husbandry as a profession.

The Nebraska Chapter of Block and Bridle Club has experienced a year of meaningful and enjoyable activities in the interest of Animal Science. This Annual is a reflection of our growing in the developing of leadership, integrity, scholarship, fellowship, cooperation, and participation. Through these activities we will grow and be better able to serve the Animal Science Industry.

Membership in the Block and Bridle Club is open to any student of agriculture, on the college level, who has a sincere interest in Animal Science.
Dear Block and Bridle Club Members:

Congratulations are extended to the Block and Bridle Club for another fine year from all members of the Animal Science staff. The club continues to be the leader. Your activities both nationally and locally are to be commended. In my brief tenure as Interim Head, I have been highly impressed in the club's leadership and the willingness to take on tasks.

When one singles out accomplishments, there is always the danger of missing some of them. Nevertheless, I wish to mention a couple of them. Your interest and support for the Animal Science Completion Project are especially appreciated. The completion project will need your continued leadership in the years ahead. Also, your leadership and efforts in the quadrathlon were extremely helpful.

As you develop leadership skills through Block and Bridle, you will find that this experience will be valuable in your future endeavors. The animal industry has some tremendous challenges in the years ahead. Your training and leadership abilities will be needed more than ever to develop a more efficient animal agriculture. Also, such issues as the animal welfare movement will not disappear and the animal industry will need some creative approaches to answer them.

As you leave the University of Nebraska, we feel that your training and experiences have equipped you for leading our future animal industry. The industry will be in good hands.

Best wishes,

Glenn W. Froning
Interim Head
Welcome to the University of Nebraska Block and Bridle Club. We hope you enjoy sharing this year’s activities with us as you thumb through our annual.

We would like to say that serving as president of the University’s largest and most active club is an honor and privilege. Getting to know and work with each and every member is enlightening and we hope each of you develop ties that will last a lifetime.

We would like to congratulate the club on another very active and successful year. This congratulations is extended to every officer, committee chairman and most importantly to every member who took part and time to help themselves and the club. A very special thanks goes to our advisors Dr. Larry Larson, Dr. Rodger Johnson, and Dr. James Kinder.

We’re very appreciative of the special relationship the membership has gained with the entire Animal Science Department staff and faculty. We realize that they are a motivating force and very integral part of our repeated success.

Being seniors it’s sad to think that our last year of excitement and fun will soon become memories. We hope this annual has captured most of these memories that mean so much to so many of us.

We feel a simple good luck is enough said to the club for the future because little needs to be said between good friends.

Yours truly,

Jay F. Schroeder
President - Fall 1982

Scott Langemeier
President - Spring 1983
"It was either 121 or 112."

Ralgro makes reworking your cattle pay. No doubt about it, reworking cattle takes time and costs money. But a regular program of reworking and implanting with Ralgro can mean up to 35 pounds of extra gain per head. Isn't it worth it? Implant with Ralgro.
The 1982-83 Block and Bridle advisors are (l. to r.): Dr. Jim Kinder, Dr. Larry Larson, and Dr. Rodger Johnson.

Come on, you can do it.

Come and get it.

How do you think it works?
Animal Science Faculty

Front row: (left to right): Ted Doane, Sheep Production; Steve Bartels, Ruminant Nutrition; Larry Larson, Dairy Physiology; Glenn Froning, Interim Dept. Head; Mary Beck, Avian Physiology; Charles Adams, Meats.

Second row: Ernest Peo, Jr., Swine Nutrition; Xiong, Ruminant Nutrition; John Ward, Beef Nutrition; Murray Danielson, North Platte Station; Franklin Eldridge, Dairy Production.

Third row: Duane Zimmerman, Swine Physiology; Tom Sullivan, Poultry; Austin Lewis, Swine Nutrition; Roger Mandigo, Meats; R.B. Warren, Extension Horse Specialist; Paul Guyer, Extension Beef Specialist; Dennis Brink, Ruminant Nutrition; Robert Fritschen, Swine Production.

Fourth row: Gordon Dickerson, Genetics; Chris Calkins, Meats; James Gosey, Beef Breeding; Doyle Wolverton, 4-H Extension; Rodger Johnson, Swine Breeding.

Fifth row: Don Levis, South Central Station; Michael Brumm, Northeast Station; Keith Gilster, Livestock and Swine Production; Roger Kittok, Physiology.

Graduate Students

Secretaries

To promote better communications between the Block and Bridle Club and the Animal Science Department, the Block and Bridle-Animal Science Liaison Committee was formed. The club's executive committee selected two members to represent each class. Dr. Froning (Interim Head), Dr. Larson (Sr. Advisor), the class representatives and the club's presidents make up the committee.

The purpose of the committee is to meet as a group to freely discuss ideas, activities, problems, and questions which come up between students and the department. Some of the items discussed at this year's meetings included the Animal Science Facility Completion Project and curriculum changes. The committee has proved to be an excellent opportunity for Dr. Omtvedt to get to know Block and Bridle members and vice versa. Throughout the year the 7 a.m. monthly meetings produced many interesting ideas and suggestions, despite the early hour.

Front Row (left to right): Todd Ibach-Freshman Class; Sharon Kriewald-Senior Class; Penny Stalnaker-Sophomore Class; Brenda Jespersen-Junior Class.
Second Row (left to right): Doug Barnell-Junior Class; John Langemeier-Student Advisor; Larry Miller-Freshman Class; Scott Langemeier-Second Semester President; Dr. Glenn Froning-Interim Head.
the future belongs to

JUNIOR Limousin breeders

Junior Limousin breeders in every part of the country are enjoying success with their Limousin heifers. Each summer, junior Limousin breeders from across the U.S. gather for the toughest and most competitive Limousin female show in the world, the National Junior Limousin Heifer Show.

In addition to the heifer show, many other activities make this annual event one of the most exciting offered. A state team fitting contest, individual fitting and showing, best state display, and classes for best pair of heifers and best three head from one state highlight competition.

Regional junior Limousin shows are held at the American Royal in Kansas City, Mo. and in Denver, Colo. during the National Western Stock Show. Most states have junior Limousin shows at their summer field days, state fairs and many county fairs offer Limousin classes.

Limousin heifers are definitely a solid investment in the future. As a junior breeder, you can start building your own herd around a junior heifer project. Or, you can sell your heifers at the end of the show season at one of the regional or national sales.

North American Limousin Junior Association (NALJA) members are under 22 years old and pay only a $10 membership fee. NALJA membership rolls total more than 1,500 enthused and active junior Limousin breeders. NALJA programs are designed to teach young breeders the responsibilities and skills necessary to raise and show cattle. Through NALJA activities, junior cattlemen gain insight and understanding of the beef industry.

Write today for a list of breeders in your area who can help you get started in the Limousin business and for your NALJA membership application.

National Junior Heifer Show
to be held June 14-18 in
San Antonio, Texas
“The Changers”

Shorthorns and Polled Shorthorns are gaining a new popularity and can be the answer to your crossbreeding program. Results of the Western Nebraska Test Station, for a three year period, proved that Shorthorns had the highest weight per day of age of any British breeds, compared with bulls of other breeds. Shorthorn bulls settled more cows in a shorter period of time. Add this to superior mothering ability, feed efficiency, and docile nature, and it all adds up to more profit.

For more profit, use Shorthorns “The Changers”.

A prime example of Bronco’s sons.
Be among the satisfied McReynolds customers.
People who think for themselves buy our Hampshires. Our hogs are healthy, they grow fast, and they cut well in carcass contests. In the recent AK-SAR-BEN Stock Show, 730 pigs were cut and figured in the carcass contest, a McReynolds Hampshire placed fourth in over all competition. Our Hampshire was the highest rated purebred among all breeds competing.

Visit the farm soon.
You can be sure with McReynolds SPF Accredited Hampshires.

Maintain horsepower

Your horse can’t be at its finest if it has a power-robbing worm infestation. Help your horse maintain horsepower. Ask your veterinarian about deworming with ‘Anthelcide EQ’. It gets even the small strongyles many other products miss!

Anthelcide EQ™
Brand of oxibendazole

* Anthelcide EQ™ was 97% to 100% effective against the major types of horse worms in extensive tests at the University of Kentucky. Reported in Modern Veterinary Practice 62 No. 9, 679-682, 1981.
A TRIBUTE TO
THE BLOCK &
BRIDLE SENIORS. . . .

They have been students
They have been hard workers.
They have been leaders
They have given us new ideas
They have been teachers
But most of all, they have been our friends!

Congratulations to the Class of 1983!

The first semester initiates for themselves ambitious and entered club in the float contest for U Homecoming Week festivities. A parade took place on October 17 followed the theme “Wouldn’t I Like to be a Husker Too?” mounted roper pursued a Kansas State Wildcat to win best parade try. The festivities were capped the Homecoming Queen Coronation Block and Bridle candidate Brenda Heyden was crowned the 1982 UNL Homecoming Queen. This was first year Block and Bridle participated in the Homecoming festivities at UNL. Way to go Block members and initiates on a successful venture.

Block and Bridle Candidate Brenda Heyden was crowned the UNL 1982-83 Homecoming Queen — We are proud of you!
Each year UNL holds an Activities Mart in the Union. Members Brian DeBrie and Carmen Uden are reviewing the slide show on display. One of the main objectives is to recruit new members and explain to the campus what B&B is.

Eastfest is an annual event on the east campus of the University of Nebraska. Each year Block and Bridle sponsors a hayrack ride around the campus.

"Will you sign my paddle?" This was a familiar tune for the new initiate members. An annual event to get officers, chairpersons and members to sign before the big night of initiation.

Jay Schroeder (first semester president) presents Dr. Irvin Omtvedt with a plaque in honor of his services as Head of the Animal Science Department for the past several years. The Block and Bridle members also had a coffee for Irv before he left the department.

Pizza Feed Sponsored by ELANCO

A new activity among the club members was an ugly shirt contest. Jack — your shirt is pretty ugly.

On October 15 and 16, 1982, seven people attended the North Central Regional Conference meetings at Iowa State University in Ames, Iowa. Lisa Greve and Mark Ford were elected as regional delegates for the two day conference.

Following registration, Friday evening, a mixer was held at a local club. The conference formally got underway Saturday morning with a breakfast and slide show presented by Iowa State's Animal Science Department. Each Club then presented a slide show on their chapter's activities. The group then broke into small discussion groups and discussed topics both relevant to the Animal Science Industry today and our own Block & Bridle Clubs. Following a tour of Iowa State's meat lab, a barbecue was held and a dance concluded the conference. The 1983 Regional Meetings will be held at Kansas State University.

The 1982 National Block and Bridle summer meetings were held August 8-11 in conjunction with the American Society of Animal Science meetings at the University of Guelph in Ontario, Canada. The Nebraska delegation presented slides of the year's activities at the meetings. Members were kept busy with a bus tour of various horse operations, a trip to Niagara Falls, and a barbecue and dance. Points of interest en route to Canada were visits at Notre Dame and Michigan State Universities. Representing the UNL Block and Bridle Club were Robert Barr, Lisa Greve, Sandy Johnson, Terry Keebler, Sharon Kriewald, Jane Pauley, and Jan Volk, along with advisor Dr. Kinder.
Eighteen energetic Block and Bridle members attended the sixty-third National Block and Bridle Meeting held in Louisville, Kentucky, November 13-14th, 1982.

Following registration Saturday morning, members chose either a livestock or horse tour. The tours ended at Churchill Downs race track for the afternoon races.

The evening events included the Great Lakes Rodeo and a dance and mixer for all national representatives.

After a prayer breakfast held Sunday morning, annual yearbooks, chapter yearbooks and activities were judged. A series of speakers, panels and workshops that were aimed at club involvement and the animal science industry were given. The University of Nebraska gave a slide show presentation of chapter activities, and presented our ideas on fund raising activities, chapter yearbook and published annual yearbook.

In the awards ceremony following the national meeting, the Nebraska chapter finished first in published annual yearbook, third in chapter activities, and fourth in chapter yearbook. Sharon Kriewald was named fourth in Junior scholarship.

Enjoying the meetings.

We would like to salute the BLOCK AND BRIDLE CLUB, its members, and advisors for a tremendous year!

For over ninety years the Geo. A. Hormel & Company has taken great pride in producing the highest quality meat products possible for the consumer.

Geo. A. Hormel & Company is co-sponsor of Nebraska's largest hog show, the Midwest Market Hog Show, which will be held on Saturday, March 19, 1983, at Fremont, Nebraska.

Geo. A. Hormel & Company buys hogs on a grade and yield basis to provide the hog producer a maximum return for their top quality hogs.

U of N BLOCK & BRIDLE ANNUAL, 19
Jane Pauley is an Agriculture Honors major and the daughter of Mr. & Mrs. Wilber Pauley of Harvard, Nebraska.

During her years of membership, Jane served as Secretary, Historian, Assistant Historian, President, and Quadrathalon Co-chairman. Jane was also the Block & Bridle Queen in 1981.

Jane received many awards while in the Block and Bridle Club including UNL scholarships and second place in the National Junior Scholarship Awards at the National Block & Bridle meeting.

Jane's other activities include Junior and Senior Meats Judging Teams, Ag Advisory Board, ASUN, Mortar Board, Alpha Zeta, Soil Science T.A., DuPont Summer Internship, and intramural sports.

Sharon Kriewald, an Agriculture Honors major, was the recipient of the Junior Scholarship Award. Sharon came to UNL from North Loup, Nebraska and participated in numerous Block and Bridle Activities.

As a member, Sharon served as the Historian and on the Animal Science Liaison Committee. She was a Queen Candidate and a competitor on the 2nd place Quadrathalon team. She also took part in the Livestock and Meats Judging Contests. Sharon's list of activities continues as she is a member of Mortar Board, Alpha Zeta, Alpha Lambda Delta and Phi Eta Sigma Honor Societies. She was also on Ag Advisory Board, Pre-Vet Club and the UNL Meats and Livestock Judging teams.
Block & Bridle's 1982 Honoree was Mr. Gene Schroeder of Palisade, Nebraska. Gene, along with his wife, Madeline, their son, Chuck, and Madeline's son, Fred Kotter, run a registered Hereford operation, a farm operation, and the Schroeder Gravel Company.

Schroeder attended the University of Nebraska, where he majored in Business and took many Animal Science Electives. Gene and Madeline Kotter made a start in the registered Hereford business in 1948, partners, with Prince Domino and Helsman Third bloodlines. Since then they have expanded to a large quality commercial herd which grows with a motto of Performance and Profit. The Schroeders have qualified nine Registered of Merit Feedlot carcass sires under the American Hereford Association testing program.

Improvement in the cattle industry is an ongoing process for the Schroeders. They are experimenting with embryo transfer and are currently developing a composite breed based on Hereford, Angora Gelbvieh, and Salers. They are working some racing blood into their working horse program in hopes of some future track performers.

As a promoter of youth, Gene has been involved with a number of 4-H programs and hosted numerous field days and judging clinics at the ranch. Gene holds a prominent leadership role in the cattle industry today. He has served the American Hereford Association as President, Vice-President and represents that association as a member of the Board of Directors of the National Cattlemen's Association 1981-1982. During 1981 and 1982 he served as Chairman of the Grading and Inspection Committee of the N.C.A.

Gene has been awarded several honors which include Top Farmers of America Award of Honor, Southwest Nebraska Conservation Award, Agricultural Builders Award by the McCook Chamber of Commerce, “Man of the Year in Livestock” given by the Record Stockman, Block and Bridle Honoree, Member and Ak-Sar-Ben Agricultural Achievement Award.

Gene Schroeder was presented as the 1982 Block and Bridle Club Honoree at the April 23rd Annual Banquet.

Each year Block and Bridle support the Nebraska 4-H and FFA programs by presenting awards at the Nebraska State Fair. These awards include milk and butterfat production, beef carcass, and FFA outstanding livestock exhibit.

The dairy award was won by Engelman of Jefferson County, who won both trophies for top milk production and top butterfat at the Dairy show.

The champion beef carcass at the 1982 Nebraska State Fair 4-H Show was exhibited by Brad Hibbs of Gosper County.

The East Butler FFA Chapter won the Sweepstakes Trophy for outstanding livestock exhibit during the FFA portion of the Nebraska State Fair.

The Livestock Judging Contest was held April 17, with both a Junior and Senior Division. This breakdown was determined by degree of college judging experience. Over 160 members and other individuals on campus competed for ribbons and plaques. The top senior judge, Tony Lesiak was awarded a gold watch from the Nebraska Stock Growers Association. Other winners in the Senior Division were 2) Scott Langemeier and 3) Sharon Kriewald. In the Junior Division Glenda Tvrdy placed first followed by Renee McKnight and Shane Prill. The top Junior team was Burr 2nd West with members Jeff Wardyn, Mark Wachal, Jeff Marshall and Matt Meier. Dave Oldfather and Brian DeBrie served as chairmen for the contest.
The B & B Club began its year with the annual Fall Steak Fry. It was held September 2, 1983 on the lawn of the Biochemistry & Nutrition Building. This event introduces new students to B & B and lets returning students reminisce about their summer activities. Co-chairpersons Doug Barnell and Jim Bygland reported that 300 people were served steak sandwiches, baked beans, fruit salads, and iced tea. The delicious steaks were grilled by the Animal Science Faculty and B & B advisors.

After everyone's appetite was satisfied, Animal Science Department Chairman, Dr. Irv Omtvedt welcomed prospective initiates and returning members. He introduced the Animal Science Faculty, club advisors and recognized the Animal Science Scholarship recipients. President, Jay Schroeder, introduced the new officers and Theresa Konecky, Marshal welcomed the new initiates. A slide show was presented to explain the B & B year's activities.

U of N BLOCK & BRIDLE ANNUAL, 1982-83
Cindy Jensen, Lincoln, Champion Horse Showman.

Alan Forster, Smithfield, Champion Beef Showman, Overall Champion Showman.

Jeff Langemeier, Mead, Champion Sheep Showman.

Sharon Kreiwald, North Loup, Champion Dairy Showman, Overall Reserve Showman.

Annita Fritschen, Lincoln, Champion Swine Showman.
The Little Ak-Sar-Ben Showmanship Contest was held Friday night, October 1, 1982. Once again the judging pavilion was filled with students, club members, parents, friends and faculty.

The contest is open to any university student who wants to exhibit his/her skill in showing beef, sheep, swine, dairy or horses. One week before the show each contestant is supplied, by random, an animal to train and groom. The individuals are judged on their presentation and grooming of the animal.

Little Ak-Sar-Ben is divided into two parts, “Novice” and “Expert”. The “Novice” category includes those who have never shown that species. The winners in each novice division advance to compete in the “Expert” division. The winner of each species category then compete in a final Round Robin where the Grand Champion and Reserve Champion Showmen are chosen from these five individuals.

The Overall Grand Champion was Alan Forster and Overall Reserve Champion was Sharon Kriewald.

Plaques, gold belt buckles, and ribbons were donated by Ak-Sar-Ben and presented by B & B Queen Roberta Barr. The announcers were Scott Langemeier and Tony Lesiak. Chairmen for the event were Paul Maly, Jeff Rudolph, and Jeff Miller.

Novice division winners were: Jack Dye, Horse; Tim Arkfield, Dairy; Dave Nielsen, Swine, and Brad Holen, Beef. Expert division winners were Cindy Jensen, Horse; Jeff Langemeier, Sheep; Sharon Kriewald, Dairy; Anita Fritschen, Swine; and Alan Forster, Beef.

Judges for the 1982 contest were: Al Gruenes, Colon, Dairy; Gary Kubicek, Hickman, Swine; Chuck Hennessey, Hickman, Horse; Bob Ahlschwede, Crete, Sheep; and Scott Brady, Loup City, Beef.

QUEEN CORONATION AND ALUMNI DANCE

October 1, 1982 marked the date of the Block and Bridle Queen Coronation and annual Alumni Dance. Brenda Heyden of Newport was crowned Block & Bridle Queen, and Brenda Jespersen of Hemingford was named Block & Bridle Princess. First semester initiates decorated in the East Union, with the theme "Front Street Hoedown." Over four hundred people attended the dance. Maureen Kaup served as the Mistress of Ceremonies. The queen and princess were crowned by Roberta Barr and Jennifer Uhrig, the 1982 Block and Bridle Queen and Princess.

Brenda Heyden, 21, daughter of Mr. & Mrs. Havor Heyden Newport, is a junior majoring in Agriculture Economics. She is a member of the Ag Econ Club, Alpha Zeta, Phi Eta Sigma, Farmhouse Little Sister, Alpha Lamda Delta and the UPC Events Committee. This year she served as the chairman for the club.

Brenda Jespersen, 21, daughter of Mr. & Mrs. Darwin Jespersen of Hemingford, is a junior majoring in Agriculture Economics. She is an ASU Senator, on the Ag Adviser Board, ASUN, and a Farmhouse Little Sister. This year she served as program chairman for the club.

Kathy Hulse, 21, daughter of Mr. & Mrs. Ronald Hulse Wahoo is a junior majoring in Animal Science. She is a member of the Range Management Club Jr. & Sr. Meats Judging Team. This year she served as Quarter Horse Co-Chairman.

Mary Meister, 20, daughter of Mr. & Mrs. William Meister West Point, is a junior majoring in General Agriculture. She is a member of the Women's Study Host Program and International Student Program. This year she served as assistant marshal.

Nicolette Vos, 20, daughter of Mr. Nicholas Vos of Lincoln and Theresa Vos of Stuttgart, Germany, is a junior majoring in Elementary Education. She is a Farmhouse Little Sister and the ACCENT editor. She presently the Publicity Chairman for the club.

Empty, without knowing his performance

What makes a great sire? You can look at ads, sale catalogs, breed magazines, etc., and find pictures of bulls with a listing of their winnings, yet you often know nothing of that individual’s performance or the performance of previous generations. After 20 years of performance testing our purebred Angus cattle, we know that “beauty” does not necessarily relate to performance qualities.

The same holds true in our purebred SPF Yorkshire hogs and our flock of purebred Hampshire sheep — performance counts!

Quality livestock production on our farm starts with performance records. Structural soundness and genetic superiority make a complete performance picture.

Cammack Farms
DeWitt, Nebr. 68341

Block & Bridle gives children from Lincoln a chance to see and pet farm animals annually with an event known as “Kids Day”. On October 22nd numerous kids from Lincoln day care centers and grade schools entered the Judging Pavilion where they were greeted by baby calves, a sow and litter, goats, horse, donkey and two leghorn hens.

Melissa Hynes and Jack Dye headed the exciting day of learning experiences. The kids, both young and old, appeared to have a fun day with the animals. Kool-Aide and cookies were served to the children before they left the farm life.

A big Thank You goes to the Animal Science Staff for contributing their time, animals, and effort to make it a successful event.
On October 9th the first annual Block and Bridle Horse Symposium was held at Diamond Head Ranch at Pleasant Dale, NE. More than 400 people attended — exceeding even our expectations. Short seminars were given on “Preparing and Showing the Halter Horse”, “Developing and Riding the Western Pleasure Horse”, and a speaker talked on “Unsoundness and Health in the Horse”, and “Horse Reproduction and Breeding”. Lunch was catered in by Kentucky Fried Chicken. Tours of the ranch facilities were given to everyone.

Committee chairmen Kipp Erickson and Kit Powell expressed their appreciation and urge more members to become involved with this event next year. It was a rewarding experience with knowledgable professionals who were more than willing to pass on their expertise to interested participants.

Everyone has the Christmas spirit!

**CHRISTMAS COFFEE**

The 1982 Christmas Coffee was held Friday, December 11, 1983, in the Marvel Baker Hall Library. Over 200 Animal Science faculty, graduate students, staff, and B & B members were treated to a delicious lunch of Hormel Cure 81 ham, cheese, relishes, coffee and punch.

The event was hosted by co-chairpersons Cheryl Gerdes and Liz Schipporeit.
Ham Sales was once again the primary money making project of the year. Over 22,000 pounds of Hormel Cure 81 smoked, boneless hams were sold during November and December. The club netted $3500.00 and 163 members and initiates participated. The top five salespersons were: 1) Jan Volk, 2) Jack Dye, 3) Scott Langemeier, 4) Kit Powell, and 5) Tony Lesiak. The top three teams consisted of 1) John Keller, Duane Starkey, and Jan Volk; 2) Denise Barnes, Jack Dye, and Mark Nisley; and 3) Scott Langemeier, Laurie Leonard, Willie Scheef, and Doug Wehrbein. Mark Jagels was the top November salesperson, and was also on the top team, along with Brad Rodgers, Penny Stalnaker, and Linda VanPelt.

Hams were presented to Governor Thone, Little Ak-Sar-Ben judges, and were served at Christmas Coffee.

The club owes a debt of gratitude to Dr. Roger Mandigo for his generous assistance and coordination of this project. THANK YOU also to the staff at Loeffel Meat Lab especially to the Block and Bridle’s many customers!
BB CONTENDER

Over a two-year period, "Contender" has been shown nine times, and has never been defeated in class. He had been grand champion four times and reserve grand champion twice. Never in the history of the breed has a bull done so much winning both as a calf and as a 2-year-old.

We invite you to examine this great young Chianina sire. His size, muscling, and structural correctness may be just what you need in your breeding program.

BB BUCKSHOT

Shown three times this year, "Buckshot" has been in the championship circle every time. Those who have seen him all year tell us he gets better as he gets older, and his record indicates this is true. Buckshot has a faultless pedigree, being sired by Hot Shot out of the great Delta Delight. A maternal brother and sister were calf champions of their divisions at this year's ACA National—the first time one cow has produced three different National champions the same year.

Semen available at $15 per unit.
Congratulations

BLOCK & BRIDLE CLUB

for you fine work in promoting the livestock industry

The Block and Bridle Quadrathalon was held February 11th and 12th. The final round of the quiz bowl was held February 17th at the regular meeting. The field of contestants consisted of 12 teams with each team participating in four events. These included an oral presentation, quiz bowl, written exam and lab practical. In the oral presentation event each team was allowed an hour of research and a half-hour preparation before giving their ten minute presentation to the judges. During the quiz bowl event, the teams competed against each other as toss-up questions were asked. The written exam covered animal breeding, meats nutrition, physiology, poultry, sheep, dairy, swine, beef, and horses. The lab practical consisted of ten stations where various situations were discussed and performed. These situations were swine breeding problems, evaluation of dairy sires, saddling a horse and problems and techniques of reproduction. The top team, R.B.’s Last Chance consisted of Jan Volk, Ralph Robinson, Jeff Miller, and Scott Langemeier. This team represented Nebraska at the Midwest Regional Contest in Chicago March 20-22.

Ralph Robinson, Jeff Miller, Scott Langemeier, Jan Volk and the ever faithful R.B. Warren — The Winners!

There were approximately 350 AQHA & 80 Cutting entries on hand for the 28th Annual Block & Bridle Club AQHA, NCHA, QHAN, CHAN, & WSCHA approved Quarter Horse Show, held April 7 & 8, 1983 at the State Fairgrounds Coliseum in Lincoln. Starting at 8:00 a.m., Thursday morning with halter & showmanship classes, and youth performance events after lunch, the day wound up at 1:00 a.m. when the evening's NCHA approved cutting contest was completed.

On Friday, April 8, the Adult performance classes were held in the morning while barrel racing, pole bending, calf roping and heading and heeling rounded out the two-day show Friday afternoon.

This year's judge for the 29 AQHA classes was Lance Milligan, a roping and reining horse trainer from Aurora, Colorado. Kenneth Jackson of Galatia, Illinois, also a trainer, judged the six NCHA and CHAN approved cutting classes Thursday night.

The highlight of the show was the presentation of the trophy saddle to the All-Around horse. A Stallion named Country Oak Star took the honors this year. He is owned by the Country Oak Star Syndicate, Alberta, Canada, and shown by Kent & Linda Martin.

A big thank you goes to trophy saddle sponsors Dwayne Lewis, Kearney, NE, Jim Crawford, Lexington, NE, and the UN Block & Bridle Club, and to all of the people who sponsored classes for the show.

Mary Meister gets Bill Wilkin's name and PHONE NO.

Things look pretty busy at the announcer's desk during the show.
This year's All-Around Horse honors went to Country Oak Star, owned by Country Oak Star Syndicate, Alberta, Canada. At the head are exhibitors Kent and Lindsay Martin. From right is Co-Chairman Mike Cull, B&B Queen Brenda Heyden, Judge Lance Milligan, & Co-Chairmen Kathy Hulse & Brian DeBrie.

Paul Berger, Jack Dye, and Terry Maul, get a bird's eye view of the calf roping.

Our judge Lance Milligan and Ringman Tony Lesiak had their hands full.

Champion Junior Showman award being presented to Troy Wehrbein.

The crowd's favorite!

Bob Cheney is shown receiving his banner for Champion Market Steer.

Champion Senior Showman award being presented to Jason Berg.

The tenth Annual Big Red Beef Show was held on Saturday, April 2nd, at the Nebraska State Fairgrounds open class beef barn. The show included 232 entries and 159 exhibitors.

This year the Nebraska Junior Shorthorn Association held their show in conjunction with the Big Red Beef Show. They had 20 entries and 13 exhibitors.

Professor R. B. Warren, from the University of Nebraska, was the distinguished judge of the show.

Awards were presented to the winners in Market heifer, British Breed steer, and Market steer. Breeding heifers also received awards and were judged in six major divisions including Angus, Hereford, Charolais, Shorthorn, Simmental, and Commercial classes. Divisions of Showmanship were Senior, Intermediate, and Junior, with first place showmen receiving trophy belt buckles, second place showsticks, and third place brushes.

Co-chairman of this year's Big Red Beef Show were Mark Jagels, Mark Nisley, and Ralph Robinson.
Mike Roeber is shown receiving his banner for Champion Market Heifer.

Race for the roses!

The distinguished R. B. Warren is talking things over with a concerned showman’s father.

Champion Intermediate Showman award being presented to Rick Frenzen.

The 1983 Seniors
wish Block & Bridle
Best of Luck
in the future!
I face a new challenge. . . .
As each one of us takes a new direction,
We look back on the past.
The memories and fun,
the work and success.
Friends — old and new,
We have struggled and faced many a challenge
But together we have achieved success.
For tomorrow I face a new horizon and new people,
I face a new challenge.
But I will always remember
and cherish the lasting memories that will help
me face my new challenges.

To get SPF hogs...

THERE IS NO PLACE LIKE NEBRASKA

No place else on earth are SPF breeding swine produced with the stringent requirements for performance and quality (as well as health) that are demanded by the NEBRASKA accreditation program.

To be accredited as Nebraska SPF breeding hogs, these animals must meet all the performance standards set forth by the National Swine Improvement Federation. And Nebraska is the only place where SPF swine are produced under such demanding requirements.

You can be sure of all three — Health, Performance, Quality — when you get Nebraska SPF boars and gilts.
