We would like to salute the BLOCK AND BRIDLE CLUB, its members, and advisors for a tremendous year!

For over ninety years the Geo. A. Hormel & Company has taken great pride in producing the highest quality meat products possible for the consumer.

Geo. A. Hormel & Company is co-sponsor of Nebraska’s largest hog show, the Midwest Market Barrow Show, which will be held on Saturday, March 31, 1984, at Fremont, Nebraska.

Geo. A. Hormel & Company buys hogs on a grade and yield basis to provide the hog producer a maximum return for their top quality hogs.

Geo. A. Hormel & Co.
P. O. Box 69
Fremont, NE 68025
Welcome to the pages of the 1983-84 University of Nebraska Block and Bridle Annual. It is with great pride that we bring this annual to you. We feel that this past year has been an outstanding year for our club. This annual contains the highlights of the Block & Bridle Club's Animal Science and community activities. 1983-84 saw the initiation of many new members into the club and enjoyment in every activity we hosted.

We, as the editors feel that this annual is more than a yearbook or a collection of pictures and words. This annual is a representation of the long hours and hard work put forth by B & B members, advisors, other students and people who are dedicated to promoting and advancing the Animal Science industry.

As the editors, we wish to thank the members who sold ads. We also wish to thank the advertisers who placed their confidence in our club. A special thanks goes to the Animal Science faculty and advisors for their sincerity in helping us. It is through this annual that we will look back at the activities of this past year and cherish fond memories. Now kick back, put your feet up, and browse through the pages of the University of Nebraska Block and Bridle Annual!

The Block & Bridle Emblem is significant to club members. It represents the principles on which this club is built. Character, sincerity, and a moral life are asked of members when they join and are depicted in the straight perpendicular of the “B.” The distinct curves of the “B” are symbolic of the social pleasure, mental energy and determination of members.

The meat block represents the material aspects of our life. The bridle stands for the behavior of Block and Bridle members, the control over ourselves that we try to maintain, the mannerisms and respect we show toward others, and the way which we treat animals.

**PURPOSE**

On December 2, 1919, student representatives from four animal husbandry clubs met in Chicago, Illinois, and formed the National Block and Bridle Club, the local clubs becoming chapters in the new national organization. Nebraska was a charter chapter along with Iowa, Kansas, and Missouri. During this meeting the chapters formed a constitution which included a statement of the clubs objectives. They are (1) To promote a higher scholastic standard among students of Animal Husbandry, (2) To promote animal husbandry, especially all phases, of student animal husbandry work in colleges and universities, (3) To bring about a closer relationship among the men and women pursuing some phase of animal husbandry as a profession.

The Nebraska Chapter of Block and Bridle Club has experienced a year of meaningful and enjoyable activities in the interest of Animal Science. This Annual is a reflection of our growing in the developing of leadership, integrity, scholarship, fellowship, cooperation, and participation. Through these activities we will grow and be better able to serve the Animal Science Industry.

Membership in the Block and Bridle Club is open to any student of agriculture, on the college level, who has a sincere interest in Animal Science.
April 3, 1984

Dear Block & Bridle Club Members:

Congratulations to each member and to your officers for making this one of the University of Nebraska Block & Bridle Club's most successful years. The Animal Science Department faculty and staff appreciate your very valuable contributions to the University and the Animal Science Department.

We are extremely proud of the recognition you received as outstanding Block & Bridle chapter in the country at this year's national convention. Such recognition is earned only through the wide variety of opportunities you have given your members: well attended biweekly club meetings, fall steak fry, Little Ak-Sar-Ben, ham sales for fund raising, attendance at national convention, local academic quadrathlon, quarter horse show, beef cattle show, spring trip and honors banquet. All of these activities and events have given you the opportunity for service and demonstration of leadership potential. This year's officers deserve special commendation for their leadership in carrying out the club's activities. Participation in extracurricular activities such as those the Block & Bridle Club sponsors is an extremely important part of undergraduate student education and development.

Replacement of outdated animal science teaching and livestock housing facilities on East Campus has been a priority of the Department for several years. Completion of the Animal Science Complex will now be a reality with approval of construction funding by the 1984 State Legislature and its signing by Governor Kerrey. The Block & Bridle Club has played an important role in promoting this project and in helping to inform their senators and citizens of the state of the Department's needs. Future generations of undergraduate students will receive the benefits of your efforts through the improved teaching and research facilities that will be available to our Department.

The University of Nebraska Block & Bridle Club is a key part of the total Animal Science program at the University. I salute you for your contributions and accomplishments and wish each member of the Block & Bridle Club the greatest success in your future endeavors.

Sincerely,

Elton D. Aberle
Department Head
The University of Nebraska Block & Bridle Club has enjoyed one of it's most successful and exciting years. As Presidents, it has been truly an honor to serve and work with the members of the most active and largest club at the University of Nebraska.

Every member should be proud of the part they have played in the success of the club's activities. The club serves a vital role at the University as well as in the future of the Livestock Industry. This role can only be fulfilled by the hard work put forth by each member.

As in any successful organization, the foundation is built upon the wisdom and efforts of the advisors, and the enthusiasm of the members and executives. We encourage you to build upon this foundation which forms a strong club and later allows you to receive local and national recognition as a just reward for the efforts you have put forth.

We are proud of the recognition we have received, however no level of recognition can truly measure the quality of the individuals which make up our club.

This club has given us many friends, many good times, and many valuable memories, all of which we will never forget. Most of all, we wish the best of luck to the club in it's activities and endeavors in the years to come.

Yours truly,

Doug Barnell

Third Row: John Struwe, Enrique Abreu, John Olthoff, Gary Asche, Doug Zalesky, Jack Kopf.
Fourth Row: Joe Hancock, Joel Brendemuhl, Dave Green, Joe Crenshaw, Victor Wilkerson, Dale Hill, Doug Burrin, Jim Lamkey.

SECRETARIES

Seated (left to right): Alice Teter, Jane Ossenkop, Kaye Peterson, Diana Smith, Rene Gellatly. Standing: Lois Botts, Cheryl Rieck, Minnie Royal, Tammie Virus, Mary Jacobs, Vicky Kobes, Beth Honnen, Deb Mason, Joann Ortiz, Leo Shandera.
The purpose of the committee is to meet as a group to freely discuss ideas, activities, problems, and questions which come up between students and the department. Some of the items discussed at this year's meetings included the Animal Science Completion Project and curriculum changes. Throughout the year the 7 a.m. monthly meetings produced many interesting ideas and suggestions, despite the early hour.

To promote better communications between the Block and Bridle Club and the Animal Science Department, the Block and Bridle-Animal Science Liaison Committee was formed. The club's executive committee selected two members to represent each class. Dr. Elton Aberle (Department Head), Dr. Johnson (Sr. Advisor), the class representatives and the club's presidents make up the committee.

Seated (left to right): Dirk Jones, Freshman Class; Doug Barnell, First Semester President; LaRee Witte, Freshman Class; Bob Duer, Junior Class. Standing (left to right): Mary Meister, Senior Class; John Langemeier, Second Semester President. Not pictured: Kent Anderson, Junior Class; Chris Baum, Sophomore Class; Larry Miller, Sophomore Class; Rodger Johnson, Advisor; Dr. Elton Aberle, Department Head.

The Animal Science Completion Project is a three part complex which is essential to the quality of the education we receive as Animal Science students.

The first part consists of the construction of classroom, laboratory, and office space. The second is the addition of intensive research facilities to Marvel Baker Hall. The third part contains dividable teaching center and indoor and outdoor livestock holding structures.

The Animal Science Completion Project has taken some important steps toward becoming a reality for the University of Nebraska this past year. Through the efforts of a host of individuals, money has been made available for the planning and design of the complex. During the fall, the Regents have selected the architects who will be working on that design. The Block and Bridle Club and its members have been busy writing letters to the Governor and the Legislature to request that money for the project be put in their upcoming budget. The Club is also working hard to increase the awareness of the need for the facility by giving tours and talking to as many people as possible. We hope that by next year we will be discussing the progress of the construction rather than when that construction will start.

As of April 1, 1984, Legislature passed the bill and construction will soon begin!

Dr. Mandigo showed detailed drawings of the project at the fall club meeting.

Marvel Baker Hall, the present home of the Animal Science Department, built in 1967.
Here’s a plan for healthy livestock

It’s this simple. This year consult regularly with your veterinarian.

When it comes to the prevention, diagnosis and treatment of animal diseases, your veterinarian is the trained professional. Call your veterinarian early at the first sign of possible sickness to keep disease from establishing a foothold in your herd or flock.

Your veterinarian is ready to consult with you at your earliest opportunity to help keep your livestock—and pets, too—healthy and productive.

September 8, 1983  Steak Fry. A short business meeting was held and the Animal Science faculty were introduced.

September 22, 1983  A business meeting was held, animal science liason representatives were elected, and the members, initiates and advisors all introduced themselves.

October 6, 1983  Voting for B & B Queen took place, and Ron Hanson from the Ag Economics department gave a talk on family farm relations.

October 20, 1983  It was announced that work is to begin on the scrapbook, and Dr. Roger Mandigo talked on the Animal Science Completion Project.

November 3, 1983  The new B & B Queen and Princess were announced, a slide show of the year's activities was given, and Dr. Ned Raun of Winrock International spoke on international agriculture.

November 17, 1983  A business meeting was held and Rex Messersmith talked about European agriculture.

December 1, 1983  Initiation of fall initiates took place, and nominations for Spring 1984 officers were held.

December 8, 1983  Election of officers for the Spring semester took place and the Fall semester officers were sold in a slave auction.

January 19, 1984  The spring initiates were introduced and a report on the National Meetings was given.

February 2, 1984  A short business meeting was held, a speaker from TUCC-Upjohn gave a talk on job preparation, and a pizza feed followed the meeting.

February 16, 1984  Quadrathalon finals followed a short business meeting.

March 1, 1984  Discussion was focused on upcoming spring events. Announcement of the Honoree was made.

March 15, 1984  Finalizations were made concerning Spring Tour and the QH Show and Beef Show were main topics of discussion.

March 22, 1984  A business meeting was held with the QH Show and Beef Show finalizing preparations.

April 12, 1984  Initiation of the spring initiates took place along with nominations for fall officers.

April 26, 1984  A short business meeting was held and election of fall officers took place. The spring officers were auctioned off in a slave auction.

Regional meetings were held in Manhattan, Kansas on October 21 and 22, 1983. Eleven members of the Nebraska chapter of Block and Bridle attended the North Central Regional Conference meetings along with their sponsor and advisor Dr. Kinder.

Following registration Friday evening a mixer was held in Aggieville. On Saturday morning the meetings began with a breakfast. Each club then presented a slide show on their chapter's activities and a rap session was held on own Block & Bridle clubs and their success' and failures. After lunch we listened to a speaker and broke into small group discussions and workshops. Following a tour of the K-State campus and Animal Science facilities, a pig barbeque was held with a dance and social hour afterwards. The 1984 regional meetings will be held here at the University of Nebraska.
National meetings were held in Denver, Colorado January 10-12, 1983. Eleven members of Block and Bridle attended the activities and meetings of the Sixty-fourth National Block and Bridle Meeting along with Dr. Rodger Johnson.

Following registration on Monday evening, Tuesday was filled with a day of skiing at Winter Park, Colorado for the entire group of delegates from all over the country. On Wednesday several tours were held and the Nebraska group traveled to Monfort and Farr Feedlots along with other various stops. Wednesday evening was spent at the National Western Stock Show Rodeo and a dance was sponsored by the Limousin Association. Thursday was the day for various speakers on the Animal Science Industry and club involvement. The University of Nebraska gave a slide show presentation of chapter activities, and also presented our ideas on chapter yearbooks and the published annual yearbook.

In the awards ceremony following lunch on Thursday, Nebraska placed first in chapter activities, second in scrapbook, and second in published annual yearbook. Greg Ibach also received honorable mention in the Junior scholarship award. A fun time was had by all and the awards received were shared by the entire club of Nebraska's Block and Bridle Chapter.

Fit 11 sows into the space for 10 sows
That's a Sand System!

Instead of putting more of your money into buildings, a Sand system helps you put it into more sows.

How?
One example: by eliminating much off the waste space in farrowing crates. We brought the sides up front around the feeder. Result — sows have just as much room as before...pigs have more. And you get the savings in building costs, heating, cooling, other efficiencies that come from being able to handle 11 crates in the same space normally required for only 10 crates.

Helping make your sow management more efficient is just one of many newer concepts designed into Sand systems. Concepts proved in nearly 15 years of industry leadership. Let us know your requirements. And how we can serve you.

Our outgoing Senior Advisor, Larry Larsen giving his farewell speech.

President Scott Langemeier presenting this year's Honoree Dick Sorenson with a portrait of himself.
Outstanding Senior Award

Sharon Kriewald, an Agriculture Honors major, was the recipient of the Senior Scholarship Award. Sharon came to UNL from North Loup, Nebraska and participated in numerous Block and Bridle Activities.

As a member, Sharon served as the Historian and on the Animal Science Liaison Committee. She was a Queen Candidate and a competitor on the 2nd place Quadrathalon team. She also took part in the Livestock and Meats Judging Contests. Sharon's list of activities continues as she is a member of Mortar Board, Alpha Zeta, Alpha Lambda Delta and Phi Eta Sigma Honor Societies. She was also on Ag Advisory Board, Pre-Vet Club and the UNL Meats and Livestock Judging teams.

Junior Scholarship Award

Greg Ibach is the Junior Scholarship winner. Greg is an Animal Science major from Sumner, Nebraska. Greg is involved in Block and Bridle as well as other campus activities.

As a member, Greg served as Historian, Assistant Marshall, and Outreach Committee Chairman, as well as on many committees. In addition, Greg was a member of Farm House Fraternity, Government Liaison Committee, 1982 All University Homecoming Committee, Ag Careers Day Chairman, Junior Meats Judging Team, the UNL Speech Team, Alpha Zeta and Gamma Sigma Delta.

Also, Greg received the Junior Meats Judging Scholarship as well as many other scholarships.
Dick Sorensen was born May 6, 1936, in Wayne, Nebraska. He grew up only 1/4 mile from his present home, where he was involved in farming with his father. He now lives with his wife, Judy, and son, Steve. All three, along with herdsman Aaron Schuett, work together to make Greenview Farms a successful hog operation.

After attending Wayne High School, Dick served for a time in the army, and then returned to northeast Nebraska to raise hogs with his father. Because of rhinitis problems in their swine herd, he decided to raise Specific Pathogen Free hogs and eliminate this and other disease problems. This would make their quality breeding stock more valuable to both commercial and purebred breeders. Dick raised both Hampshire and Durocs until 1973, and has since maintained purebred Durocs coupled with about 50 crossbred litters each year, using Yorkshire and Landrace boars. Sorensen utilizes a pasture system combined with confinement to maximize efficiency. Breeding stock is merchandised primarily to commercial producers throughout the Midwest. Because of the demand for healthy SPF pigs, many hogs are also exported to other countries.

Along with making a name for himself in the seedstock business, Dick Sorensen has been an outstanding industry leader. He was a pioneer in laying the groundwork for the Nebraska Swine Council in 1961, and later served as the fourth president of that organization. It is now known as the Nebraska Pork Producers Association. Dick's leadership abilities also carried him to the presidency of the Nebraska SPF Swine Accrediting Agency.

In 1966, Dick was one of a small group of pork producers from across the nation that journeyed to Moline, Illinois, to form the National Pork Producers Council. He was one of a handful of producers that donated "seed money" to get that organization going. It is now the largest commodity organization in the country.

Recognition by the Jaycees as the Area and then State Outstanding Young Farmer is evidence of Sorensen's well-managed operation. Dick has received numerous other awards, including the prestigious Pork All-American Award, Omaha Chamber of Commerce Mid America Forum Merit Award, Nebraska Pork Producers Builders Award, Outstanding Young Men of America, Nebraska SPF Producers Award, and WNAX Good Neighbor Award. He serves on the University of Nebraska Agriculture Advisory Council and 2001 Advisory Committee and is a member of the Northeast Technical Community College Advisory Council.

Dick Sorensen was presented as the 1983 Honoree at the April 22nd Awards Banquet.

STATE FAIR AWARDS

Each year Block & Bridle supports the Nebraska 4-H and FFA programs by presenting awards at the Nebraska State Fair. These awards include top milk production and butterfat production, top beef carcass, and FFA outstanding livestock exhibit.

Patty Wait of Fullerton was this year's winner of the trophy for highest butterfat production by a 4-H project cow at the state fair 4-H dairy show.

The winner of the trophy for highest milk production from a 4-H project cow at the state fair 4-H dairy show was won by Greg Isaacs of Unadilla.

Pamela Peterson of Minden was the winner of the trophy for grand champion 4-H beef carcass.

The East Butler FFA Chapter won the Sweepstakes Trophy for the outstanding livestock exhibit during the FFA portion of the State Fair.
The B & B Club began its year with the annual Fall Steak Fry. It was held September 8, 1983 on the lawn of the Biochemistry & Nutrition Building. This event introduces new students to B & B and lets returning students reminisce about their summer activities. Co-chairpersons Brian DeBrie and Denise Barnes reported that 250 people were served steak sandwiches, baked beans, fruit salads, and iced tea. The delicious steaks were grilled by the Animal Science Faculty and B & B advisors.

After everyone's appetite was satisfied, Animal Science Department Chairman, Dr. Elton Aberle welcomed prospective initiates and returning members. He introduced the Animal Science Faculty, club advisors and recognized the Animal Science Scholarship recipients. President, Doug Barnell, introduced the new officers and Marshal, Mike Cull welcomed the new initiates. A slide show was presented to explain the B & B year's activities.

ADM FEEDS
With the clatter of clippers and brushes flying, the contestants of the Little Ak-Sar-Ben Showmanship Contest prepared their animals for the annual event. On Friday night, October 14, 1983, students and club members, parents and friends, and faculty filled the judging pavillion.

The contest is open to any university student who wants to exhibit his/her skill in showing beef, sheep, swine, dairy, or horses. One week before the show each contestant is supplied, by random, an animal to train and groom. The individuals are judged on their presentation and grooming of the animal.

Little Ak-Sar-Ben is divided into two parts, "Novice" and "Expert." The "Novice" category includes those who have never shown that species. The winners in each novice division advance to compete in the "Expert" division. The winner of each species category then competes in a final Round Robin where the Grand Champion and Reserve Champion Showmen are chosen from these five individuals.

This year's Overall Grand Champion was Dick Jones of Grand Island, followed by Terry Maul of Kearney as the Overall Reserve Champion.

Plaques, gold belt buckles, and ribbons were donated by Ak-Sar-Ben and presented by Block and Bridle Princess Brenda Jespersen. The announcer was Paul Berger. Chairmen for the event were Marc Bauer, Chuck Baum, and Ken Miller.

"Novice" division winners were: Beef, Cindy Jensen; Sheep, Vonda Pelster; Swine, Denise Garey; Dairy, Deb Scholz; Horse, Jay Wolverton. "Expert" division winners were: Beef, Lois Vech; Sheep, Dirk Jones; Swine, Terry Maul; Dairy, Tracy Mohr; Horse, Christy Jensen. Judges for the 1983 contest were: Sheep — Bob Engel, Geneva; Beef — Patti Wilson, Riverdale; Swine — Allen Krivohalvek, Dorchester; Dairy — Randy Steinhausen, Lincoln; Horse — Gene Bergen, Henderson.

Dirk Jones, Grand Island,
Champion Sheep Showman,
Overall Champion Showman.

Terry Maul, Kearney,
Champion Swine Showman,
Overall Reserve Showman.
Christy Jensen, Lincoln, Champion Horse Showman.

Lois Vech, Ericson, Champion Beef Showman.

Mike Cull, Oakland, Champion "Other Species" Showman.

Way to handle those hens, guys!

Huckfeldt Brangus
Any Country is Brangus Country

We are proud to announce the recent purchase of a semen interest in Brinks Silver Bravo. He will be used with some of the outstanding females in the Huckfeldt Krebs herd. The tremendous success of the Brangus breed is the result of a commitment to excellence. A commitment to the development of Brangus that consistently produce for both the registered breeder and the commercial cattleman. Brangus cattle have no geographical limitations while nothing is more useable in today's industry than a Brangus sired calf. Let Brangus stabilize that "just right" amount of ear in your herd.

We're proud to announce that "Anchorman" sired the top selling and Grand Champion Pen of Gelbvieh Feeder Calves at the National Western. Congratulations breeder Arlo Bowen, Keeline, Wyoming.

We also exhibited the Reserve Champion Percentage Female at the '83 National Show.

Remember, Anchorman is your fullblood Gelbvieh show sire.

U of N BLOCK & BRIDLE ANNUAL, 1983-84
October 29, 1983 marked the date of the Block and Bridle Queen Coronation and annual Alumni Dance. Johna Klug of Maxwell was crowned Block and Bridle Queen, and Melissa Hynes of Harvard was named Block and Bridle Princess. First semester initiates decorated in the East Union, with the theme “Husker Hoedown”. Over 250 people attended the dance. Mary Meister served as the Mistress of Ceremonies. The queen and princess were crowned by Brenda Heyden and Brenda Jesperson, the 1983 Block and Bridle Queen and Princess.
From Left to Right: Denise Barnes, 19, daughter of Mr. & Mrs. Dennis Barnes of Louisville, is a sophomore majoring in Agriculture Economics and Animal Science. She is a member of the Ag Econ Club, Ag Partners, Farmhouse Little Sister and the Kappa Delta Sorority. This year she served as Steak Fry co-chairperson for the club.

Brenda Leisy, 20 daughter of Mr. & Mrs. Don Leisy of Wisner, is a junior majoring in Animal Science. She is a member of Alpha Xi Delta sorority, Jr. & Sr. Meats Judging Team, P.E.O., UPC-Dances and Cornstock Committee, and the East Campus choir. This year she served as Christmas Coffee Chairperson.

Kim Miller, 20, daughter of Mr. & Mrs. Roland Miller of Culbertson, is a junior majoring in Animal Science. She is a member of UPC-Dances & Cornstock Committee, Special Presentations Team, and Intramural Sports. This year she served as Quadrathalon co-chairperson.

Johna Klug, 20 daughter of Mr. & Mrs. Ted Klug of Maxwell, is a junior majoring in General Agriculture. She is an Alpha Gamma Rho little sister and participates in co-rec. sports.

Melissa Hynes, 20, daughter of Mr. & Mrs. James Hynes of Harvard, is a junior majoring in Consumer Affairs. She is a member of Consumer Affairs Major Club, America Home Economic Association, and UPC-Concert Committee Dances & Cornstock. She is currently serving as Historian for the club.

Sandy Hotovy, 20, daughter of Mr. & Mrs. Julius Hotovy of Dwight, is a junior majoring in Animal Science. She is a member of Alpha Lambda Delta, Phi Eta Sigma, UNL Marching Band Flag Corps, Agriculture Deans list, and dorm floor activities. This year she served as Assistant Historian for the club.

Block & Bridle gives children from Lincoln a chance to see and pet farm animals annually with an event known as "Kids Day". On October 8th numerous kids from Lincoln day care centers and grade schools entered the Judging Pavilion where they were greeted by baby calves, a sow and litter, goats, horse, donkey and two leghorn hens.

Julie Scheideler and Brain Katz headed the exciting day of learning experiences. The kids, both young and old, appeared to have a fun day with the animals. Kool-Aide and cookies were served to the children before they left the farm life.

A big Thank You goes to the Animal Science Staff for contributing their time, animals, and effort to make it a successful event.
HORSE SYMPOSIUM

On October 8th, the second annual Block and Bridle Horse Symposium was held at Diamond Head Ranch at Pleasant Dale, NE. More than 100 people attended.

Short seminars were given on “Nutrition” and “Unsoundness of Feet and Legs”, and demonstrations were given on “Flexing” and “Draft Horses”.

Committee chairman Norma Harris expressed her appreciation and urged more members to become involved with this event next year.

Commanding the day — our own Norma Harris.

A demonstration of flexing properly.

The 1983 Christmas Coffee was held Friday, December 9, 1983 in the Marvel Baker Hall Library. Over 200 Animal Science faculty, graduate students, staff, and B & B members were treated to a delicious lunch of Hormel Cure 81 ham, cheese, relishes, coffee and punch.

The event was hosted by co-chairpersons Brenda Leisy and Jennifer Abrahamson.
HAM SALES

Governor Kerry is presented the first ham by Co-Chairpersons Mark Nisley, Jack Dye and Kathy Hulse.

Ham sales was once again the primary money making project of the year. Over 22,000 pounds of Hormel Cure 81 smoked, boneless hams were sold during November and December. The club netted $3500.00 and 163 members and initiates participated. The top ten salespersons were: 1) Jack Dye, 2) Kit Powell, 3) Kevin Pentz, 4) Scott Anderson, 5) Mary Meister, 6) Mark Jagels, 7) Mark Nisley, 8) Linda Van Pelt, 9) Brenda Heyden, 10) Sandra Hotovy.

Hams were presented to Governor Kerry and were served at Christmas Coffee. The club owes a debt of gratitude to Dr. Roger Mandigo for his generous assistance and coordination of this project. THANK YOU also to the staff at Loeffel Meat Lab especially to the Block & Bridle's many customers!
Congratulations to the UNL Block & Bridle Club for its outstanding accomplishments, and good luck to the B & B members in their future livestock careers.

QUADRATHALON

The Block and Bridle Quadrathalon was held February 10 and 11. The final round of the quiz bowl was held February 16 at the regular meeting. The field of contestants consisted of 9 teams with each team participating in four events. These included an oral presentation, quiz bowl, written exam and lab practical. In oral presentation event each team was allowed an hour of research and a half-hour of preparation before giving their ten minute presentation to the judges. During the quiz bowl event, two teams competed against each other as toss-up questions were asked. The written exam covered animal breeding, meats nutrition, physiology, poultry, sheep, dairy, swine, beef, and horses. The lab practical consisted of ten stations where various situations were discussed and preformed. These situations were swine breeding problems, evaluation of dairy sires, saddling a horse and problems and techniques of reproduction. The top team, Brink's Brigade consisted of Jess Miner, Marc Bauer, Greg Ibach, and John Kube. This team represented Nebraska at the Midwest Regional contest in Chicago on March 25-26. They tied for first place and won the lab practical and quiz bowl.

The Winning Team

Brink’s Brigade

Final Standings

Oral Presentation
1. Brink's Brigade (Bauer, Miner, Kube, Ibach)
2. Sky Blue Crew (Jagels, Peterson, Hotovy, Klug)
3. UN Barn Crew (Dye, Berger, Sindt, Martin)
4. Southeast Cowboys (Keebler, Dorn, Schlake, Nisley)

Written Exam
1. Brink's Brigade (Bauer, Miner, Kube, Ibach)
2. UN Barn Crew (Dye, Berger, Sindt, Martin)
3. Boar Board (Bechtel, Acton, Mencke, Kyser)
4. Southeast Cowboys (Keebler, Dorn, Schlake, Nisley)

Lab Practical
1. Brink's Brigade (Bauer, Miner, Kube, Ibach)
2. UN Barn Crew (Dye, Berger, Sindt, Martin)
3. Cooler Rats (Anderson, Miller, Reynolds, Starkey)
4. Alfa-falfa-hey (Duer, Rudolph, Christenson, Gibbons)

Quiz Bowl
1. Brink's Brigade (Bauer, Miner, Kube, Ibach)
2. Cooler Rats (Anderson, Miller, Reynolds, Starkey)
3. Sky Blue Crew (Jagels, Peterson, Hotovy, Klug)
4. SWAG (Baum, Wichmann, Guttinger, Witte)

Overall
1. Brink's Brigade (Bauer, Miner, Kube, Ibach)
2. UN Barn Crew (Dye, Berger, Sindt, Martin)
3. Cooler Rats (Anderson, Miller, Reynolds, Starkey)
4. Sky Blue Crew (Jagels, Peterson, Hotovy, Klug)
Well — what do ya' think guys?

Dr. Elton Aberle, Head of the Animal Science Department investigates the poultry part of the Lab Practical.

What's the big attraction?

The UN Barn Crew hasn't thought this hard on a question all year!

Hey guys — Look at this!

As you can see — there is some fowl play involved with the Quadrathalon.
The Meats Contest was held February 18, 1984 at the Loeffel Meat Lab. The contest consisted of a Junior and Senior Division. Duane Starkey won the top Senior Division and Susan Borgelt took first place in the Junior Division. Many fine Block & Bridle members participated in the event. Larry Miller served as Chairman of the event. The contest was a great learning experience and more people should go judge next year.
The Livestock Judging Contest was held April 16, 1983 with both a Junior and Senior Division. This breakdown was determined by the degree of college judging experience. Over 120 members and other individuals on campus competed for ribbons and plaques. The top senior judge was Paul Berger. Other winners in the Senior Division were 2) Jeff Menke and 3) Terry Maul. In the Junior Division, Eric Clark placed first followed by Brian Brown and Andrew Kliewer. The top Junior team was “Independents #1”, which included Dave Ference, Tracil Power, Keith Lund, and Eldon Elson. Serving as the chairmen are Terry Keebler and Craig Uden.
Forty-five enthusiastic Block & Bridle members boarded the bus on March 23rd and headed out for four fun-filled days on spring tour. Our first stop was just south of Lincoln at Golden Link Simmentals of Firth. This is also the headquarters of the Barrister Breeders franchise. Harlan Doeschot presented a video on the Barrister program and we got to see the herd bulls. We had to take the long way around to get to our next stop because of a low weight limit bridge, but we finally made it to Waldo Farms, just south of DeWitt, NE. Willard Waldo gave us a quick tour of some of their facilities and then treated us to a delicious pork supper. From there we went south to Manhattan, Kansas and spent the evening.

Saturday morning was a quiet one on the bus, with most people catching up on lost sleep. Our first stop of the day was at Glenkirk Farms of Maysville, Missouri. Glen Klippenstein spoke to us about their registered Hereford and Angus operation. Glenkirk Farms also treated us to a beef dinner in downtown Maysville. From there we traveled to Bethel, MO to tour Perry Farms registered Duroc hogs. After that, we traveled to see Doak’s registered Southdown sheep. The Doaks also treated us to a lambburger barbeque. Then it was on to Columbia to meet some of the members of the University of Missouri Block & Bridle Club. Most everyone had a fun evening on the town.

Sunday morning we stumbled out of bed and went to see some Missouri jumping mules on the edge of Columbia. This perked everyone right up and then we toured the University of Missouri’s Animal Science and Equine facilities. After a buffet dinner in Columbia, we headed to Concordia and a very interesting tour of Gary Martin’s commercial dairy operation. From there we went to Greenwood to tour Cowplex, a corporate dairy. We spent the night at Blue Springs, Missouri, a suburb of Kansas City.

Monday morning we peeled our eyes open and headed for the Gary Faust stable at Liberty, MO. Some very impressive Quarter Horses caught our eye and had everyone interested. Then it was on to St. Joseph and a stop at the Stetson Factory Outlet Store. Some of the members bought hats, which everyone had to try on as we traveled back to Lincoln. It was a great tour, and we hope more people can join us next year!

The Rowdy Bunch!
Sandy Johnson, a former UN Block & Bridle member, explains some of the experiments they are running at U of Missouri.

Our bus driver, Ken, checking out the cows at the Gary Martins dairy farm.

A Missouri Jumping Mule in action!

Willard Waldo of Waldo Farms

Y'all come back now, y'hear.

Linda finds a friend at the Doak Sheep Farm.
There were approximately 310 AQHA & Cutting entries on hand for the 29th Annual Block & Bridle Club AQHA, NCHA, QHAN, CHAN, & WSCHA approved Quarter Horse Show, held April 5 & 6, 1984 at the State Fairgrounds Coliseum in Lincoln. Starting at 8:00 a.m., Thursday morning with halter classes, pleasure and horsemanship, the day ended at 11:00 p.m., when the evening’s NCHA approved cutting contest was completed.

On Friday, April 6, reining, barrels and poles were in the morning, with the heading and heeling rounding out the two day show.

This year’s judges for the show were Jim Heird, an Animal Science Professor for Texas Tech University from Shallow Water, Texas for the AQHA classes and Lowell Ferrell of Imperial, Nebraska judged the NCHA and CHAN cutting classes. Lowell is one of the best horse trainers in the area.

The highlight of the show was the presentation of the trophy saddle to the All-Around Horse. A mare named Madam Miss Joe took the honors this year. She is owned by Howard Pitzer of Ericson, Nebraska, and shown by Gary Campbell.

A big thank you goes to trophy saddle sponsors Chase County Bank & Trust Co., Farmers Merchant Bank of Imperial, and the Wauneta Falls Bank. Also, a big thanks goes to all the fine class sponsors:

BLOCK AND BRIDLE
THANKS THE FOLLOWING SPONSORS
The eleventh annual Big Red Beef Show was held on Saturday, April 7th, at the Nebraska State Fairgrounds open class beef barn. The show included 189 entries and 132 exhibitors. Scott Brady, County Extension Agent for Sherman County, judged the show.

Awards were presented to the winners in Market Heifer, British Breed Steer, and Market Steer. Breeding Heifers also received awards and were judged in six major divisions including Shorthorn, Angus, Hereford, Simmental, Chianina, and Commercial. The divisions of Showmanship were Senior, Intermediate, and Junior, with the top two winners in each division winning plaques.

Co-chairman of this years Big Red Beef Show were Paul Berger, Jeff Manke, and Kent Anderson.
the future belongs to  

**JUNIOR**  
Limosusin breeders

Junior Limousin breeders in every part of the country are enjoying success with their Limousin heifers. Each summer, junior Limousin breeders from across the U.S. gather for the toughest and most competitive Limousin female show in the world, the National Junior Limousin Heifer Show.

In addition to the heifer show, many other activities make this annual event one of the most exciting offered. A state team fitting contest, individual fitting and showing, best state display, and classes for best pair of heifers and best three head from one state highlight competition.

Regional junior Limousin shows are held at the American Royal in Kansas City, Mo. and in Denver, Colo. during the National Western Stock Show. Most states have junior Limousin shows at their summer field days, state fairs and many county fairs offer Limousin classes.

Limousin heifers are definitely a solid investment in the future. As a junior breeder, you can start building your own herd around a junior heifer project. Or, you can sell your heifers at the end of the show season at one of the regional or national sales.

North American Limousin Junior Association (NALJA) members are under 22 years old and pay only a $10 membership fee. NALJA membership rolls total more than 1,500 enthusiastic and active junior Limousin breeders. NALJA programs are designed to teach young breeders the responsibilities and skills necessary to raise and show cattle. Through NALJA activities, junior cattlemen gain insight and understanding of the beef industry.

Write today for a list of breeders in your area who can help you get started in the Limousin business and for your NALJA membership application.

**National Junior Heifer Show**

*to be held August 4-7 in Rapid City, South Dakota*
INTRODUCING A BETTER SOLUTION

TO SAVE MORE PIGS

Five years of Land O'Lakes research with LitterMilk™ milk replacer on baby pigs proves:

- Increased livability—pigs fed LitterMilk milk replacer had a 3.7 times better survival rate than those on a conventional pig milk replacer, despite the challenge of E. coli scours.
- Reduced Scours—LitterMilk milk replacer cut scour days by more than 26 percent, even with E. coli present.
- Excellent growth performance—pigs weighing 2½ pounds at birth weighed 11 to 13 pounds at the end of 3 weeks.
- Easy mixing and feeding—you only need to mix and feed once a day. Pigs will drink what they need throughout the day.

TO IMPROVE YOUR BOTTOM LINE

A five year average of LAND O LAKES™ Porkcast reports shows that extra pigs can mean more income over feed cost. Every pig saved over a litter average of 7½ pigs will return:

- an extra $30.26 per pig raised to 40 pounds;
- an extra $47.50 per pig in farrow to finish operations.

There is a better solution to save more pigs and improve your bottom line. Feed LAND O LAKES™ LitterMilk™ milk replacer. Ask for it at your feed supplier.

JEKYLL & HIDE CATTLE COMPANY

He's kind to his wife when the market goes up
His children think that he's neat.
The implement dealer sits by him in church
And his banker waves on the street.

Salesmen treat him like he was king
The hired man asks for a raise.
The press is reporting exorbitant gains
But P.C.A.'s singin' his praise!

A genius, he humbly admits to himself,
Smart as a tree full of owls!
Twenty foot tall with a bullet proof brain
And a friend to all of his pals!

But something occurs when the market goes down.
His family feels it first.
The mother-in-law gives him plenty of room
And the dog gets reg'larly cursed!

He gets lots of mail from lawyers in town.
The gas man won't fill up the tank.
The feed company rep has forgotten his name!
He's a leper down at the bank!

His ulcer is worse. His accountant's in jail!
They repo'd the pickup he had.
His levi's don't fit. They bag in the rear
They've chewed on his tail so bad!

He might get discouraged, but down at the sale
His heart will rejuvenate.
A gambler in spirit whose living depends
On the fickly finger of fate!

So just like the story of Jekyll and Hyde
He's a wise man or a clown.
A hero or fool depending on whether
The market goes up . . . or goes down!

These hogs
HAVE TO measure up

Nebraska SPF hogs are produced in all the major breeds as well as crossbreds.

- Can you trust "eyeballing" to select replacement breeding stock for your hog herd?
  We don't think we can. So we pre-set high standards of health, performance and quality that Nebraska SPF boars and gilts HAVE TO measure up to if they are to be officially approved as Nebraska SPF breeding stock and sold as such.
  These standards include:
  - Regular inspection to assure best of health.
  - Weight-for-age stats — boars 220 pounds by 170 days of age, gilts by 185 days.
  - Boars less than 0.95 inch backfat at 220 pounds, gilts less than 1.1 inch.
  These are minimum requirements. You can get individual stats on any animal you are considering.
  Where else can you get guarantees like these?

Every precaution is taken to keep SPF swine healthy.

We Salute and Congratulate All
BLOCK & BRIDLE MEMBERS
FOR THEIR LEADERSHIP IN ANIMAL SCIENCE
Two closed performance tested herds at DeWitt and a new farm, Waldo Western Breeders, at Chappell.

Striving for excellence in serving the breeding stock needs of the pork industry.
