CLOSING REMARKS - FIFTH VERTEBRATE PEST CONFERENCE

WARREN V. JOHNSON, Specialist, California Department of Water Resources, Sacramento, California

As this concludes the Fifth Vertebrate Pest Conference, I would like to thank all of you for your attendance and the enthusiasm you have shown throughout the meeting. Any suggestions or comments you may have to improve future meetings will be appreciated.

On behalf of the California Vertebrate Pest Committee, I want to thank all speakers for their contributions and the Session Chairmen for a job well done in keeping the program moving smoothly. Also a special thanks to those individuals, organizations and agencies that contributed to the preparation for the success of this Conference, particularly the Chairmen and members of the program, the arrangements and registration committees.

The time and place of the next meeting has not yet been decided. It is anticipated it will be in two years, probably somewhere in the southern part of California.

Thank you again for attending and we will look forward toward meeting with you at the next conference.
