Foreword

Following herein are reporting sections for Cooperative Extension work done in Blaine, Thomas, Hooker, Grant and portions of Cherry Counties. The reports cover the fiscal year 1973 - 1974.

The area served is in the northern part of the High Plains Section of the Great Plains physiographic province. All of it is in the sandhills except the extreme southeastern corner. Range management practices have aided grass cover to establish on the dunes and ridges. Some areas, locally called "choppies" still pose special management problems in blowout control.

The economic squeeze affecting many farmers is also in evidence in this area. Evidence of recent over-use of pastures combined with dry precipitation periods, can be seen throughout the District. Unfavorable climatic conditions and quality of seedling stock has resulted in a decline of tree plantings in recent years. Adequate rainfall in 1973 aided tree planting numbers to increase. Crossbreeding beef programs, with little advanced planning in some cases, are increasing and have given variable results. Beef cattle testing programs continue to provide ranchers with useful information. Some misuse of the programs has been noted. Stimulating interest in steer programs has not had satisfactory results. Opposition to livestock shows (especially beef) is evident. Confusion on body types, economic practicality, modern cattle, etc., is apparent. Increased irrigation has called for more skillful management with the use of practices new to most producers. Variable results have been gained with irrigated pasture establishment and management.

Population changes have resulted in new problems concerning recreation, school organization, community activities, etc. Population declines of 16 - 18% were shown in the area for Blaine, Thomas, and Hooker Counties in '70 census. Use of rangeland areas for public recreation is a lively conversation topic, as has been Natural Resources Districts, center pivot irrigation, exotic breeds of cattle and school problems.
EXTENSION ORGANIZATION AND PLANNING

The sponsoring organization for Extension work in the Thedford District is known as the Thedford District Extension Service. It is financed by the county levy in each county. Budgets for the fiscal year periods are contained elsewhere in this report. Portions of South Cherry County served under the Memorandum of Understanding between the Thedford District Extension Service and the Cherry County Extension Association. The budget contribution of Cherry County is $3127.20. The balance of the budget is shared equally by Blaine, Thomas, Hooker and Grant Counties.

The Thedford District Extension Board consists of sixteen people; including two representatives from each Blaine, Thomas, Hooker and Grant Counties; and eight ex-officio members with voting privileges; the chairman of the Tri-County Home Extension Council and the Blaine County Home Extension Council, the chairman of each of the four county 4-H Councils, and two representatives of the Cherry County Extension Board. Election of regular Extension Board Members was done by mail ballot. Old and new board members met jointly in December.

The Extension Board meets monthly. Four of these meetings are full board meetings which all members, including ex-officio members, are expected to attend. These meetings included January: board re-organization; May and June: budget meetings; and December: new and retiring members. The other monthly meetings are attended by the Executive Committee to conduct regular business.

Members in 1973 were:

President        Mick Harding        Mullen        Executive Committee
Vice President   Jack Dubs          Ashby         Executive Committee
Sec.-Treasurer   Marilyn Maseberg  Thedford      Executive Committee
Member           Jim Roseberry      Dunning       Executive Committee
Member           Larry French       Mullen        Executive Committee
Member           Benny Simpson      Hyannis       Executive Committee
Member           Bill Drinkwalter   Thedford      Executive Committee
Member           Phil Johnston      Dunning       Executive Committee

Members in 1974 were:

President        Jack Dubs          Ashby         Executive Committee
Vice President   Larry French       Mullen        Executive Committee
Sec.-Treasurer   Carolyn Billoft    Thedford      Executive Committee
Member           Phil Johnston      Dunning       Executive Committee
Member           Benny Simpson      Hyannis       Executive Committee
Member           Pat Sexton         Mullen        Executive Committee
Member           Bill Drinkwalter   Thedford      Executive Committee
Member           Jim Roseberry      Dunning       Executive Committee
Ex-Officio Members in 1973 were:

Mr. Marvin Cox  Mullen  Executive Committee, Cherry County
Mrs. Carol Chase  Elsmere  Blaine County 4-H Council Chairman
Mr. Emory Daly  Stapleton  Thomas County 4-H Council Chairman
Mrs. Delores James  Mullen  Hooker County 4-H Council Chairman
Mrs. Winnie Applegarth  Whitman  Grant County 4-H Council Chairman
Mrs. Ruby Smith  Hyannis  Tri-County Home Ext. Council Chairman
Mrs. Marj Wengrzyn  Brewster  Blaine Co. Home Ext. Council Chairman

Ex-Officio Members in 1974 were:

Mr. Marvin Cox  Mullen  Executive Committee, Cherry County

The 4-H Councils in Blaine, Thomas, Hooker and Grant Counties sponsor 4-H'ers on Exchange Trips. Hooker County and Grant County 4-H Councils conduct sponsorships of many fair trophies and awards.

The present Extension Staff includes Chet Hawley, Extension Agent; Jerri Johnston, Summer Aid; Reta Teahon, Thedford Office Assistant; and Alice Joan Garrett, Mullen Office Assistant. Two offices are maintained to serve the four county area and South Cherry County.

Deborah Langley resigned in January, 1974, and no replacement has been hired.

1. What was accomplished to change people (attitudes, income, skills, etc.)?

   This project has been delayed for the time being. A steering committee met, and laid some ground work. Storms continually caused postponement of additional activity. When back at full staff in the future another attempt will be made to get this organization going.

2. (Optional) Methods, approaches or problems encountered that made this project succeed or fail, that would assist fellow workers in planning extension programs.

3. The success story that could be used to demonstrate extension effectiveness. Submit only one success story per planning unit staff member; one page only, single spaced.

1. What was accomplished to change people (attitudes, income, skills, etc.)?

The straight producer had an opportunity to learn how to select breeding stock for maximum reach for any particular trait. This was presented at the round-up with about 60 people in attendance. Crossbreeding workshops were held across the District and the commercial producer had a chance to learn how to maximize heterosis and to plan crossbreeding systems.

2. (Optional) Methods, approaches or problems encountered that made this project succeed or fail, that would assist fellow workers in planning extension programs.

This project could have been even more successful had a panel of ranchers been used in the meetings. Ranchers like to hear ranchers tell how they have done certain things!

3. The success story that could be used to demonstrate extension effectiveness. Submit only one success story per planning unit staff member; one page only, single spaced.

1. What was accomplished to change people (attitudes, income, skills, etc.)?

This project was modified after it was written. However, Gene White and Jerry Campbell both area specialists made a lot of contributions to the success of this project. The testing of rio and carona virus vaccines have had a great impact on calf scour losses. In one case a rancher had lost 88 head of calves and when he used the carona virus vaccine his losses dropped to one.

2. (Optional) Methods, approaches or problems encountered that made this project succeed or fail, that would assist fellow workers in planning extension programs.

It would help to have wider news coverage. The weekly paper just doesn't use the feature stories on a regular basis.

3. The success story that could be used to demonstrate extension effectiveness. Submit only one success story per planning unit staff member; one page only, single spaced.

Program Title: Center Pivot Irrigation

Task Coordinator: Larry Peterson, Logan-McPherson Extension Agent

1. What was accomplished to change people (attitudes, income, skills, etc.)?
   Many items needed for irrigation production were in short supply during the winter of 73-74. Through this project efficient irrigation was stressed. Many producers are watching the amount of water applied much closer since this project has been in force.

2. (Optional) Methods, approaches or problems encountered that made this project succeed or fail, that would assist fellow workers in planning extension programs.

   I think our project was successful. The fact that we held the group meetings fairly close to the irrigators helped our attendance. By bringing specialists to Brewster and Mullen we probably contacted 40 irrigators that would not have been contacted otherwise.

3. The success story that could be used to demonstrate extension effectiveness. Submit only one success story per planning unit staff member; one page only, single spaced.
The Thedford District is a unique area, being four counties long and has a variable width that approaches two counties in places. It is in the Heart of the Nebraska Sandhills. This sounds real pleasant but it really means that to have a centralized event in the area that many people must travel long distances. Those people living at the extreme ends of the area must jostle over 40-50 miles of trail roads before reaching the oil strip, then travel another 50 miles to get to the activity. They probably find it necessary to cross the time zone so are somewhat confused on just what time the event will start.

With all these obstacles it is a wonder that anything is very successful. If things are right they will do all that is necessary to participate. This has been the case for the annual Thedford District Livestock Judging Contest. At 9:30 animals were in place and the registration table was busy. At 10:00 the judge was explaining the standards of excellence of the various classes of livestock, and at 10:30 the contest started. By this time the tabulation crew had judged all 8 classes, they were entered in the adult division. They were waiting for the cards on the first class so they could go to work.

At 11:00 some of the people from the west end of the Thedford District arrived and quickly judged the first two classes. 12:45 all classes have been judged and the classes discussed. 1:45 oral reasons started and the Know-How Contest is handed out. 3:00 the reasons are over, the contest tabulated, and the results are ready. 3:30 the Annual 4-H Livestock Judging Contest is over. 120 youngsters, parents and leaders start their trip home, 50 miles of oil and 50 miles of trail. Probably get home in time to check the water and get ready to go to the branding tomorrow.
