Organized and Arranged by:

The Wildlife Damage Management Working Group of TWS

Twelfth Wildlife Damage Management Conference

April 9-12, 2007

Omni Corpus Christi Hotel

Corpus Christi, Texas

The Twelfth Wildlife Damage Management Conference will be held Monday through Thursday, April 9-12, 2007, in the Omni Corpus Christi Hotel, in Corpus Christi, Texas. The Conference features 2 days of selected speakers covering aspects of wildlife damage management and control, plus 5 optional field trips on April 12th.

Conference Registration

Only registered participants will be admitted to Conference Sessions. On-line and pre-registration is highly recommended, by visiting (<http://wildlifedamagegroup.unl.edu/>) or by returning the form in this announcement. The Pre-registration fee is \$225 (USD) (1-day Pre-registration is \$125) and includes a single copy of the Proceedings to be mailed to you upon publication (approximately 6-8 months following the Conference). The student registration fee is \$50.00 (USD) (no 1-day student fee option). Pre-registration must be accompanied by your payment and must be postmarked by March 16, 2007. Pre-registration saves you money and eliminates waiting in long registration lines.

Pre-registration fees will be refunded minus 10% administration fee, if the request for refund is postmarked on or before March 16, 2007. No refunds will be granted after this date. Pre-registration fees can, however, be transferred to another individual to permit their attendance in your place. In this case, the WDMWG Secretary/Treasurer must be notified of this change by telephone, FAX, or mail, prior to the Conference.

Registration on-site, as well as pre-registration forms postmarked after March 16, 2007, will be at the rate of \$275.00 (USD) per person (1-day regular registration is \$175).

Please Note On-Line Registration is Available at:
<http://wildlifedamagegroup.unl.edu/>

Hotel Reservations

The Conference has a block of hotel rooms set aside at the Omni Corpus Christi Hotel, Corpus Christi, TX. Rooms will be available at the Conference Rate of \$78.00/night for a single, \$115.00 double, \$125.00 triple, and \$135.00 for quad (plus 9% state and 6% city occupancy taxes) from April 9-12, 2007. State of Texas employees must provide appropriate forms and identifications to receive State rates that defray TX taxes.

Reservations can be made by calling 1-800-THE OMNI (843-6664) and **to receive conference rates must reference the group code “Wildlife Damage Management Meeting”** or by visiting the web site at www.OmniHotels.com using **reference group code # 14500806635 for the Group Rate** or **#14500806634 for the Texas State Rate**.

Room reservations must be made no later than March 19, 2007, to assure Conference Rates. This hotel provides complimentary shuttles to and from the Corpus Christi International Airport. The Corpus Christi International Airport is 12 minutes from the hotel and features full jet service on American, Continental, Delta, and southwest airlines.

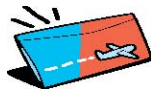

Local Information

Many attractions can be found within walking distance of the conference site. The downtown district, with restaurants and clubs, offers an exciting nightlife and starts just 2 blocks away. Also within walking distance is the Harbor Playhouse, one of the oldest theaters in Texas, the Art Museum of South Texas, the World of Discovery/Museum of Science and History, and the Port of Corpus Christi. The Texas State Aquarium and the U.S.S. Lexington Aircraft Carrier and Museum are both about 1 mile from the hotel.

The average April high temperatures in Corpus Christi are in the low 80's, the average lows are in the low- to mid-60's.

Visit <http://www.corpuschristichamber.org/> for more information.

Transportation Services

Airport

Attendees may fly into the Corpus Christi International Airport directly (<http://www.cctexas.com/airport/>). Airlines serving the airport are Southwest, Continental, American, and Delta.

Shuttle/Charter Bus

The Omni Corpus Christi Hotel (www.OmniHotels.com) has a full passenger shuttle company providing quick and easy transportation from the airport to hotel. A number of pay-to-use taxi services are also available curbside.

Rental Car

The airport has 5 major car rental companies located in its terminal: Avis (800) 331-1212, www.avis.com, Advantage (800) 777-5500, www.arac.com; Dollar (800) 800-4000, www.dollar.com; National (800) 227-7360, www.nationalcar.com; and Hertz (800) 654-3131, www.hertz.com. Thrifty, Budget & Enterprise rental car services are also available via shuttle.

Driving Directions

Attendees coming in from airports other than Corpus Christi may visit the Omni Corpus Christi Hotel website (www.OmniHotels.com) for driving directions.

Continuing Education

Continuing education or professional development credits will be determined based upon the Final Program. Credits will be available for The Wildlife Society certifications and for some state forestry, wildlife, and pest control organizations. For more information contact Nicki Frey, (435) 232-2690, frey@suu.edu

If you are outside of Texas, check with your state organizations to determine if education credits will be granted to you for attending the Conference. You must be a registered conference participant to be granted credits.

Field Trips

Five different field trips will be offered to conference attendees. All field trips will be available for a limited number of people, so sign up early!!

Tour 1 - ½ day tour of Texas wildlife on Laureles division of King Ranch.

General wildlife can include white-tailed deer, javelina, feral hogs, coyotes, birds of prey, various songbirds (\$35/person, max 20).

Tour 2 - Full day tour of Texas wildlife on Norias division of King Ranch.

Tour bus will leave the Omni Hotel at 6am to arrive at Norias gate by 8am. Tour offers birds unique to South Texas such as ferruginous pygmy owls, tropical parula, and various migrating passerines (northern-beardless tyrannulet, Audubon's oriole, Botteri's sparrow, and white-tailed hawks) (\$100/person, max 20).

Tour 3 - ½ day historical tour of King Ranch.

Learn history of largest working ranch in US (includes a stop at the King Ranch Museum). Tour ends with a catered ranch style B-B-Q lunch, tour bus will leave the Omni Hotel at 7:30am (\$35/person, max 20).

Tour 4 - 9 hour fishing trip from Port Aransas.

All fishing tackle is provided and no fishing license is required, tour bus will leave the Omni Hotel at 6:30 am (\$80/person, max 80).

Tour 5 - Raffle Trip for a Hog hunt.

Enter for hunt before 3/16/07! Drawing will be conducted shortly after pre-registration deadline, so adequate notice can be given to those drawn. This will also be done on Thursday, so pre-registrants interested in the hog hunt will also need to indicate (and pay for) a second choice from the above field trips, in the event their name is not drawn (winners \$25/person, max 10).

Commercial Displays

The Conference will have commercial exhibits featuring products and services associated with wildlife damage management. Space is available for exhibitors of commercial products and services. For information, contact Deborah Stalman, (360) 956-3925, deborah.h.stalman@aphis.usda.gov.

Social Events

A Welcome Reception is planned for Monday evening, April 9th. Complimentary hors d'oeuvres and a cash bar will be offered (6:00-8:00 pm).

A Conference Banquet (cash bar) and Vendor's Forum will be held Tuesday evening, April 10th (6:00 - 8:00 pm); this event is included with the price of Registration.

Keynote Speaker

Dr. Michael Hutchins, Executive Director/CEO, The Wildlife Society, Bethesda, MD

Dr. Hutchins is currently an Adjunct Associate Professor at the University of Maryland's Graduate Program in Sustainable Development and Conservation Biology, Senior Fellow at the Georgia Institute of Technology's Center for Behavior and Conservation and Executive Director of ZooThink, Inc.

Dr. Hutchins has considerable experience with membership-based non-profit organizations. He has authored over 200 technical and popular articles and books, covering various topics in wildlife management, conservation and science.

Dr. Hutchins will speak on why wildlife populations must be controlled.

Conference Program

A Welcome Reception and Registration will be held on Monday, April 9th, from 6:00-8:00 pm. The Program will begin on Tuesday morning, April 10th, with a single plenary session. Concurrent sessions will be held Tuesday afternoon, Wednesday morning, and Wednesday afternoon. Optional field trips will be held on Thursday, April 12th.

Conference at a Glance

<u>Monday</u>	Evening	Welcome Reception/Registration
<u>Tuesday</u>	Morning	Opening Plenary Session/Registration
	Afternoon	Concurrent Sessions Bird Management or Reduction of Non-Target Hazards of Rodenticide Use
		* Poster Session (afternoon)
	Dinner	Conference Banquet / Vendor's Forum
<u>Wednesday</u>	Morning	Concurrent Sessions Urban Coyotes or Research and Management Strategies
	Afternoon	Concurrent Sessions Urban Coyotes or Feral Pig Management
		* Poster Session (all day)
<u>Thursday</u>	Optional field trips (extra costs for each trip) to view different wildlife viewing opportunities in southeastern Texas.	

12th WILDLIFE DAMAGE MANAGEMENT CONFERENCE

Monday, April 9th, 2007

Evening: Welcome Reception

Tuesday, April 10th, 2007

OPENING PLENARY SESSION

Keynote Address: Why Wildlife Populations Must be Controlled.

Dr. Michael Hutchins, Executive Director, The Wildlife Society, Bethesda, MD

Human-Wildlife Conflict Collaboration (HWCC): Improving Our Collective Efforts to Address Human-Wildlife Conflict

Francine Madden, Executive Director, HWCC, Bethesda, MD

Danger, in Danger, and Endangered: How Cool Hand Luke may be Impacting the Future of Wildlife Damage Management

Dale Rollins, Texas Cooperative Extension, San Angelo, TX

Personalities in the Wildlife Damage Community: Are We Our Own Worst Enemies?

Ben West, Berryman Institute, Mississippi State, MS

Conserving Cheetahs on Private Land: Using the Namibian Cheetah *Acinonyx jubatus* as a Case Study

Laurie Marker and Amy Dickman, Cheetah Conservation Fund, Otjiwarongo, Namibia

Gray Wolves and Livestock in Montana: A Recent History of Damage Management

Carolyn Sime, Montana Fish, Wildlife & Parks, Helena, MT

Ed Bangs, USFWS, Helena, MT

John Steuber, Kraig Glazier, and Paul Hoover, USDA, APHIS, WS, Billings, MT

Val Asher, Turner Endangered Species Fund, Bozeman, MT

Liz Bradley, Montana Fish, Wildlife & Parks, Dillon, MT

Kent Laudon, Montana Fish, Wildlife & Parks, Kalispell, MT

Mike Ross, Montana Fish, Wildlife & Parks, Bozeman, MT

USDA/State/Tribal Cooperator Summary for 2006 National Early Detection System for HPAI in Wild Migratory Birds: Accomplishments, Findings, and Future Directions

Brandon Schmidt and Kerri Pedersen, USDA, APHIS, WS, NWRC, Fort Collins, CO

Seth Swaford, USDA, APHIS, WS, Riverdale, MD

Robert Beach and Thomas DeLiberto, USDA, APHIS, WS, NWRC, Fort Collins, CO

Tuesday Afternoon: 2 Concurrent Sessions

Concurrent Session 1

Bird Management

Cost Effectiveness of OvoControl G for Managing Nuisance Canada Goose (*Branta canadensis*) Populations

Joe Caudell, USDA, APHIS, WS, West Lafayette, IN

Stephanie Shwiff, USDA, APHIS, WS, NWRC, Fort Collins, CO

Evaluation of Resident Canada Goose Relocation in Georgia

Michael Mengak and Leif Stephens, University of Georgia, Athens, GA

Douglas Hall, USDA, APHIS, WS, Athens, GA

Chromaflair Bird Repellent for Blackbirds and Crows

Scott Werner, Shelagh Tupper, and John Cummings, USDA, APHIS, WS,

NWRC, Fort Collins, CO

Blackbird Use of Wildlife Conservation Sunflower Plots

George Linz, USDA, APHIS, WS, NWRC, Bismarck, ND

Jonathan Raetzman and Heath Hagy, North Dakota State Univ., Fargo, ND

Jeffrey Homan, USDA, APHIS, WS, NWRC, Bismarck, ND

William Bleier, North Dakota State University, Fargo, ND

Evaluation of Post-Calving Placental Removal on Vulture-Cattle Interactions

George Gallagher, Kayla Jackson, and Brian Warr, Berry College, Mt. Berry, GA

Cowbird Control: Management Issues, Controversies, Perceptions, and the Future

Scott Summers, Richard Kostecke, and Garrett Norman, The Nature

Conservancy, Fort Hood, TX

Avian Influenza in Wild Birds: Environmental Sampling Strategy for the Rapid Detection of Avian Influenza Viruses

Robert McLean, Jeffrey Hall, and Alan Franklin, USDA, APHIS, WS, NWRC,

Fort Collins, CO

Field Method for Analyzing Birds for Avicide 3-Chloro-p-toluidine Hydrochloride

Jerome Hurley, Patricia Pipas, Shelagh Tupper, and John Cummings, USDA,

APHIS, WS, NWRC, Fort Collins, CO

Cumulative Use of Alpha-Chloralose by USDA Wildlife Services to Immobilize Birds from 1993 to 2005

Jeanette O'Hare and John Eisemann, USDA, APHIS, WS, NWRC, Fort

Collins, CO

Lawanna Koch, PPD Environmental Services, Riverdale, MD

Thomas Seamans, USDA, APHIS, WS, NWRC, Sandusky, OH

Concurrent Session 2

Reduction of Non-Target Hazards of Rodenticide Use

Is There a Problem?

Michael Fry, American Bird Conservancy, Washington, DC

T&E and Migratory Bird Treaty Act Considerations

Nancy Golden, U.S. Fish and Wildlife Service, Washington, DC

Regulator Perspective

Bill Jacobs, U. S. Environmental Protection Agency, Washington, DC

Rodenticide Manufacturer Perspective

Thomas Schmit, LiphaTech, Madison, WI

Agricultural Settings

Terry Salmon, University of California-Davis, San Diego, CA

Forest Settings

Wendy Arjo, USDA, APHIS, WS, NWRC, Olympia, WA

Island Conservation Efforts

Gary Witmer, USDA, APHIS, WS, NWRC, Fort Collins, CO

Gregg Howald, Island Conservation, Kelowna, BC

Urban/Suburban Settings

Frank Meek, Orkin Technical Services, Atlanta, GA

Tuesday Evening:

Conference Banquet and Vendor's Forum

Wednesday, April 11th, 2007

Wednesday Morning: 2 Concurrent Sessions

Concurrent Session 3

Research and Management Strategies

Evaluation of Corn and Soybean Damage by Wildlife in Northern Indiana

Travis DeVault, USDA, APHIS, WS, NWRC, Brewerton, NY
Brian MacGowan and James Beasley, Purdue University, West Lafayette, IN

Lee Humberg, Department of the Army, Fort McCoy, WI

Monica Retamosa, Universidad Nacional, Heredia, Costa Rica

Olin Rhodes, Jr, Purdue University, West Lafayette, IN

Developing a Standard Tool for Assessing Suburban Deer Impacts to Vegetation

Karleen Ami, Nature Technologies, Inc., Pleasantville, NY
Paul Curtis, Cornell University, Ithaca, NY

A Review and Update of Biomarkers Used for Wildlife Damage and Disease Management

Tricia Fry and Mike Dunbar, USDA, APHIS, WS, NWRC, Fort Collins, CO

Alternative Bait Markers for Deer and Other Herbivores

Abbey Thompson, University of Wisconsin, Madison, WI
Michael Samuel, USGS, Wisconsin Cooperative Wildlife Research Unit, Madison, WI

Research Strategies to Aid in the Elimination of Bovine Tuberculosis Infection in Cattle Through Interactions with Wildlife Reservoirs

Are Berentsen, Mike Dunbar, and Bob McLean, USDA, APHIS, WS, NWRC, Fort Collins, CO

Efficacy of Milorganite® as a Deer Repellent

Kristi Moniz, George Gallagher, Tiffany Turner, and Stacey Brown, Berry College, Mount Berry, GA

GPS Telemetry Collars: Consideration Before You Open Your Wallet

Christy Wyckoff and Scott Henke, Caesar Kleberg Wildlife Research Institute, Texas A&M University, Kingsville, TX
Tyler Campbell, USDA, APHIS, WS, NWRC, Kingsville, TX
David Hewitt, Caesar Kleberg Wildlife Research Institute, Texas A&M University, Kingsville, TX
Kurt VerCauteren, USDA, APHIS, WS, NWRC, Fort Collins, CO

The First Use of GIS Data from Trap Locations as a Technique to Identify the Spread of Skunk Rabies During an Epizootic in Northwestern Wyoming

Craig Ramey and Jean Bourassa, USDA, APHIS, WS, NWRC, Fort Collins, CO
Marshall Robin (retired), USDA, APHIS, WS, Powell, WY

Impacts of Wildlife Diseases in Urban Environments

Mike Dunbar, Ray Sterner, and Shylo Johnson, USDA, APHIS, WS, NWRC, Fort Collins, CO

Concurrent Session 4

Urban Coyotes

Introductions – Overview of Session and History of Urban Coyote Problems

Bob Timm, UC Hopland Research & Extension Center, Hopland, CA

Canid Behavior and Adaptations

Russ Mason, Nevada Department of Wildlife, Reno, NV

Urban Coyote Biology and Current Research

Stan Gehrt, Ohio State University, Columbus, OH

Coyote Damage Control Techniques and Tools

Alan Huot, Wildlife Control Supplies, East Granby, CT

David Bergman, USDA, APHIS, WS, Phoenix, AZ.

Case Study: Management of Urban Coyotes and Attacks in Green Valley, AZ

Christopher Carrillo and Jim Schmidt, USDA, APHIS, WS, Phoenix, AZ

Gabriel Paz, Arizona Game and Fish Department, Tucson, AZ

Tim Veenendaal and David Bergman, USDA, APHIS, WS, Phoenix, AZ

Panel: Impacts of Urban Coyotes on People and Pets

Lou Berchielli, NY Department of Environmental Conservation – Wildlife, Albany, NY

Randy Farrar, USDA, APHIS, WS, Travis County, TX

Dorinda Pulliam, City of Austin, TX

Panel: Operational Challenges of Solving Urban Coyote Problems

Terry Cox, USDA, APHIS, WS, San Diego, CA

Tim Julien, Nuisance Wildlife Control Operators Association, Indianapolis, IN

Wednesday Afternoon: 2 Concurrent Sessions

Concurrent Session 5

Feral Pig Management

Characterization of Wild Pig-Vehicle Collisions

John Mayer, Washington Savannah River Company, Aiken, SC

Paul Johns, Carolina Wildlife Consultants, New Ellington, SC

**Ecological and Economic Risk Assessment for Wild Pigs in California
Oak Woodlands**

Rick Sweitzer, University of North Dakota, Grand Forks, ND

Assessment of Selected Pathogens of Feral Hogs in Mississippi

Richard Minnis, Mississippi State University, Mississippi State, MS

Lora Ballweber, Colorado State University, Fort Collins, CO

**Feral Swine (*Sus scrofa*) in Florida – The Role of USDA Wildlife Services
in Protecting Threatened and Endangered Species and Habitats from
Feral Hog Damage**

Brian Schoch, Bernice Constantin, John Dunlap, John Woolard, and John
Allen, USDA, APHIS, WS, Palm City, FL

Richard Engeman, USDA, APHIS, WS, NWRC, Fort Collins, CO

Urban Feral Hog Control: A Delicate Balancing Act in Fort Worth

Robert Denkhaus, Fort Worth Nature Center & Refuge, Fort Worth, TX

Missouri's Task Force Approach to Feral Hog Management

Edwin Martin, USDA, APHIS, WS, Columbia, MO

Feral Hogs in Kansas – Using Legislation to Help Control Efforts

Chad Richardson, USDA, APHIS, WS, Fort Riley, KS

Feral Hogs: A Texas Perspective

Mark Mapston, Bruce Leland, Douglas Steen, and Janean Romines, USDA,
APHIS, WS, Uvalde, TX

**A Landscape-Genetic Approach to the Management of Feral Pigs in
South Texas**

Johanna Delgado-Acevedo and R. Younge, Caesar Kleberg Wildlife Research
Institute, Texas A&M University, Kingsville, TX

T. Campbell, USDA, APHIS, WS, NWRC, Kingsville, TX

Concurrent Session 6

Urban Coyotes

Panel: Social, Political, and Legal Considerations

Heather Hudenko, Cornell University, Ithaca, NY
Robert Schmidt, Utah State University, Logan, UT
Claude Oleyar, Alpine Animal Control, Colorado Springs, CO

Successful Local Urban Coyote Management

Rex O. Baker, California State Polytechnic University, Pomona, CA
(retired)
Robyn Worcester, Stanley Park Ecological Society, Vancouver, BC
(invited)
Dairen Simpson, Trapper/Consultant

Emerging Methods of Management and Conflict Resolution

Bob Timm, UC Hopland Research & Extension Center, Hopland, CA
Rob Erickson, Wildlife Control Technology magazine, Cortland, IL

Panel: Management and Research Needs, Current and Future

Paul Curtis, Cornell University, Ithaca, NY
Dale Nolte, USDA, APHIS, WS, Fort Collins, CO
Bill Seimer, Cornell University, Ithaca, NY

Session Summary, and What's Next? (Round-table Forum)

Jeff Green, USDA, APHIS, WS, Lakewood, CO
Paul Rego, Connecticut Division of Wildlife, Burlington, CT
Tim Julien, Nuisance Wildlife Control Operators Association,
Indianapolis, IN
tba, local city / community perspective

Poster Session: *Tuesday Afternoon through Wednesday Evening*

**A 'Two-Probe' Method to Enhance Efficacy of Toxicant Delivery for
Fossorial Mammals**

Jay Paxson, University of Nevada Cooperative Extension, Elko, NV

**Analysis of Diet and Habitat as a Device for Predicting Feral Hog
Presence in the Davis Mountain Preserve, Texas, USA**

Katie Ballard, Margarita Gomez, Tara Poloskey, and Sara Schultz, Sul Ross
State University, Alpine, TX

Development of Test Paradigms for Operant Conditioning of Norway Rats for Behavior Studies

Susan Jojola and Gary Witmer, USDA, APHIS, WS, NWRC, Fort Collins, CO

Successful Capture and Relocation of Mourning Doves: A Multi-Agency Endeavor

David Borrowman, USDA, APHIS, WS, Kansas City, MO
Tony Mong, University of Missouri, Columbia, MO
John Schultz, Missouri Department of Conservation, city, MO
Rosemary Heinen, USDA, APHIS, WS, city, state
Rick Bredesen, Missouri Department of Conservation, city, MO
Joshua Millspaugh, University of Missouri, Columbia, MO

Management of Monk Parakeet Populations at Electric Facilities

Eric Tillman and Michael Avery, USDA, APHIS, WS, NWRC, Gainesville, FL
James Lindsay, Florida Power and Light Company, Juno, FL
Christi Yoder, USDA, APHIS, WS, NWRC, Fort Collins, CO
James Newman, Pandion Systems, Inc., Gainesville, FL
Stephen Pruett-Jones, University of Chicago, Chicago, IL

Developing Strategies for Mitigating Vulture Damage to Structures and Property

John Humphrey, Michael Avery, Eric Tillman, and Michael Milleson, USDA, APHIS, WS, NWRC, Gainesville, FL

Wildlife Depredation in Vineyards

Thomas Hughes, and Robert Eriksen, National Wild Turkey Federation, Edgefield, SC

Observations on the Use of the Contraceptive Vaccine GonaCon™ in Female Elk (*Cervus elaphus*)

Gary Killian, Pennsylvania State University, University Park, PA
Terry Kreeger, Wyoming Game and Fish Department, Wheatland, WY
Jack Rhyan, USDA, APHIS, VS, NWRC, Fort Collins, CO
Lowell Miller, USDA, APHIS, WS, NWRC, Fort Collins, CO

Fertility Control in Wild Boar Using a GnRH Vaccine: Effects on Physiology and Behaviour

Giovanna Massei and David Cowan, Central Science Laboratory, Sand Hutton, York, United Kingdom
Lowell Miller, USDA, APHIS, WS, NWRC, Fort Collins, CO

GnRH Immunocontraception of Immature Male and Female White-Tailed Fawns

Lowell Miller, USDA, APHIS, WS, NWRC, Fort Collins, CO
Jack Rhyan, USDA, APHIS, VS, NWRC, Fort Collins, CO
Gary Killian, Pennsylvania State University, University Park, PA

Overhead Gridline Systems to Exclude Waterfowl from Large Bodies of Water

Anthony Duffiney and Aaron Guikema, USDA, APHIS, WS, Okemos, MI
Bryan Wagoner and Jack Hamilton, Detroit Metropolitan Wayne County Airport, Detroit, MI

Efficacy of 3 In-Burrow Treatments to Control Prairie Dogs

Charles D. Lee, Kansas State Research and Extension, Manhattan, KS.

Chlorophacinone Baiting for Belding's Ground Squirrel

Craig Ramey, George Matschke (retired), and Richard Engeman, USDA, APHIS, WS, NWRC, Fort Collins, CO

Digestive Physiology: The Other Half of Oral Contraceptive Design

Christi Yoder and Lowell Miller, USDA, APHIS, WS, NWRC, Fort Collins, CO

Thursday, April 12th, 2007

All-Day Field Trips:

Tour 1: ½ day tour of Texas wildlife on the Laureles division of the King Ranch (\$35/person, maximum 20 persons)

Tour 2: Full day tour of Texas wildlife on the Norias division of the King Ranch (\$100/person, maximum 20 persons)

Tour 3: ½ day historical tour of the King Ranch (\$35/person, maximum 20 persons)

Tour 4: 9 hour fishing trip from Port Arkansas (\$80/person, maximum 80 persons)

Tour 5: Raffle Trip Hog hunt (\$25/person if won, maximum 10 persons)

Conference Committee Chairpersons

Conference Co-Chairs:

Art Smith, South Dakota Game, Fish & Parks, (605) 773-7595,
art.smith@state.sd.us

Jim Armstrong, Auburn University, (334) 884-9233, armstjb@auburn.edu

Pre-Registration Form
12th Wildlife Damage Management Conference
Corpus Christi, Texas
April 9-12, 2007

Must be postmarked by March 16, 2007

(Absolute deadline for pre-registration). A separate form (photocopies okay) is required for each individual registrant (with the exception of guests accompanying the registrant on a field trip or the banquet). One check, credit card, or money order can be enclosed to cover multiple registrants.

Please Note On-Line Registration is Available at:
<http://wildlifedamagegroup.unl.edu/>
