*Graduate Student Association Update* – Gifford reported that there will be a holiday get-together at Wheeler's house on Friday, December 8<sup>th</sup>. More information will be provided later.

*Promotion and Tenure Committee* – Barrett presented a proposed change in the membership of the P&T Committee (changes in italics):

Three or more committee members are elected annually from the eligible voting faculty, *except in the event where committee members of qualifying rank cannot be attained from the voting membership, members of qualifying rank can be selected by the chair of the committee and department head from faculty that have their tenure home in the department.* Qualifications of membership are consistent with University of Nebraska policies and procedures for granting promotion and tenure.

Barrett made a motion that this proposal be accepted. Matkin seconded. Discussion. Motion passed.

*Undergraduate Curriculum Committee* – Ellis reported the committee met this morning. Items discussed included the following. The curriculum proposal for the environmental leadership will be in the next bulletin as it has passed all reviews. The substitution policy will be at the advisor's discretion for a free elective, especially in the case of non-traditional transfer students. The grading policy for the teacher block will now be pass/no pass. This is in compliance with College of Education and Human Sciences. There was also discussion of a possible new graduate assistant or instructor position to help with the teaching option/teaching block student supervisor. There will be an undergraduate curriculum retreat prior to the beginning of spring semester.

*Graduate Education and Research Committee* – King reported that we received a search waiver from Access and Diversity. Matkin will be promoted to Assistant Professor effective July 1, 2007. King distributed the current list of graduate students with their advisors identified.

*Faculty Advisory Council* – Wheeler attended the meeting for Barbuto. Several issues were discussed including the travel policy of taking students on field trips. Barbuto stated that the issue of undergraduate transfer credit policy will be examined soon. Please send comments on this issue to Barbuto.

King also reported that the Benefits committee will be restructured to make sure it includes people who actually understand the issue of benefits.

*CASNR Recruitment, Retention & Planning Committee* – Matkin reported and distributed a handout from the committee. We are now receiving biweekly updates from Admissions on current admits into our programs. Matkin also distributed a current update on AgLEC recruiting.
