Feedback Forum

Although an official and on-going questionnaire will evolve along with the *Quarterly* itself, what is needed at this time is input from the readership concerning emphases and directions for future issues. The desire of the Editorial Board is to publish a journal for POD-types which is topical, helpful, interesting and all sorts of other good things. Please let us know to what degree this has been achieved in this issue, as well as what you think should or could be done in the future, by answering the following questions! (If you do not wish to tear out a page, send me a photocopy of this form—preferably completed.)

1. What do you think were the two most helpful/interesting aspects of this issue of the *Quarterly*?

a) _____

b) _____

2. What do you think were the two least helpful/interesting aspects of this issue of the *Quarterly*?

3. What topics would be of most interest to you in future issues? (Please list in order of preference.)

4. What current columns (as opposed to features and articles) would you recommend be discontinued or modified? (If modified, in what way?)

5. What additional columns would you recommend be included on a regular basis?

6. Additional comments and recommendations: _____
