1. Meeting was called to order by Earl Russell.

Faculty appraisals of administrator performance have been compiled by our Promotion and Tenure Committee. Russell stated that Vice Chancellor Omtvedt asked him to devote his first year as department head to full time administration. Russell stated that next year he plans to establish a research appointment and possibly an extension appointment. 3. UPDATE ITEMS
   a. Committee/Action Plan Reports
      1) Distance Education – Kay Rockwell reported the committee set up an action plan implementation plan in accordance with the Departmental framework. This plan includes identifying the target audience, designing a process for opportunity assessment, and helping faculty to learn. A Quality Distance Education (QDE) series is starting soon and Jim Randall and Sheila Kepler are setting up meetings. The committee suggests budgeting for two faculty members to attend national or regional meetings on distance education.

      2) Undergraduate Curricula – Ozzie Gilbertson reported they are still waiting for a decision on the IS status for AgLEC 200 and Tech Writing 300. Approval has been granted by the
College but not by the University.

3) **Graduate Education**—Joyce Lunde reported that Barrett, Gilbertson, and Russell met recently with DVAE representatives Steve Eggland, Gary Meers, and Birdie Holder to discuss cross listing courses, course revisions, and graduate program coordination issues.

A memorandum from the Graduate Committee proposed implementing a program of study in postsecondary teaching and for approval of two actions: 1) AgLEC offer an area of specialization in postsecondary teaching at the graduate level, and 2) changes be made in AgLEC 805 and AgLEC 905. Ozzie Gilbertson noted voting for these would alter the master’s program. Lloyd Bell and Susan Fritz suggested developing Program Development as the cornerstone of the teaching master’s instead of 805. Russell asked Lloyd Bell to work with Leverne Barrett on this before the February faculty meeting. Joyce Lunde asked for feedback to the committee by January 25.

4) **Research and Other Scholarly Activity**—Bill Brown reported the committee has developed a definition of scholarly activity as put forth in the January 16 memo that was sent to faculty. Four criteria are noted: 1) affirms knowledge, 2) submits to peer review, 3) is known beyond the classroom, and 4) puts knowledge in libraries or other information systems to be accessed by others. Joyce Lunde moved to accept the definition and Laura Casari seconded. Motion approved.

5) **Outreach Committee**—Gary Vacin reported he will step down as chair due to his retirement. Russell announced Dick Fleming has agreed to be the new chair. A committee meeting will be scheduled soon.

Russell stated 10 people in AgLEC meet the criteria for statement #1 and 31 people meet the criteria for statement #2. Discussion followed. Bill Brown moved to adopt statement #1 (with the hope that faculty would subsequently amend the statement), and Lloyd Bell seconded the motion. Voting was done by ballot and Ardis Burkholder and Jacque Keller counted the votes. Motion was approved unanimously.

   It was moved by Ozzie Gilbertson and seconded by Laura Casari that the voting membership of the AgLEC faculty shall consist of permanent line holding faculty and “special” appointment faculty of instructor rank or above holding a 51% or more budgeted appointment in the AgLEC Department. Susan Fritz moved, Joyce Lunde seconded, to table the matter. Motion was approved.

g. **Other Items**
   Russell asked the faculty if a special meeting should be held to only address the Departmental Guidelines. It was agreed to hold a special faculty meeting on the voting issue on January 26 from 3:00-5:00 p.m. in 311 Ag Hall.

A revision of Department Gift Guidelines will be drafted in December.

Russell received approval to request additional funds. Requests each committee to provide detailed budgets in support of Department Action Plan implementation and each faculty member to detail professional development plans. These are needed by January. Dean Bolen increased the Extension budget from $1400 to $4900. Russell will send around a draft in January of the departmental request for comments.

4. DISCUSSION/ACTION ITEMS

a. Faculty Evaluation Process
Russell distributed the ARFA process packets and asked faculty to include individual action plans, professional development, and peer consultation. Faculty proposed the peer consultation be voluntary, goals and objectives be tied to Department Action Plans, the report be kept to a maximum of 10 pages, and the focus be on accomplishments rather than activities.

b. Employee Appraisal of Supervisors
Russell requested the target audience of this appraisal. It was suggested it be distributed to the secretaries to complete an appraisal of their supervisor.

c. Faculty Appraisal of Administrator Performance
Faculty will complete appraisals, forward to Promotion and Tenure Committee, who will summarize and forward to Vice Chancellor Omtvedt.

d. Policy for Assessing Performance of Contract Part-Time Teachers
Russell distributed the policy drawn up by the Teaching Evaluation and Improvement Committee. Concerns were raised regarding the scoring section. It was suggested the Department Head should determine continuation of appointments, not a committee. Russell responded that he is willing to make those determinations, but to be fair, seeks faculty input through the peer review process. Bill Brown moved the faculty approve the policy set forth by the Committee. Lloyd Bell seconded the motion. Motion passed 7 to 5.

e. Jim King Request for Transfer of Appointment
Russell distributed letter of request by James King to move 70-80% of his appointment to AgLEC (50% distance education and 20-30% teaching and research). Suggested by Kay Rockwell to let King know faculty were very interested, but will make a final decision later following the distance education faculty search process. Parsons suggested pursuing possibility of King going on a tenure line and discussion followed regarding the future of tenure positions in the department.

f. Pilot Course on Group Challenge as AgLEC 331—Bill Brown reported the Curriculum Committee received a proposal for a pilot program for spring 1996. The program has been developed through Student Involvement and Campus Recreation. Instructors are Jim Fullerton and
Valerie Wetzel. Motion by Brown to accept the proposal. Motion passed unanimously.

   1. Rockwell distributed a summary of the Distance Education Committee’s activities since the August retreat, and a questionnaire for AgLEC faculty regarding distance education in-service needs.

   2. Undergraduate Curricula. Gilbertson reported the committee has not met since the department retreat; no actions have been taken.

   3. Graduate Education - Barrett. The Graduate Committee held a retreat in July 1995; has not met since the department retreat. Action plans for graduate education include the addition of communication, distance education and college teaching as areas of emphasis; offering the M.S. via distance learning; and development of a new Ph.D. program.

   4. Research and Other Scholarly Activity - Brown. Aim is that each faculty member will be involved in research and scholarly activity, demonstrated with at least one peer-reviewed activity each year. The committee’s action plan received positive response from ARD Dean Nelson. Ag Econ has expressed interest in collaborative scholarly activity with AgLEC faculty. Russell has initiated contact with Heads of Ag Econ and Biometry re external membership on the committee.

   5. Outreach Committee - Vacin. Committee will seek input from re-formulated departmental Advisory Committee. Also will begin meetings this fall to plan in-service training programs to be offered at Agent Update in April 1996.

   6. Departmental Guidelines Committee - Leininger has received material drafted by Banset and Lunde; Leininger has looked at University bylaws; committee plans to meet soon to assemble draft for faculty review.

4a. Corrections/Additions to 1995-96 AgLEC Department Committees

   Distance Education: Add Casari as volunteer member.
   Add Haas, Poley and Wilhite as appointed members (with Wilhite starting Spring 1996 semester).

   Research Committee: Add Fritz as elected member.

   Undergrad Curriculum: Add Vitzthum as appointed member for environmental programs.

   Outreach Committee: Add Haas and Wheeler as appointed members.

   Add to committees list: Intern Review Committee: Gilbertson, chair; Bell, Brown, Casari, Leininger, and Russell - ex officio.

   Promotion and Tenure Committee:
   Vacin moved that previous committee members Barrett, Gilbertson, and Parsons (chair) be re-elected for 1995-96. Brown seconded. Following discussion, Vacin called the question and the motion to re-elect was voted. Motion carried.

   Social Committee:
   Jorgensen asked to be removed from membership on the committee. Kepler agreed to serve again, with stipulation that the committee needs guidance from the department on functions it should serve. Floor was opened for nomination of additional members. Lunde nominated Jacque Boydston; Vacin nominated Terry Meisenbach; Casari moved nominations close. The proposed committee membership would include: Boydston, Kepler, Meisenbach, Moody. Approved by unanimous consent.
4a.7. **Budget Status**
Russell distributed copies of the AgLEC General Operating Budget 7/1/95-6/30/96, with assurances he will work to try to get improvement in departmental allocations totals.

Russell announced that $300/per year professional development travel funds will continue to be budgeted through the department for tenure-line AgLEC faculty, 1995-1996.

4b. **CSREES - Comprehensive Departmental Review**
Russell will be in contact with USDA, which will coordinate the Cooperative State Research Education and Extension Service review, in conjunction with campus comprehensive review. External review members will include representatives from Washington, another campus department, another institution. Vacin suggested that February 1996, the previously designated target date for completion of the department review report, is too soon and proposed extending the time frame to April/May 1996. This will be discussed with the USDA contact.

5. **DISCUSSION/ACTION ITEMS**

5a. **Elections/Voting Rights Questions**
Russell reported on discussion with Vice Chancellor Omtvedt regarding rights and privileges of faculty who are tenure-line in AgLEC/budgeted outside the department. Omtvedt: six faculty in that status is "a disproportionately high number." Because votes have resource implications, zero-budgeted faculty should not have voting privileges. Service on committees, however, should be open and encouraged for all. Russell proposed a clarification to the voting rights question: That voting rights be restricted to those faculty holding 25 percent or more budget appointment in the department. Lunde observed this would amend previous departmental policy voted at August 17, 1994 department retreat. [The [voting] membership of the AgLEC faculty shall consist of every person with the rank of instructor or above, holding a full, joint, or courtesy appointment in the AgLEC department.] No vote was taken; the matter was referred back to the Guidelines Committee. Banset, Lunde, and Leininger will present findings at the October 20, 1995 staff meeting.

5b. **Annual Work Plans in Action Plan Areas**
Russell requested that action plan chairpersons think about an annual work-planning format for action plans, with firm, detailed, annualized plans for accomplishment within action plan areas. He will get a draft to chairpersons for comment.

5h. **Faculty and Department Head Evaluations**
Russell presented his thoughts on ways of connecting annual faculty evaluations with the action plans, with the aim of getting staff activities in line with plan objectives. A format of peer review could provide a mechanism for meshing individual activities with action plans. Within committees, peers would evaluate each member’s participation in the work of the committee. Annual evaluations would be responded to by a group of peers, rather than the Head alone. Evaluations of the department Head would also be framed within the overall action plan.

Brown commended Earl on this idea for broadening the annual review process beyond the IANR format.

5c. **Request for Courtesy Appointments in AgLEC**
Russell presented vitas and requests for courtesy appointments in AgLEC from Janet Poley and Dan Wheeler.
Parsons moved to extend courtesy appointment to Janet Poley; the motion was seconded by Fritz; and the present staff voted enthusiastically to offer Poley a courtesy appointment in the department.

Parsons moved to extend courtesy appointment to Dan Wheeler; motion was seconded by Kepler; and present staff voted enthusiastically to offer Wheeler a courtesy appointment in the department.

It was agreed that both Poley and Wheeler will be great assets to the department.

5d. Movement of Undergraduate Curriculum Proposals
Gilbertson reported on status of the department’s proposals for two new majors: Leadership in Agriculture and Natural Resources, and Communications in Agriculture and Natural Resources. The department undergraduate committee is still working on getting proposals to the CASNR Curriculum Committee.

5e. Academic Requests from Nebraska College of Technical Agriculture
Russell reported Dean Don Woodburn’s interest in AgLEC offering, via distance education, an undergraduate course in Leadership Education for Curtis students, as well as graduate programs for faculty at NCTA — with particular interest in Kay Rockwell’s 826 course to get the group underway in January.

5f. Brown-Bag Luncheon Seminar Series
Russell proposed that Brown-Bag Seminars be scheduled for Wednesday and Friday noon hours, every couple of weeks, with an occasional rotation to Thursday noon to accommodate faculty who teach MWF noon classes.

5g. Selection of Program Leaders
Russell asked the faculties in Communication, Leadership, and Ag Education to meet and select a leader for their respective programs who would serve as a contact person for Earl in channeling information.

Other Items: Liz Banset will spend next week in Indianapolis as an intern in the ESCOP/ACOP Leadership Development Program. Her internship will be through Dean Edwards’ office.

Meeting adjourned 5:00 PM
