Last Chance for NADCA Membership & Logo Contest!

This is your last chance to enter the Membership Incentive Contest and the NADCA Logo contest. Convince your friends to enroll in NADCA and you might be the lucky winner of a Remington 12-gauge shotgun. Give the last page of this newsletter to a person you believe should be a member of NADCA. If they submit a paid membership application with your name on the mailer, your name will be placed in a group from which one name will be drawn for the prize. The more applications you hand out, the more chances for you to win. (Just photocopy the application.)

New members have a chance to win, too. If their application is chosen, their membership fee will be refunded.

Don't forget to submit your NADCA logo idea to the Treasurer, Route 1, Box 37, Shell Lake, WI 54871. The logo should be suitable for use on hats, letterheads, and publications. And if your logo design is chosen, you will own a fine set of predator calls donated by Lohman Manufacturing of Neosho, Missouri as well as a hat with your very own logo!

Winners for both contests will be announced at the 15th Annual Vertebrate Pest Conference in March. Attend the Annual Membership meeting on March 4 (see announcement below) and find out if you're a winner.
