# Celebrate Us!

As the Professional and Organizational Development Network in Higher Education celebrates its twentieth anniversary, we would like to honor those programs that have been serving faculty, teaching assistants, and administrators at campuses throughout the nation. They serve in a variety of ways, providing faculty instructional, and organizational development for the improvement of learning and teaching.

The list that follows is hardly exhaustive. It represents only those members of POD who submitted their founding dates in response to a query. Where two programs are offered at the same institution, they have been listed separately. Years in operation to date have been interpreted as years already completed, either under the present name or a previous name. Collectively, the list represents nearly 1,000 program years of support for professional development. We celebrate our members!

Re: Letters to administrators

I've been asked to write letters to the academic administrators at some of the institutions who were awarded certificates from POD so that word of this celebration is passed on. If you would like a similar letter, please send me the name and address of the person to whom it should go and I will send the letter. Feel free to make alterations to the form letter to make it more appropriate to your context. If I don't hear from you, I'll assume you do not want anything sent. Thanks.
