## StoryQUEST's Vision

High-quality early relationships and experiences throughout their daily routines provide each infant and toddler with the tools and skills to build a strong foundation for future school readiness. Families, caregivers and communities as a whole collaborate to enable all children to become highly competent in language and literacy.

This checklist represents the kinds of language and literacy development practices often seen in high-quality early childhood environments. The checklist encompasses all children birth to age 5 and is inclusive of the needs of children with disabilities and English language learners.
