CC00-1991 Publication Catalog 1991

Follow this and additional works at: http://digitalcommons.unl.edu/extensionhist

http://digitalcommons.unl.edu/extensionhist/2982

This Article is brought to you for free and open access by the Extension at DigitalCommons@University of Nebraska - Lincoln. It has been accepted for inclusion in Historical Materials from University of Nebraska-Lincoln Extension by an authorized administrator of DigitalCommons@University of Nebraska - Lincoln.
Getting Started

The University of Nebraska’s Institute of Agriculture and Natural Resources offers more than 1,500 publications on topics for the home, farm or business. These publications are one means by which the University shares the results of its research, extension and teaching functions. In addition, new publications are released throughout the year and are available from your local extension office.

Publications in this catalog are listed under 15 major headings. Publication titles are preceded by a code consisting of letters and numbers. The numbers designate individual publications and may include the year of publication. The letters describe the type of publication.

Extension publications are written in a popular style for a general audience. G’s and HEG’s are NebGuides and Home Economics Guides, two- to four-page publications on farm, home and business topics. EC’s and CC’s are Extension Circulars and Campaign Circulars which are more detailed. AE’s are similar to EC’s and prepared by the Department of Biological Systems Engineering. LH’s designate Learn at Home publications — packets of publications specially selected to provide an indepth understanding of the topic. CP’s, which denote computer programs, are listed separately from topic headings on page 22.

Research publications often may be more technical and directed toward an audience with some background of the topic. They are designated by the letters: RB — Research Bulletin, RP — Regional Publication, SB — Station Bulletin (Issued by Research and Extension Centers), and MP — Miscellaneous Publications.

Most publications are available free or at a nominal charge. Shipping and handling are extra. To order publications, contact your local extension office or use the form in the center of this catalog. If the form is missing, contact the Department of Agricultural Communications, 105 Agricultural Communications Building, University of Nebraska-Lincoln, Lincoln, NE 68583-0918.

How to Order Publications

Most bulletins listed here are available at your local extension office. If your extension office doesn’t have the publications you want, you can write to the Department of Agricultural Communications with your request or use one of the order forms found in this catalog.

NEBRASKA residents can be sent single copies of up to 10 different publications free of charge plus a mailorder charge of $1 for 1 through 10 copies. To get single copies of more than 10 different publications, you must pay the prices listed following the title for the extra copies plus the $1 mailorder charge. Payment must accompany order. NOTE: Publications with the prefix G or HEG in the publication number have no price listed following the description. They are one price, $.10 per copy.

OUT-OF-STATE residents are encouraged to contact their own land-grant university for publications that will apply more specifically to their needs. Out-of-state orders will have a charge for each publication ordered (shown at the end of each description) plus a minimum mail order charge of $1 for 1 through 10 copies. NOTE: Publications with the prefix G or HEG in the publication number have no price listed following the description. They are one price, $.10 per copy. Payment must accompany order.

There are a few publications for which a charge is made even if only a single copy is requested. These publications are listed as FOR SALE ONLY. Payment must accompany order.

All orders for delivery to NEBRASKA addresses must include sales tax of 6 1/2%. Nebraska addresses claiming a sales tax exemption must furnish an exempt sales certificate when ordering.

FOR SALE ONLY publications cannot be returned for credit or refund.

Checks or money orders should be made payable to the University of Nebraska.

Issued March 1991, 5,000
CROPS

Corn

EC 86-112 Origins, Adaptation and Types of Corn ($10)
EC 86-260 Distillers Grains ($0.25)
EC 90-105 Nebraska Corn Performance Tests 1990 ($0.50)
G 74-121 Field Sandbur Control In Corn
G 74-131 No-Till Corn in Alfalfa Sod
G 74-174 Fertilizer Suggestions for Corn
G 76-301 How to Tell Corn, Sorghum Maturity
G 77-352 Crop Information For Western Nebraska
G 77-361 Using Starter Fertilizer For Corn
G 79-471 Choosing Corn Hybrids
G 79-478 Corn Planting Dates, Populations, Depth, and Row Spacings
G 79-481 Setting Your Corn Yield Goal Is Important
G 80-492 How To Take A Soil Sample For Corn Nematode Assay
G 84-691 Goss’s Bacterial Wilt and Blight of Corn
G 84-702 Root and Soil Analyses for Nematodes in Corn
G 86-796 Growing Degree Day Requirements and Freeze Risk as a Guide to Selecting and Planting Corn Hybrids
G 86-803 Assessing Hail Damage to Corn
G 89-913 Adjusting Nitrogen Fertilizer for Corn Based on Nitrate Levels in Soil and Irrigation Water
RB 270 Leaf Freckles and Wilt of Corn Incited by Corynebacterium Nebraskense Schuster, Hoff, Mandel, Lazard, 1972 ($0.75)
RP 344 Uneven Emergence in Corn ($0.30)
RP 98 Corn Pest Management for the Midwest—A Guide for Pest & Problem Diagnosis (FOR SALE ONLY: $7.00)

Dry Beans

EC 79-1863 Dry Edible Bean Diseases ($0.15)
G 84-686 Irrigating Dry Beans
G 84-725 Measuring Harvest Loss of Dry Edible Beans
G 86-813 Fertilizing Edible Dry Beans
RP 198 Dry Bean Production Problems (FOR SALE ONLY: $4.00)
SB 527 Growing Dry Edible Beans In Nebraska ($0.25)

Other Grains

EC 86-111 Producing Proso in Western Nebraska ($0.10)
EC 87-114 Nebraska Sunflower Test 1986 ($0.10)
EC 89-107 Nebraska Proso and Sunflower Variety Tests 1989 ($0.45)
EC 90-102 Nebraska Spring Small Grain Variety Tests 1990 ($0.45)
G 78-398 Irrigated Small Grain Production
G 78-426 Popcorn
G 79-430 Oat Production in Nebraska
G 80-487 Oat Varieties For Nebraska
G 89-906 Barley Yellow Dwarf of Barley, Oats, and Wheat
G 89-924 Fertilizing Proso and Pearl Millet
MP 45 Phenological Stages of Proso Millet ($0.15)
RB 292 Influence of Fertilizer Nitrogen and Sulfur on Production of Malting Barley ($0.75)

Sorghum

EC 90-106 Nebraska Grain Sorghum Hybrid Tests 1990 ($0.50)
G 74-112 Fertilizing Grain Sorghum
G 86-812 Sorghum Yield Loss Due to Hail Damage

Soybeans

EC 90-104 Nebraska Soybean Variety Tests 1990 ($0.55)
G 74-204 Irrigating Soybeans
G 78-414 Soybean Harvesting Management Tips
G 79-445 Soybean Variety Selection
G 84-687 Soybean Planting Date—When and Why
G 84-737 Soybean Inoculation—When Is It Necessary?
G 85-762 Soybean Yield Loss Due to Hail Damage
G 87-859 Fertilizer Suggestions for Soybeans
G 88-875 Weed Control in Soybeans
G 89-953 Soybean Chlorosis
G 90-963 Narrow-row Soybeans
RB 312 Soybean Chlorosis Studies on High pH Bottomland Soils ($1.25)

Sugar Beets

G 73-8 Fertilizing Sugar Beets
G 80-491 A Composite Of Fungus And Nematode Diseases Of Sugarbeets
SB 548 The N, P, K Status Of Sugarbeet Producing Soils In Western Nebraska And Its Relationship To Sugar Yield ($0.25)

Wheat

EC 78-193 Crops Contest Guide ($0.10)
EC 89-1871 Wheat Streak Mosaic Disease ($0.15)
EC 90-103 Nebraska Fall-Sown Small Grain Variety Tests 1990 ($0.50)
G 73-24 Winter Wheat Varieties
G 73-35 How To Plant Wheat
G 73-36 When To Plant Wheat
G 73-68 Stem Rust Of Wheat
G 74-110 How To Fallow
G 74-169 Bunt or Stinking Smut of Wheat
G 74-202 Soil-Borne Wheat Mosaic
Leaf Rust of Wheat
Winter Wheat Hay As A Forage
Tan Spot of Wheat
Take-all Disease of Wheat and Grasses
Septoria Leaf Blotch of Wheat
Small Grains Seed Treatment
High Quality Seed Wheat
How to Apply Fertilizer to Wheat
Date of Planting Studies of Winter Wheat and Winter Barley in Relation to Root and Crown Rot, Grain Yields and Quality
Effects of No-Tillage Fallow Compared to Conventional Tillage in a Wheat-Fallow System

Engineering, Conservation, Safety

Conservation

EC 76-714 Conservation Production Systems For Row Crops ($0.10)
G 75-282 Emergency Wind Erosion Control
G 79-474 Understanding Wind Erosion and Its Control
G 81-544 Residue Management for Soil Erosion Control
G 82-586 Effects of Agricultural Runoff On Nebraska Water Quality
G 82-626 Air Properties, Temperature and Relative Humidity
G 85-750 Terrace Systems for Nebraska
G 86-782 Distribution of Crop Residue - A Requirement for Conservation Tillage
G 86-793 Estimating Residue Cover
G 86-804 Plant Disease Control for Conservation Tillage Systems
G 86-809 Ecofarming - No-till Sorghum Following Ecofallow Corn or Sorghum
G 87-835 Ecofarming: No-till Ecofallow Proso Millet in Winter Wheat Stubble
G 88-884 Ecofarming: Selecting Corn and Grain Sorghum Hybrids, Planting Dates, and Planting Rates in a Winter Wheat-Raw Crop-fallow Rotation
G 89-910 The Conservation Reserve Program: A Layman's Guide
G 89-911 The Conservation of Wetlands: A Guide to Swamped
G 90-981 Using the Line- Transect Method to Estimate Percent Residue Cover

Energy

AE 100 Troubleshooting Livestock Environmental Control Systems ($0.05)
AE 103 Cooling Systems For Livestock ($0.05)
AE 108 Solar Heat For Grain Drying ($0.05)
AE 88 Solar Heating For Home, Farm and Small Businesses ($0.05)
AE 89 Solar Energy Heat Storage For Home, Farm and Small Business ($0.05)
AE 99 Solar Heating Systems for Confinement Livestock Buildings ($0.05)
CC 343 Energy Efficiency in Food Processing
EC 78-2051 The Effective Detective: Finding Energy Savings at Home ($0.10)
G 80-505 Economics of Energy Used in Fallow Systems for Winter Wheat-Fallow Rotation
G 81-578 Fuel Use For Field Operations
G 90-957 Is Burning Wood Economical?
HEG 78-94 Electrical Appliances And The Energy $ RP 191 Wind and Snow Control Around the Farm ($0.15)

Farm Buildings

G 73-31 Design and Construction of Grain Bin Floors
G 74-177 Consulting Engineers in the Feedlot Industry
G 77-343 Swine Confinement Growing-Finishing Units
G 79-455 Calf Hutches
G 80-530 Brooder Houses And Equipment For The Home Flock
G 81-560 Fuel Storage
G 82-623 An Overview of Concrete as a Building Material
G 82-625 Concrete Construction—Curing
G 82-627 Ventilation Fans: Performance
G 82-628 Ventilation Fans, Types and Sizes
G 82-629 Ventilation Fans, Efficiency and Maintenance
G 82-630 Concrete Construction Obtaining Quality Results
G 83-651 Nebraska Solar Heated Modified-Open-Front Swine Nursery
G 83-683 Quality Concrete for Swine Facilities
G 84-692 Aeration of Stored Grain
G 85-760 Natural Air Corn Drying
G 86-825 Existing Buildings - Remodel or Abandon?
G 87-845 Electrical Systems for Agricultural Buildings (Recommended Practices)
G 87-846 Electrical Systems for Agricultural Buildings (Checklist)
G 87-862 Holding Wet Grain With Aeration
RP 370 Historical Rural Buildings — A Program Guide (FOR SALE ONLY: $0.50)
RP 371 Historic Farmsteads (FOR SALE ONLY: $0.75)
Farm Power and Machinery

CC 17 Emergency Flood Information: Tractor And Implement Cleaning ($.05)
EC 79-788 How To Get A Good Irrigation Well ($.05)
EC 81-713 It Pays To Test Your Irrigation Pumping Plant ($.10)
EC 81-760 How To Adjust Vertical Turbine Pumps For Maximum Efficiency ($.20)
EC 83-708 Noise...Sound Without Value ($.20)
EC 87-728 Sprayer Calibration Method Card ($.20)
EC 89-2103 Safe Tractor Operations ($.10)
G 75-234 Wheel Weights: How Much?
G 76-287 How Many Drawbar Horsepower Can Your Tractor Develop?
G 76-310 Water System Design for Feedlots
G 80-500 Ecofarming: Selection Of Tractor Mounted Or Pull-Type Sprayers
G 81-550 Ecofarming: Operating High Capacity Sprayers (Floaters) For Herbicide Application
G 81-555 Guidelines For Constructing A Pipewick Applicator
G 81-562 Guidelines For Using Pipewick And Other Selective Applicators
G 81-573 Reading A Watt-Hour Meter To Determine Drawn Horsepower
G 81-579 Nebraska Tractor Tests
G 82-566 Calibrating a Sprayer
G 82-593 Air Line Method for Measuring Water Levels in Irrigation Wells
G 83-684 Row Crop Planters, Equipment, Adjustments and Performance in Conservation Tillage
G 84-699 Horsepower—What Is It?
G 84-740 Preventing Fuel Problems During Cold Weather Diesel Engine Operation
G 88-865 Fine Tuning A Sprayer with the “Ounce” Calibration Method
G 88-876 Ridge Plant Systems: Equipment
G 89-930 Radial Tractor Tires - Performance That Counts!
G 89-938 Comparison Cost Worksheet for Radial Tractor Tires
G 89-955 Nozzles — Selection and Sizing
G 90-983 Equipment Adjustments for Herbicide Incorporation
G 91-1019 Set Up of Tillage, Planting and Directed Spray Equipment
G 91-1020 Plumbing Systems of Agricultural Sprayers

Safety

CC 18 Emergency Flood Information: Salvaging Flooded Livestock Feed ($.05)
CC 2 Emergency Flood Information: Flood Information Before The Flood ($.05)
EC 80-718 Caution, Look Up! Power Lines May Be Overhead ($.15)
EC 81-1746 Building a TopScreen for a Burning-Barrier ($.05)

EC 86-1758 Don’t Let Fire Reap Its Harvest ($.15)
EC 88-785 Traffic Emergencies...Prepare For Them! ($.15)
EC 91-733 Wanted Alive ($.10)
G 75-233 Dams or Road Structures to Replace Rural Bridges?
G 76-284 Hand Signals for Agriculture
G 76-303 Large Round Bale Safety
G 77-338 Open Burning
G 78-399 Know Your Fire Extinguisher
G 79-460 Farm Pesticide Storage
G 82-600 Chimneys—Their Installation and upkeep
G 83-664 Space Heaters—Safe or Unsafe?
G 83-667 Home Fire Detection
G 87-847 Is My Livestock System Safe?
G 89-948 Safe Operation of Compact Tractors
G 89-949 Safety During Snow Removal
G 90-973 Oil Additives to Reduce Grain Dust
G 90-990 Explosion Venting and Suppression of Bucket Elevator Legs

Waste Management

AE 98 Manure Pit Ventilation in Confinement Livestock Buildings ($.05)
EC 89-117 Fertilizing Crops with Animal Manure ($.30)
G 74-191 Anaerobic Lagoons
G 79-446 Maintaining a Septic Tank System
G 79-448 A Septic Tank System for Sewage Treatment
G 80-512 Home Sewage Treatment Systems
G 80-514 Soils, Absorption Fields and Percolation Tests for Home Sewage Treatment
G 80-531 Swine Manure Management Systems
G 81-559 Mound Sewage Waste Treatment Systems
G 81-583 Irrigating With Sewage Effluent

FOODS AND NUTRITION

Food Nutrition

CC 261 How Much Vitamin C Are You Eating? ($.05)
CC 294 Calories, Fat, and Cholesterol in Your Food ($.10)
CC 304 Family Nutrition Guide ($.05)
EC 84-408 Grains As Food (FOR SALE ONLY: $2.20)
G 89-916 How Much Sodium Are You Eating?
G 89-917 How Much Vitamin A Are You Eating?
G 89-918 Water: The Nutrient
G 89-927 Body Weight Assessment
G 89-935 Planning for Healthy Eating
G 89-956 Eating Out - Lightly but Delightfully
G 90-962 Introducing Solid Foods To Babies
G 90-965 Eating Lean For Life

RB 278 Properties of Soils in the Solid Set Irrigation Area of the Sandhills Agricultural Laboratory ($0.50)
RB 307 Chemical, Physical and Mineralogical Properties of Mitchell and Tripp Soils in the Nebraska Panhandle ($0.50)
SB 534 Soil Nutrient Levels For Alfalfa In The Central Platte Valley ($0.25)

WATER

Irrigation

EC 84-725 Pumping Plant Repair Feasibility ($0.25)
EC 88-729 Irrigation Pumping Plant Alternatives ($0.20)
EC 89-723 Irrigation Scheduling Using Soil Moisture Blocks in Silty Soil ($0.20)
EC 89-724 Irrigation Scheduling Using Tensiometers in Sandy Soil ($0.25)
EC 89-730  Anti-pollution Protection When Applying Chemicals with Irrigation Systems ($ .30)
G 73-20   Fertilizing Through Center Pivots
G 73-58   Top Yields With Least Water Programmed Soil Moisture Depletion
G 74-129   Applying Anhydrous Ammonia In Irrigation Water
G 74-98   Buying A Center Pivot
G 77-328   Irrigation Water Quality Criteria
G 77-340   Scheduling Irrigations by Electrical Resistance Blocks
G 78-392   Selecting and Using Irrigation Propeller Meters
G 80-525   Irrigation Scheduling Using Crop Water Use Data

Water Resources Management

EC 87-727   Protecting Our Groundwater - A Grower's Guide ($ .10)
G 77-358   Artesian (Confined) Aquifers And Effect of Pumping
G 85-763   Nitrate-Nitrogen in Drinking Water
G 89-907   Water Testing Laboratories

WEATHER AND CLIMATE

Climatology/Meteorology

G 75-253   Growing Degree Days
G 80-526   The Effect Of Weather On Corn: Preseason Precipitation And Yield Of Unirrigated Corn
G 81-552   Effects Of Weather On Corn Planting And Seedling Establishment
G 83-673   Maturity Dates and Freeze Risks Based on Growing Degree Days
MP 42   An Analysis Of Nebraska's Precipitation Climatology With Emphasis On Occurrence Of Dry Conditions ($ .50)
MP 46   Drought in the Great Plains: A Bibliography ($1.00)
RB 213   Solar Energy and Sunshine in Nebraska ($ .20)
RB 242   Growing Season Air-Soil Temperature Relationships at Lincoln, Nebraska ($ .35)
RB 280   Growing Degree Days Predictions for Corn and Sorghum Development and Some Applications to Crop Production in Nebraska ($ .75)
RB 287   Simulation Studies of Corn Hybrid-Climate Response in Nebraska ($ .50)
SB 498   Agroclimatic Calendar for Nebraska ($ .25)
SB 524   Spring And Fall Freeze Probabilities For Nebraska ($ .25)

WEEDS

Weeds

EC 77-199   Hay Fever Plants of Nebraska ($ .10)
EC 87-160   Musk Thistle...Its Appearance, Spread and Control ($ .10)
G 74-122   Shattercane — What To Do About It
G 74-123   Weed Control In Reduced Tillage Corn
G 74-137   Weed Control In Grain Sorghum
G 75-210   Jointed Goatsgrass
G 77-384   Common Milkweed
G 78-420   Weed Control Along Irrigation Pipe And Ditchbanks
G 78-422   Know And Control Downy Brome
G 79-436   Control Of Downy Brome In Alfalfa
G 80-509   Canada Thistle
G 80-510   Sagebrush Control
G 80-533   Water Use By Weeds In A Wheat-Fallow System
G 81-546   Ecofarming: Fallow Aids In Winter Wheat-Fallow Rotation
G 81-551   Ecofarming: Spring Row Crop Planting And Weed Control In Winter Wheat Stubble
G 83-648   Wild Proso Millet
G 83-665   Hemp Dogbane
G 83-681   Velvetleaf
G 86-807   Where Do Weeds Come From?
G 87-834   Leafy Spurge
G 88-863   Annual Broadleaf Weed Control In Winter Wheat
G 89-899   Weed Control In No-Till Corn, Grain Sorghum, and Soybean Production

The following programs are available for IBM and IBM-compatible computers.

**CP 1 Nebraska PC-Cowcard - A Beef Cow-Calf Microcomputer Program.** This program, written for the commercial cow-calf producer, stores, summarizes and analyzes large quantities of information on the cow herd including cow-calf histories and bull histories. It generates worksheets, reports and at the end of the year, automatically transfers pertinent data to the cow card and recalculates a new MPPA and averages for important traits. Requires 640K capacity and 10 megabyte hard disk. Specify diskette size. *(FOR SALE ONLY: $150.00)*

**CP 2 Share Arrangements for Cow-calf or Cow-yearling Operation: COWSHARE A Spreadsheet Program.** This computer program is to assist in the analysis of cow-calf or cow-yearling share arrangements. Available on 5 1/4" diskette only. *(FOR SALE ONLY: $15.00)*

**CP 3 Erosion - Universal Soil Equation: A Handbook for Nebraska Producers.** This program helps landowners learn the effects of varying cropping practices, soil types and rainfall amounts on soil erosion. It includes a copy of the publication, EC 88-116: Universal Soil Loss Equation: A Handbook for Nebraska Producers. Available on 5 1/4" diskette only. *(FOR SALE ONLY: $5.00)*

**CP 4 Pump Alternatives.** This computerized spreadsheet was developed to calculate the operating costs for a number of possible changes in an established pumping plant. It was designed to help irrigators calculate the cost of savings of these changes. Includes a copy of the publication EC 88-729, Irrigation Pumping Plant Alternatives. Available on 5 1/4" diskettes only. *(FOR SALE ONLY: $10.00)*

**CP 5 European Corn Borer.** This program is a powerful tool to manage the European Corn Borer in Nebraska field corn. The program predicts when second generation moths will lay eggs and when fields should be scouted. Scouting information is analyzed for relevant factors in deciding if insecticide treatment would be profitable, comparing predicted economic losses and control costs for individual fields. *(FOR SALE ONLY: $65.00 plus $4.23 sales tax and $2.00 shipping [$71.23] for each copy ordered). Specify diskette size. Note: This software package will be sold only to Nebraska residents.

**CP 6 TERM—Term Loan Amortization and Calculation of Loan Balances.** This spreadsheet program was developed to help analyze financial matters related to loans. *(FOR SALE ONLY: $15.00)*
