This Article is brought to you for free and open access by the Vertebrate Pest Conference Proceedings collection at DigitalCommons@University of Nebraska - Lincoln. It has been accepted for inclusion in Proceedings of the Sixteenth Vertebrate Pest Conference (1994) by an authorized administrator of DigitalCommons@University of Nebraska - Lincoln.

## CONFERENCE PARTICIPANTS

The number of registered attendees was 318. The participants came from 30 states, the District of Columbia, and from 14 other countries. The wide representation from the United States and countries throughout the world contributed to the success of the Conference by providing a highly knowledgeable and diversified group for the exchange of research progress, new ideas, and information on a wide range of vertebrate pest topics.
