Introduction

The 21st CASNR Annual Report highlights the accomplishment of the past year and reflects the efforts of faculty, staff, students, stakeholders, colleagues and alumni. More importantly, it reflects the efforts, creativity and commitment to the College that has become a hallmark of CASNR. This year we will experience changes in the College office that are unparalleled in our recent history. Both Associate Dean Schinstock and Sue Voss are retiring. Additionally, Associate Dean Hardin has returned to the faculty from his administrative role in the School of Veterinary Medicine and Biomedical Sciences and the Professional Program in Veterinary Medicine. Each change is significant by itself and having to address all three in the same year may seem overwhelming. But the success of the College has been built on its ability to adapt to change while honoring its legacy, maintaining its ethic of responsibility, sharing a common vision, respecting the individual and finding value in each. The sustainability of culture and environment is a hallmark that applies to the College as well as the College Deans office. As we embrace these changes, our goal is a seamless transition of serving each of you and a commitment to building the future with tradition. Please let us know how we are doing and take the time to welcome our new team members to the College—it is a very special place.

CASNR is consistently growing and working on new activities and programs for students. This year, CASNR was pleased to initiate a variety of activities. During the 2013-2014 academic year, the following occurred.

New Curriculum and Programming Initiatives:

- The Institute of Agriculture and Natural Resources named the National Center for Agricultural Literacy;
- Partnered in offering the first joint, campus-wide life sciences curriculum (LIFE 120 and LIFE 121) in Academic Year 2013-2014;
- IANR launches Science Literacy Initiative;
- New individualized Bachelor of Science degree program in Integrated Science;
- First Reverse Transfer program, Online Degree Completion program hosted at a 2-year institution and first 'Link to Lincoln' program all finalized with NCTA;
- First collaborative undergraduate professional degree between the Bachelor of Science in Environmental Studies and Master of Public Health with a concentration in Environmental and Occupational Health (UNMC) (pending approval from Nebraska Coordinating Commission);
- First Bachelor of Arts degree program offered through CASNR; and
- First Gamma Sigma Delta Heritage banquet.

Students, Faculty, Alumni:

- Held the first commencement in the Pinnacle Bank Arena (August 2013);
- Graduated our inaugural class of the Engler Agribusiness Entrepreneurship program in May 2014;
- First time that both the Homecoming King and Queen have been CASNR students;
- First Education Abroad experience for our students in China, Botswana, Ethiopia, and Greece;
- Joe Dauer and Tomas Helikar awarded a National Science Foundation grant, "An Innovative Computational Modeling Intervention to Facilitate Learning of Biology in University Courses Using Simulation and Dynamic Systems Approaches" for \$2.32M (2014-2018); and
- The CASNR Alumni Brick program began which will be part of the Legacy Courtyard.

Facility Enhancement:

- Dedication of the new Alpha Gamma Rho house;
- The commercial building just west of the new AGR house opened with Valentino's relocating in the new commercial space; and
- Construction began on the new East Campus Activities Building renovation.

Dedication

The 21st Annual Report is dedicated to those that have created and maintained the spirit of the College. When people are asked to describe the College, the adjectives, descriptors, phrases all have human characteristics - the college seems organic. How does an organizational entity become life-like; how does it become easier to describe it in terms of human characteristics, rather than business or organizational parameters? How does an organizational entity become sincere, accessible and transparent in form and function; encourages creativity, innovation and professionalism; creates an environment where everyone can be an individual, but is never alone; and honors legacy and tradition?

The answer is in the people. A college becomes more than an organization when the faculty, staff, students, alumni and stakeholders embrace ownership, responsibility and share a common vision about serving students that transcends the years and the generations. This annual report is dedicated to honoring those who have preceded us and built the foundation for the continued growth and service of our College. Thank an emeriti, remember a faculty member who has passed, express our appreciation to our staff, stay in touch with our alumni and always honor the investment and commitment that our donors and stakeholder make in our students, thank our current students for choosing us, and express our gratitude to their families for making it possible. The spirit of the college is defined by the people and we are so very fortunate.

Let's also take this opportunity to rededicate ourselves to maintaining the CASNR spirit as we grow and welcome new faculty. We should never take for granted this special place; we must be diligent each day to reinforce the spirit, particularly with our new colleagues.

CASNR Standing Committees

CASNR CURRICULUM COMMITTEE

The Curriculum Committee will have the authority and the responsibility to examine, study, or request study of, and establish procedures and policies for, any matters concerned with the undergraduate and graduate curriculum of the College, subject to review by the Faculty. The Curriculum Committee shall function as an active “parent” unit in all matters relating to: a) courses prefixed AGRI; b) courses and curriculum for CASNR Professional Programs (e.g. Professional Program in Veterinary Medicine and Doctor of Plant Health); and c) all other courses and any CASNR curriculum without an academic unit sponsor (e.g., B.S. in Applied Science, B.S. in Forensic Science, minor in Energy Science, or minor in Engler Agribusiness Entrepreneurship Program).

Members of the CASNR Curriculum Committee for 2013-2014

Dennis Conley, Agricultural Economics
Dann Husmann, Agricultural Leadership,
Education and Communication
Walter Schacht, Agronomy and Horticulture
Bryan Reiling, Animal Science, Vice Chair
Melanie Simpson, Biochemistry
Rick Stowell, Biological Systems Engineering
Steve Danielson, Entomology
Michael Zeece, Food Science and Technology

Gary Yuen, Plant Pathology
Mark Burbach, School of Natural Resources
Bruce Brodersen, School of Veterinary Medicine and
Biomedical Sciences, Chair
Lloyd Bell, Agricultural Leadership, Education and
Communication; University Curriculum
Committee Representative
John Markwell, CASNR Dean’s Office
Representative

COMMITTEE ON SCHOLARSHIP

The Committee on Scholarship is responsible for recommending criteria for graduation with distinction, high distinction or highest distinction, as well as recommending to the faculty, prior to December, May and August graduations, the senior students worthy of these distinctions. The Committee on Scholarship also advises the Dean on scholarship policies.

Members of the CASNR Scholarship and Graduation with Distinction Committee for 2013-2014

Steve Danielson, Entomology
Dann Husmann, Agricultural Leadership, Education and Communication
Ron Hanson, Agricultural Economics
Jack Schinstock, Biological Systems Engineering

TEACHING/ADVISING AWARDS COMMITTEE

The Teaching/Advising Awards Committee is responsible for recommending candidates for the Distinguished Teaching Award and other teaching and advising awards in consultation with the CASNR Student Advisory Board.

FACULTY ADVISORY COUNCIL

The Faculty Advisory Council (FAC) has the authority and responsibility to provide counsel and advice on any topic that the Dean shall refer to the Council that potentially impacts the College and affairs not under the jurisdiction of other standing committees, to serve as a liaison between the College's administration and the Faculty, to annually review procedure for evaluation of the Faculty and administrators within the College in concert with the Liaison Committee of IANR, to recommend to the Dean the establishment of ad hoc committees, and to act as the College Committee on Committees, serve as a source of advice to the Dean on general matters of teaching, and provide the primary review of CASNR educational assessment results.

The year began with a Planning and Transition Meeting held on August 20, 2013 to prepare for the academic year. Deepak Keshwani, Chair for 2012-2013, conducted this meeting. Zac Reicher transitioned to Chair for 2013-2014. John Kammermann was elected as Vice-Chair. The Council met the first Friday of each month thereafter.

Highlights from the 2013-2014 academic year:

- A survey for graduation rates was compiled and sent to graduating seniors in Ace 10 classes.
- A classroom needs assessment was compiled and sent to unit administrators. Results were shared in June with CASNR administration.
- Academic Integrity Policies were developed by each unit. These policies or the location for these policies should be listed in every syllabus. The CASNR policy is on the CASNR website.
- Classroom emergency procedures were discussed. Entomology Hall is the first building to receive emergency signage. Locks on doors, etc. will continue to provide safety for students and instructors.

Monthly meetings also included reports from the CASNR Dean's Office.

Walter Schacht, Department of Agronomy and Horticulture
(2011 Crowe Award Winner)

CASNR TEACHING AND LEARNING IMPROVEMENT COUNCIL

The Teaching and Learning Improvement Council (TLIC) held their Planning and Transition Meeting on August 22, 2013. The Council sponsored three seminars and held one seminar in conjunction with the Department of Entomology): 1) October 16 – Blackboard Grade Center 101 / Terry Workman; 2) November 19 – Introduction to Blended Learning / Sydney Brown (in conjunction with the Department of Entomology); 3) March 12 – Learning Catalytics Workshop: Introduction to a Tool for Interactive Classroom Instruction / Chad Brassil; 4) April 22 – Leveraging On-campus Resources to Energize your Teaching / Marilyne Stains & Kevin Lee. The TLIC organized the 47th Winter Interim Workshop held on January 10, 2014, “Using Blended Learning in the Classroom.” Sydney Brown, Blended Learning Coordinator, Online Distance Education, UNL was the keynote speaker. Approximately 100 people attended.

A theme of the Winter Interim Workshop and the final three seminars was to introduce faculty to student-centered learning pedagogies that are being employed by faculty at the University of Nebraska-Lincoln. Sydney Brown introduced blended learning in November and further developed the topic during the Winter Interim Workshop. Blended learning is a mixing of traditional and online learning activities. The approach reduces the amount of time spent in the classroom, which in turn is replaced with online activities. Because the approach is student-centered, blended learning demands active learning and encourages self-directed learning. The workshop was well-received (overall assessment: 4.2 / 5) and the workshop met the expectations of responding faculty (88% of those that responded using the evaluation form).

The presentation by Drs. Stains and Lee provided information on two National Science Foundation (NSF) initiatives intended to introduce UNL STEM faculty to instructional practices that are grounded in research on how people learn. The workshops focus on two well-developed and researched approaches, peer instruction (i.e., how to use clickers effectively) and Just-in-Time Teaching (i.e., how to get your students to come prepared to class). The seminar speakers also provided details about upcoming workshop series (2014-2015) in which faculty can learn about these techniques in more detail as well as other effective instructional practices.

Dr. Chad Brassil supplemented the peer instruction topic by introducing Learning Catalytics, a cloud-based system used to complement Peer Instruction and other active learning approaches. LC has several advantages over

clickers including the use of laptops, tablets, and smartphones to enter responses, the ability to ask students questions that require short answer replies, numbers or even formulas, sketching simple graphs, or selecting a hot spot in an image. LC identifies students that should speak with each other to discuss an answer (Think-Pair-Share approach) and can be configured to allow students to work and respond in groups.

Departmental News and Events

In May, each department was mailed a questionnaire to collect information for the 2013-2014 Annual Report. The dates for reporting were August 1, 2013 to July 31, 2014.

1. List students who have been recognized by your department for outstanding achievements. (List students' names by first name, middle initial, last name). [Number of nationally-competitive awards won by undergraduate and graduate students].
2. List scholarships given by your department (not through the Dean's Office). (List students' names by first name, middle initial, last name).
3. List new teaching faculty hired by your department in the last year (August 1, 2013 to July 31, 2014). (List faculty by first name, middle initial, last name).
4. List teaching faculty who have retired in the last year (August 1, 2013 to July 31, 2014). (List faculty by first name, middle initial, last name).
5. List faculty who have added a teaching appointment in the last year (August 1, 2013 to July 31, 2014). (List faculty by first name, middle initial, last name).
6. List deceased faculty in the last year (August 1, 2013 to July 31, 2014). (List faculty by first name, middle initial, last name).
7. Other. List any additional information that has not been requested which identifies significant accomplishments in the unit's academic mission.

DEPARTMENT RECOGNITIONS

Agricultural Leadership, Education and Communication (ALEC) received the 2014 Award for Engagement of Emeriti Faculty presented by the College of Agricultural Sciences and Natural Resources and was recognized by the Nebraska FFA Foundation as a Premier Sponsor.

The **Electronic Media Team** produced an agriculture marketing video for the Nebraska Department of Agriculture. The video, "Nebraska Agriculture," will be used to promote the state's top industry within the domestic and international marketplace. View the NDA video at: youtube.com/user/NeDeptAg.

UNL Extension's publication *Rain Garden Design: Site Selection and Sizing Guide* has been selected to receive the Gold award in the *Long Publication* category by the Association of Natural Resource Extension Professionals (ANREP). The publication offers information about the benefits of rain gardens and how to choose the right size and site for a garden. It has many features, including instructive videos, slideshows and interactive charts, covering many aspects of rain gardens.

Allison Bennett, Steve Rodie, Tom Franti, Kelly Feehan, David Shelton and Kathryn Pekarek received Winning Design Team for Extension on May 21 at the ANREP 2014 Conference in Sacramento, California. The award program is intended to foster high standards and expand the use of high quality, innovative materials and programs by honoring the outstanding members and partners who developed them. ANREP is a national association for Cooperative Extension Service (CES) professionals working in environmental education, fisheries, forestry, wood sciences, range, recreation, waste management, water, wildlife, and related disciplines.

Karen Cannon was the recipient of an IANR Research Travel Grant for Summer 2014. Dr. Cannon has received \$500 for attendance at the Association for Education in Journalism and Mass Communication's 97th Annual Conference.

Nic Colgrove presented *Extension TV – A New Way to Aggregate Video Content* at the May 25, 2014 National eXtension Conference in Sacramento, CA; *Apps to Help Your Small Business* at the April 2014 Broadband Roadshow events in Sidney and Alliance, NE; and *Cool Tools to Help Your Small Business* at the March 2014 Broadband Roadshow events in Atkinson, North Platte and McCook, NE.

Mike Farrell and Mike Forsberg were invited to present their *Platte Basin Time Lapse Project* at the 2014 Joint Aquatic Sciences meeting in Portland, Oregon May 18-23, 2014. This international conference is a joint meeting of four leading aquatic scientific societies and was a great opportunity to showcase the Platt Basin Project as well as ongoing efforts in ALEC, IANR, UNL and Nebraska.

Mike Forsberg was featured in a new Quest video entitled *QUEST: Beyond Plain Sight*, produced by NET. The story, *QUEST: Beyond Plain Sight* is online at <http://science.kqed.org/quest/video/michael-forsberg-beyond-plain-sight/>. The TV episode aired in KQED San Francisco, KCTS Seattle, WPT Madison, WI, ideastream Cleveland, and UNCTV Durham, NC.

Lindsay Hastings received UCARE funding to support three NHRI students: Hannah Brenden, Melissa Laughlin, and Morgan Netz. The three Nebraska Human Resources Institute (NHRI) students will be working with Lindsay on a transfer of leadership study entitled *Factors of Successful Leadership Transitions within Organizations* where they will be collaborating with the Rural Futures Institute, the Nebraska Community Foundation, the Heartland Center for Leadership Development and the Center for Rural Entrepreneurship to study success factors of Nebraska organizations and communities that have deliberately invested in facilitating successful transfers of leadership. Each student was funded at the \$2400 level.

Lana Johnson had two proposals accepted for presentation at the Guild of Natural Science Illustrator's 2014 Conference in Boulder, CO, July 13-18, 2014.

Sandi Karstens has been selected to receive the 2014 Association of Communication Excellence (ACE) Media Relations Award of Excellence! The Award of Excellence exemplifies excellence in a specific Special Interest Group, and Sandi's nomination highlighted her leadership and work in Nebraska and in ACE. Sandi will receive her award at the national conference for the Association for Communication Excellence, June 24 - 27 in Portland, Oregon.

Congratulations to **Brad Mills** for his efforts in promoting *Backyard Farmer* through YouTube! One day last week saw just under 4,000 views of *Backyard Farmer* content, which represents the most views *ever* for a single day. The *Backyard Farmer* YouTube channel is now getting over 10,000 more views each month than the same period last year. The audience has grown to 22,000 views each week. It's clear that people need the content that UNL Extension is producing through EdMedia. The *Backyard Farmer* content has never been more popular.

Judy Nelson and **Cheryl Alberts** have been notified that they've received first-place for three projects entered in the Nebraska Press Women (NPW) Communications Contest this year. The awards were announced at the Nebraska Press Women's Communications Contest at NPW's spring conference in Ogallala. All three first place state winners now go on to compete in the National Federation of Press Women Communications Contest, results of which will come in late summer.

Vishal Singh, owner of startup company Pixobot, has been selected by NMotion to receive seed funding for summer 2014. Pixobot is a software platform utilizing drones and data to improve agricultural efficiency.

Undergraduate Student Teams

UNL Academic Quadrathlon Teams: The 2014 UNL Animal Science Academic Quadrathlon competition was conducted on February 23 and 24. Nine teams of four students competed in four different events including a lab practicum, written exam, oral presentation, and a quiz bowl. The team of Laura Gorecki, Hannah Kesterson, Ashtyn Shrewsbury, and Kolin Scheele earned first place in the lab practicum, written exam, oral presentation, and quiz bowl and were declared Overall Champions for the 2014 UNL Animal Science Quadrathlon competition.

2013 Beef Merchandising Class: The UNL Bull Sale, held every spring, merchandises approximately 40 bulls to commercial producers. In addition to these 40, more bulls are sold to other UNL herds. This event, made possible by the teaching herd resources at the Ag Research and Development Center, supplies solid genetic resources to commercial producers in Nebraska and surrounding states. It provides a unique educational experience for students and is an opportunity to educate producers about breeding practices and tools for genetic improvement. The Beef Cattle Merchandising class is responsible for all facets of the sale including advertising, preparation of the bulls, putting together the sale catalog, and conducting the sale. The class also benefits from multiple invited speakers during the semester representing seedstock producers who share their knowledge and experience with the students.

2013-2014 Equestrian Team: This year's teams continue to raise the bar, by adding another Regional Championship to the team record. This brings the count to ten and completes a decade of consecutive Regional Championships. The Western Teams and Hunt Seat Teams collectively brought home first place, champion high point team honors at six shows, reserve champion at two shows, and third at three. Together, the Huskers won 63 classes throughout the regular season, and qualified six riders for Hunt Seat Regionals and ten riders for Western Regionals. In the high point individual rider competition, UNL had the top three Western riders in the region all vying for the coveted high point championship and automatic bid to Nationals. This year's contest came down to the final class placing of the season - Katrina Quick was the Regional High Point Rider for the second year in a row

with Dustin Renken finishing Reserve, and Kallie Kayton third. In the Hunt Seat High Point Rider Contest, Sydney Kinstler earned fifth overall in the region. UNL finished third in the team standings at the IHSA Western Semi Finals in Findlay, Ohio and qualified for the IHSA National Championships in Harrisburg, PA. This was the Huskers' fifth consecutive appearance at the IHSA National Championships. At the National Championship, the Huskers competed as one of the top nine teams in the Nation to finish fourth in final team standings.

Team members include: Amelia Becher, Heidi Black, Melissa Braun, Jenna Brown, Kathryn Brock, Ethan Callahan, Kelsey Cartagena, Meghan Clemens, Beth Cosentino, Lindsey Driggs, Molly Gruener, Katie Halva, Emma Huber, Katie Husman, Kallie Kayton, Emma Link, Maria Luedtke, Morgan Mardock, Melissa Matulka, Valerie Matulka, Nikki Novak, Leighlynn Obermiller, Jordan Perez, Blake Preston, Katrina Quick, Carolyn Reiland-Smith, Dustin Renken, Alex Rommelfange, Mackenzie Schneekloth, Courtney Spilker, Jordan Swan, Emily Taylor, Brittany Tisthammer, Emily Waring, Sara Warner, Lauren Welch, Lauren Wondra, and Taylor Wynn.

2013-2014 Junior Horse Judging Team: The 2013 UNL Horse Judging team had a great year and competed in the two major horse judging contests - The All American Quarter Horse Congress in Columbus, OH and the AQHA Intercollegiate World Championship contest in Oklahoma City, OK. At the All American Quarter Horse Congress, they were 10th in Performance, 12th in Oral Reasons, and 13th overall out of 20 teams. The team had a solid showing at the AQHA World Show contest and finished a consistent 13th overall, and placed 13th in Performance, Halter, and reasons. Team members include: Lydia Smith, Chantel Frisch, Brittany Tisthammer, and Cory Peters.

2013-2014 Junior Meats Judging Team: The 2014 Junior Meat Judging Team consisted of Ashley McCoy, Hannah Kesterson, Laura Gorecki, Abigail Wehrbein, Katie Ochsner, John Kaiser, Grant Meiergerd, Jacob Wolff, and Kolin Scheele and is coached by Brandy Cleveland and Sara Sieren. The contests traveled to this spring were the National Western Intercollegiate Meat Judging Contest in Greeley, Colorado, the Southwestern Intercollegiate Meat Judging Contest in Ft. Worth, Texas, and the Iowa State University Intercollegiate Meat Judging Contest in Ames, Iowa. At the National Western, the team came out 10th overall and 6th in total placings. Individual Laura Gorecki received 3rd in Beef Grading. At the Southwestern, the team was 9th overall, 3rd in Beef Grading, 3rd in Total Placings, 6th in Pork Judging, and 7th in Reasons. Individual Kolin Scheele was 5th in Total Placings and 8th in Beef Judging. Laura Gorecki was 4th in Reasons, 6th in Pork Judging, and 6th in Beef Judging. Finishing up the season at Iowa State, the team came away 5th overall, 1st in Pork Judging, 2nd in Reasons, 3rd in Total Placings, 4th in both Beef and Lamb Judging, and 5th in Beef Grading. Individual Josh Kaiser placed 1st in Pork Judging, 5th in Reasons, and 9th in Lamb Judging. Hannah Kesterson was 2nd in Reasons, 2nd in Pork Judging, and 8th in Lamb Judging. Laura Gorecki was 9th in Beef Judging and 10th in Reasons. Katie Ochsner was 4th in Beef Grading and 10th in Overall Beef.

Meat Animal Evaluation Team: The National Meat Animal Evaluation Contest is a unique, comprehensive, two-day competition that combines components of meats and livestock judging with real-world evaluation and pricing of commercial livestock and meat products. In addition, students must understand the multitude of different issues facing the livestock and meats industries. This year, nine students accepted the challenge of preparing for this unique learning experience including Clay Boyles, Justin Dahlgren, Sydney Gehl, Celia Karweik, Dane Miller, Eric Miller, Grant Potadle, Justin Ross, and Adam Wolfe. A total of 12 universities and 117 individuals competed in this competition with UNL placing 5th overall. Within the various divisions, UNL ranked 5th as a team in the breeding animal evaluation, 6th in meats evaluation, and 7th in market animal evaluation across all four species; beef, cattle, sheep, and swine. The team placed 6th in the Communications Challenge. Individually, Grant Potadle was the 6th high individual in the market animal division and 9th in swine evaluation across all three components of the contest. Sydney Gehl also ranked among the Top 20 in the breeding animal division. More importantly, this team provides an opportunity for students interested in livestock production to better understand all aspects of the industry; from selection of replacement breeding stock to feeder calf grading to feedlot cattle and carcass pricing.

- Andrew Blazek, (UCARE) under the advisement of Dr. Donald Weeks – *Development of the CRISPR/Cas9 System for Gene Knockout in Chlamydomonas reinhardtii*, was awarded Arts and Sciences Dean's Experiential Learning Scholarship, Ed F. and Clara M. Degering Trust Fund Scholarship
- Justin Byers, (UCARE) under the advisement of Dr. Wajira Ratnayake (Food Processing Center) – *Find the Particle Sizes of Samples Prepared (By Spraying) with Different Starch to Pectin Ratio Samples*
- Wei Wen Chong, (UCARE) under the advisement of Dr. Madhavan Soundararajan – *Characterization and Isotopic Effect Studies Of TWO Primary Photosynthetic Enzymes in Switchgrass Cultivars*, Highest Distinction, Honors Thesis
- Jessica Chekal, Beckman Scholar
- Tyler Chonis, (UCARE) under the advisement of Dr. Madhavan Soundararajan – *Taxonomic Diversity and Characterization of the Enzyme PPK in Cultivars of Switchgrass*, High Distinction, Honors Thesis, was awarded the ARD Undergraduate Research Award
- Zachary Christensen, Distinction
- Sara Christianson, (UCARE) under the advisement of Dr. Oleh Khalimonchuk - *Role of the Mitochondrial Protease Oma1 in Mitochondrial Protein Homeostasis and Stress Protection*
- Rachel Coburn, was awarded the Benjamin M. Sahagian Scholarship, Highest Distinction, Honors Thesis, was awarded the Milton E. Mohr Scholarship
- Kathryn Cornwell, (UCARE) under the advisement of Dr. Richard Wilson (Plant Pathology) *Generating Metabolic Mutants to Understand the Pathogenicity of Magnaporthe oryzae*
- Emily Davis, (UCARE) under the advisement of Dr. Daniel Ciobanu (Animal Science) – *Identifying Genetic Factors Associated with Sow Age at Puberty and Reproductive Longevity*
- Garrett Donaldson, (UCARE) under the advisement of Dr. Oleh Khalimonchuk – *Functional Interactions of the Mitochondrial Metalloprotease Oma1*
- Nikolas Duszenko, High Distinction, Honors Thesis
- Valerie Eckrich, (UCARE) under the advisement of Dr. Paul Blum (School of Biological Sciences) – *Continuation of Uranium-Induced Stress Responses in Metallosphaera sedula*, was awarded the Career Services Internship Scholarship, Beckman Scholar
- Joshua Floth, (UCARE) under the advisement of Dr. Donald Becker – *Cysteine-less Proline Utilization A (PutA)*, Ed F. and Clara M. Degering Trust Fund Scholarship
- Kristen Guiliano, Distinction, was awarded the Arts and Sciences Dean's Scholar Society Scholarship, Ed F. and Clara M. Degering Trust Fund Scholarship, Shuler-Mills Scholarship
- Amanda Hare, (UCARE) under the advisement of Dr. Edward Harris - *Splice Variants of HARE*, Gamma Sigma Delta Outstanding Undergraduate, Milton E. Mohr Scholarship
- Haley Haskett, (UCARE) under the advisement of Dr. Julie Stone – *AtDJIC Interacting Proteins in Chloroplast Biogenesis*
- Bradley Hohwieler, High Distinction
- Eric Holley, Honors Thesis
- Stevi Johnson, (UCARE) under the advisement of Dr. Edward Harris – *Synthetic Heparin Binding and Endocytosis by Stabilin Receptors*
- Bryant Keller, High Distinction, Honors Thesis
- Shelby Koenig, (UCARE) under the advisement of Dr. Julia McQuillan (Sociology) – *Middle School Youth Understanding of 'Biology of Humans'*, was awarded the Milton E. Mohr Scholarship
- Sarah Lant, Honors Thesis

Kaitlin Larkin, was awarded the Roscoe C. Abbott Scholarship
 Cynthia Liu, Ed F. and Clara M. Degering Trust Fund Scholarship
 Mason Mabin, (UCARE) under the advisement of Dr. Joe Barycki
 Trevon McGill, Ed F. and Clara M. Degering Trust Fund Scholarship
 Sean McMillan, Honors Thesis
 Jai Mediratta, (UCARE) under the advisement of Dr. Mark Wilson – *Characterization of DNA Binding by E. Coli Oxidative Stress Response Protein Yaaa*
 Linkai Mei, (UCARE) under the advisement of Dr. Edgar Cahoon – *Genetic Improvement of Camelina Seed Protein*
 Sachi Mistry, (UCARE) under the advisement of Dr. Paul Black – *Fatty Acid Trafficking: Defining the Lipid Profile of Knockout Saccharomyces cerevisiae Strains Deficient in Fatty Acid Transport*, High Distinction, Honors Thesis, Ed F. and Clara M. Degering Trust Fund Scholarship, Charles & Linda Wilson Fund for Humanities in Medicine Scholarship
 Ethan Monhollon, (UCARE) under the advisement of Dr. Gwendolyn Bachman (School of Biological Sciences) – *Activation and Response of Heat Shock Proteins in Terrapene ornata*
 Hope Npimnee, (UCARE) under the advisement of Dr. Jiantao Guo (Chemistry) – *Protein Labeling through the Use of a Photo-Controlled Bioorthogonal Chemical Reaction*
 Cynthia Nguyen, Honors Thesis, was awarded the ARD Undergraduate Research Award
 Latifa Obaidi, Honors Thesis
 Pruthil Patel, (UCARE) under the advisement of Dr. Rebecca Lai (Chemistry) – *Electrochemical DNA Sensor Optimization: The Effect of Capture and Signaling Probe Coverage on Sensor Specificity*

DEPARTMENT ACCOMPLISHMENTS

A team of UNL Entomology graduate students – Alister Bryson, Kyle Koch, Wayne Ohnesorg, and Johan Pretorius - won 1st Place in the Linnaean Games competition at the ESA North Central Branch Meeting in Des Moines, IA, thus qualifying to compete at the ESA national annual meeting in November in Portland, OR. They also received a \$2500 travel grant to attend the national meeting. The Linnaean Games are a college bowl-style competition on entomological facts played between university-sponsored student teams. Toss-up questions cover knowledge about apiculture, biological control, ecology, economic entomology, medical and veterinary entomology, physiology and biochemistry, taxonomy, and toxicology. Bonus questions can come from any area of entomology including history and people. Team coaches are Drs. Ken Pruess and Bob Wright.

The Lawrence Bruner Entomology Club presented its second University of Nebraska Entomology Distinguished Alumnus Award this past January to Dr. Thomas Clark (M.S., 1997, Ph.D. 2000) for his career achievements, professionalism, contributions, and dedication to science. The honor recognizes and promotes achievement and professionalism in entomology and its related disciplines. With this recognition, the club is highlighting the accomplishments of alumni, enhancing alumni and student connections, and highlighting the mentorship of current and past faculty. Dr. Clark received a plaque commemorating this honor and his name was added to the Bruner Distinguished Alumni Recognition plaque displayed in Entomology Hall.

The Insect Science Club held their annual honey sale last November. This sale included creamed honey, cut-comb honey, honey bears, and variety of beeswax candles, and beeswax lotion bars. In February, the club held another sale for Valentine's Day where the club had their usual honey products available as well as roses, beeswax lotion and lip balms. Dr. Marion Ellis donated all of the honey used for these sales, and with his assistance, the club prepared all of the honey bears, made creamed honey and the candles. This year the club made around \$4,000 from the sales. All of the money made from the sales is used for donations in the local community, as well as future Insect Science Club events.

The Department of Entomology's open house, BUGFEST, was held on September 15, 2013 with over 250 people attending the event. Visitors toured the Insect Genetics, Forensics, and Toxicology labs, learned about bees, bedbugs, wheat curl mites, spiders, department history, and observed demonstrations of fly tying and bee swarms. Pinned and live insect collections were open to the public, and kids enjoyed seeing their name in termites, playing Dr. Bug, Who Done It?, seeing the Techno-Bugs, and holding bugs in the Insect Zoo. Two lucky winners went home with Madagascar hissing cockroach pets, and all the participants were serenaded by a ukulele quartet playing bug songs, led by our own Dr. Marion Ellis.

The second annual Nebraska Moth Night was held on July 26, 2013 at Spring Creek Prairie just outside of Lincoln, NE. Volunteers from the Insect Science Club and members of the Entomology Department organized this event. It was one of many taking place during National Moth Week, which is a citizen science project aimed at gathering moth counts from all over the country. We had many interesting moths and many interested families in attendance. There were hands-on displays of pinned adults, and families had the opportunity to hold some large and spectacular caterpillars.

Graduate Fellowships

Cooper/Sharpless Fellowship

The Mary and Charles C. Cooper/Emma I. Sharpless Fellowships are available to recruit exceptional graduate students capable of benefitting from further education into the College of Agricultural Sciences and Natural Resources (CASNR). The estate of Emma L. Lounsbury of San Bernardino, California established a trust which established the Mary and Charles C. Cooper/Emma I. Sharpless Fellowship. Mary and Charles C. Cooper were the parents of Emma Laura Cooper Lounsbury and Emma I. Sharpless was her aunt. Emma Sharpless attended the University of Nebraska in 1912.

Corn Development, Utilization, and Marketing Board Graduate Fellowship

The Corn Development, Utilization, and Marketing Board Graduate Fellowship is available for graduate students in the College of Agricultural Sciences and Natural Resources with research interests in animal nutrition and by-products/co-products of grains to include by-product utilization, distillers grains, and animal nutrition using by-products.

Kelby Sudbeck

Doris and Bill Lohry CASNR Fellowship

The Doris and Bill Lohry Fellowship was established for students enrolled in any graduate degree program in the College of Agricultural Sciences and Natural Resources.

Amy Redfield

Milton E. Mohr Fellowship

The Milton E. Mohr Fellowship was established in 1983. Mr. Mohr established the fellowship for students in the College of Agricultural Sciences and Natural Resources whose areas of study were limited to agricultural engineering, agronomy, animal science, food science and technology, and veterinary science. The fellowship was made possible through an endowment to the University Foundation of 6,000 shares of common stock of Quotron Systems, Inc.

Karen Ferreira da Silva

Jenny Freed

Irvin A. and Agnes E. Nelson Memorial Fellowship

The purpose of the Irvin A. and Agnes E. Nelson Memorial Fellowship is to provide assistance to students for travel expenses in attending professional meetings for the purpose of presenting research results or otherwise developing professionally. The fellowship can also be used to assist with other purposes related to the research or the student's training or professional development.

Alumni

COLLEGE OF AGRICULTURAL SCIENCES AND NATURAL RESOURCES ALUMNI ASSOCIATION

The objective of the CASNR ALUMNI ASSOCIATION is to foster cooperation and communication among all alumni of the College of Agricultural Sciences and Natural Resources and to develop communication between the alumni and the Institute of Agriculture and Natural Resources. This is done by:

- Facilitating information exchange among members;
- Providing information to students and parents on academic programs and careers in agriculture and natural resources;
- Encouraging the establishment of scholarships, assistantships, fellowships and intern appointments for students in CASNR;
- Creating awareness of the IANR's mission and achievements and fostering donor support;
- Creating public awareness of the importance of professions in agriculture and natural resources and recognizing meritorious service in these professions; and
- Promoting events and other activities for alumni.

CASNR Alumni Association Vision Statement

To foster a lifelong relationship with the University of Nebraska

CASNR Alumni Association Mission Statement

To cultivate and enhance the network of CASNR alumni, current and prospective students

AWARDS PRESENTED

2013 Henry Beachell Distinguished Alumni Award:

B. Keith Heuermann was the recipient of the Henry Beachell Distinguished Alumni Award, which recognizes a CASNR graduate whose professional contributions have advanced the University and the State. Keith was raised on a family farm near Phillips, and enrolled in the College of Agriculture at the University of Nebraska in 1942. His entrepreneurial spirit coupled with the opportunity to be a student worker in Dr. Louis Camp's seed corn research and testing program in the Department of Agronomy provided him with the foundation to be a very successful hybrid seed producer. While a student, he purchased enough foundation seed to plant two acres of hybrid seed corn and the rest is history. His successful hybrids lead to an increased demand for his seed, and his operation expanded to producing hybrid wheat, sorghum, and soybeans along with other seeds. In 1962, they built a seed production plant in Phillips. Keith continued his formal education through the University of Nebraska and University of Minnesota while he operated his seed production business, and earned his BS degree from Nebraska in 1957. When larger companies began buying into seed corn production, Keith sold Prairie Valley Hybrids to the Stauffer Chemical Company and worked for them for 10 years until his "retirement" in 1990. After working for Stauffer, Keith started experimenting with popcorn and devoted his time and passion to developing the best popcorn in the world. BKH Popcorn Inc. markets their products on a world-wide basis today to 17 different countries, and continues to be a family operation based on continuously developing and testing new hybrids and perfecting the processing and packaging procedures.

In 1984, Keith and his wife Norma were named Founding Members of the President's Club of the University of Nebraska Foundation in recognition of their generous support for applied agronomy research directed to benefit farmers. In addition, Keith has been awarded various other prestigious awards for his contributions to the betterment of the agriculture industry, our state, and our society.

2014 CASNR Alumni Association Achievement Award:

Daryl Cisney was the recipient of the Achievement Award, which recognizes a CASNR graduate who has exhibited exemplary service to the College or to Nebraska agriculture and natural resources. Daryl was born in Lincoln and grew up on a small farm in Coleridge and later moved to Tecumseh where his father taught Agricultural Education. The family returned to Lincoln where Daryl completed both Junior and Senior High School. He then worked for 12 years at the Lincoln Regional Center, working most of that time with disturbed adolescents in both maximum- and minimum-security settings. During the last four years of this period he was enrolled in the University of Nebraska-Lincoln and studied Range Management with adviser Dr. James Stubbendick. During his last semester at UNL he assisted Dr. Steven Waller in developing a laboratory manual for the 445-845 class, portions of which are still in use today. Daryl is a Certified Professional in Rangeland Management, a member of Gamma Sigma Delta and has been awarded the Range Management Service Award and the Sustained Lifetime Achievement Award from the Society of Range Management (SRM). He has also received the Ogallala Club Optimist of the Year Award and the Nebraska District Optimist of the Year Award. He has served in many roles with the Society for Range Management including Secretary/Treasurer, President, served on the Nebraska State Range Judging Committee and has served on the SRM Advisory Committee. Daryl co-directed the Nebraska Range Youth Camp from 1995 to 2009 and has served in numerous education roles with range youth camps and range judging. He has served on the Citizen's Advisory Board for the Center for Grassland Studies at UNL, the Nebraska Noxious Weed Advisory Board, the Gudmundsen Sandhills Laboratory Advisory Committee, and as a Field Representative for the Nebraska Board of Educational Lands and Funds serving a six county area.

2014 CASNR Alumni Association Service Award:

The Service Award was presented to **Ernest (Ernie) Weyeneth** in honor of his numerous years of dedicated service to the College of Agricultural Sciences and Natural Resources and IANR. Ernie was born into a pioneer family outside of McCook. He graduated from McCook Community College, went on to serve as a naval hospital corpsman assigned to the U.S. Marine Corp during the Vietnam War, and returned to Lincoln to earn a degree in Business Administration from the University of Nebraska-Lincoln. Ernie has served as President of the Richard P. and Laurine Kimmel Charitable Foundation since its inception in 1996. The Foundation's mission is to support programs in the areas of education, agriculture, art and human services. Ernie also serves as President of the Kimmel Orchard and Vineyard Educational Foundation which manages an apple orchard and vineyard in Nebraska City to educate visitors on the importance of innovation in agriculture. The orchard has developed a strategic partnership with UNL Extension over the past ten years, to develop internships and opportunities for students to engage in undergraduate research and independent study.

2014 CASNR Alumni Association Legacy Award:

The Legacy Award, which recognizes an individual or family whose significant contributions have made a lasting impact to the College and University was presented to **Dr. Ronald Hanson**. Ron was raised on an Illinois family farm. He earned his undergraduate degree from Western Illinois University and received both his Master's and Ph.D. degrees from the University of Illinois. Before coming to UNL in 1974, Dr. Hanson was an Assistant Professor in the Department of Ag Industries at Southern Illinois University for two years. Dr. Hanson serves as the Neal E. Harlan Professor of Agribusiness in the Department of Agricultural Economics at the University of Nebraska-Lincoln. In addition to teaching over 800 students in his classes each academic year, he serves as faculty academic adviser to 90 Department majors for the College of Agricultural Sciences and Natural Resources. Professor Hanson has been recognized by the University Parents Association twenty-two times for his contributions to UNL students, the most recognitions for any UNL faculty member. Ron has been a member of the UNL Academy of Distinguished Teachers for the past eight years. Professor Hanson's 40-year college teaching and student advising career has earned a total of 29 University honors and national awards including the John Deere Agribusiness Teaching Award of Excellence, Outstanding Ag College Instructor for the U.S. Central Region

by the North American Colleges and Teachers of Agriculture (NACTA), Nebraska Professor of the Year from the Carnegie Foundation and the Council for Advancement and Support of Higher Education, 2008 University Educator of the Year from the Association of Students of the University of Nebraska, the 2013 AAEA Senior Distinguished Undergraduate Teaching Award, and the 2013 Nebraska Bankers Association Service to Agribusiness Award. Ron has also received the USDA Excellence in University Teaching Award from the U.S. Department of Agriculture, which is the highest national teaching honor granted to a college professor in the area of agricultural and food sciences. He is also the recipient of the 2013 NACTA Distinguished Educator Award, which is the highest national honor that the North American Colleges and Teachers of Agriculture can bestow on any individual. He has been honored by both the Nebraska Ag Youth Council and the Nebraska FFA Foundation for his dedicated service to both rural youth and farm families in Nebraska.

2014 Award for Engagement of Emeriti Faculty:

The Department of Agricultural Leadership, Education and Communication has been outstanding in their engagement of emeriti faculty. They provide formal office space complete with telephone, computer, and physical file space, and provide computer software upgrades for all locally-based emeriti faculty. They host an emeriti faculty coffee, provide parking passes for emeriti faculty needing access to East Campus facilities, provide *ALEC in Action Weekly* to all emeriti faculty, and invite emeriti faculty to participate in the annual departmental photo. Beginning in 2013, the Department launched the Richard and Connie Fleming Scholarship Fund, recognizing the efforts of Dr. Dick Fleming, emeriti faculty of Agricultural Journalism. The fund will provide scholarships for Agricultural and Environmental Sciences Communication students. Dr. Mark Balschweid, Professor and Head of the Department, said “It is a pleasure to host and provide services to ALEC’s retired faculty. Current faculty and staff enjoy every opportunity to host emeriti faculty within the department.”

Changes in Minors, Degrees or Options

Degree programs revised: Agricultural Journalism name change to Agricultural and Environmental Sciences Communication, Animal Science, Food Science and Technology, Forensic Science, Plant Biology, Veterinary Science

Minor revised: Plant Biology

Option Revised: Horticulture's Landscape Design-Build Option

New Minors, Degree Programs, Specializations, Certificates and Certifications

Bachelor of Science in Environmental Studies and Master of Public Health with a concentration in Environmental and Occupational Health (UNMC)

Education Abroad Proposal for Chinese Culture and Agriculture for Summer 2014

Integrative Science - A New Degree Program

Joint Statistics and SRAM Ph.D. Program

Leadership and Entrepreneurship - New Emphasis in Environmental Studies

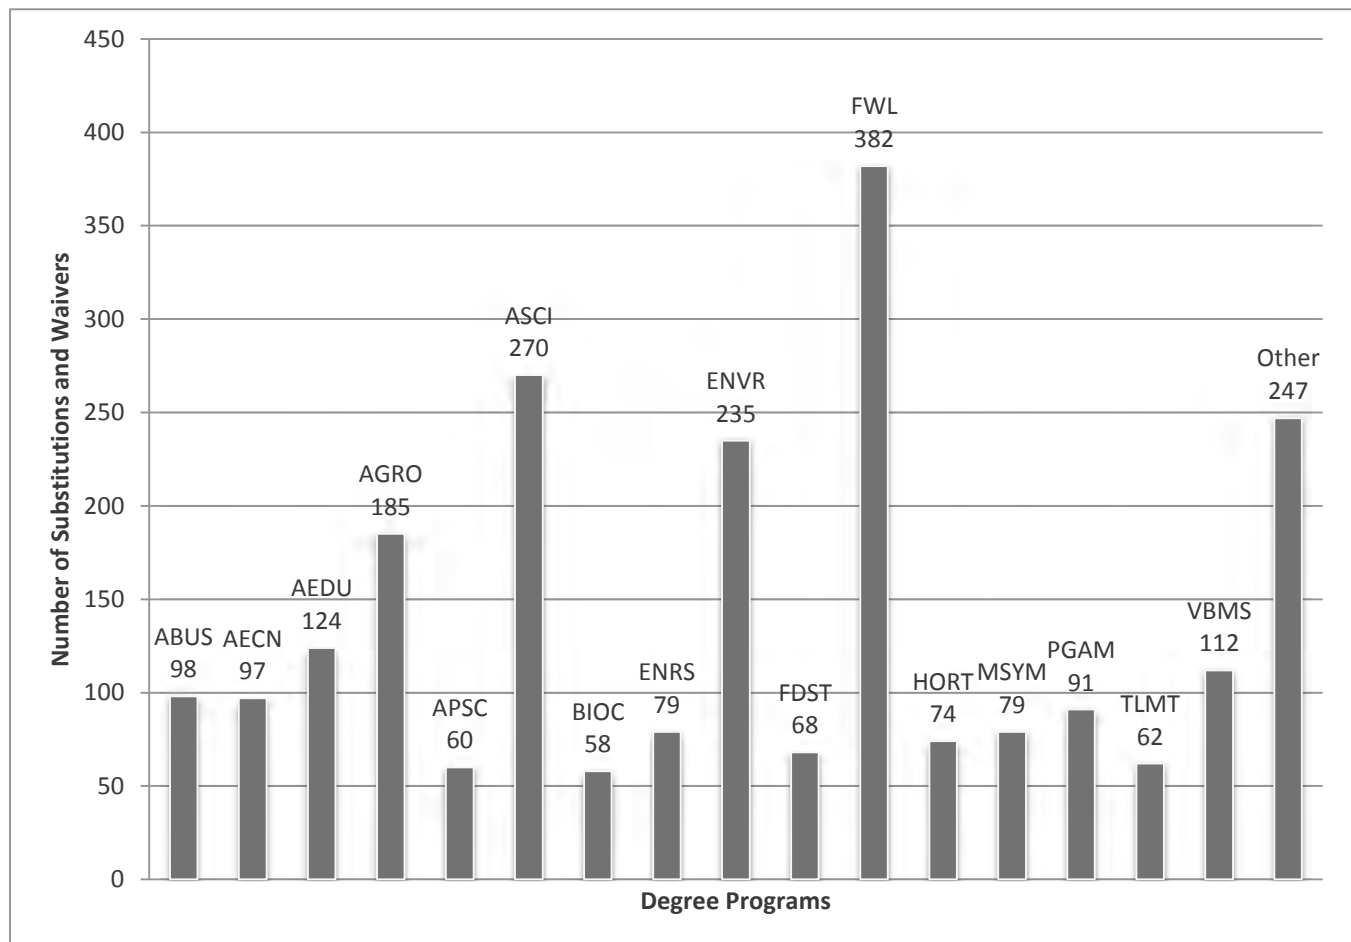

Molecular Mechanisms of Disease - New specialization in Biochemistry

ACE Course Certifications and Recertifications of: AECN 346 – World Food Economics, AECN 367 – Agricultural Development in Developing Countries, AGRO/HORT 403/803 – Scientific Writing and Communication, ENSC 110 – Energy in Perspective, FDST 301 – Chemistry in Food, NRES 260 – Environmental Communication Skills, NRES 459/859 - Limnology

Substitutions and Waivers

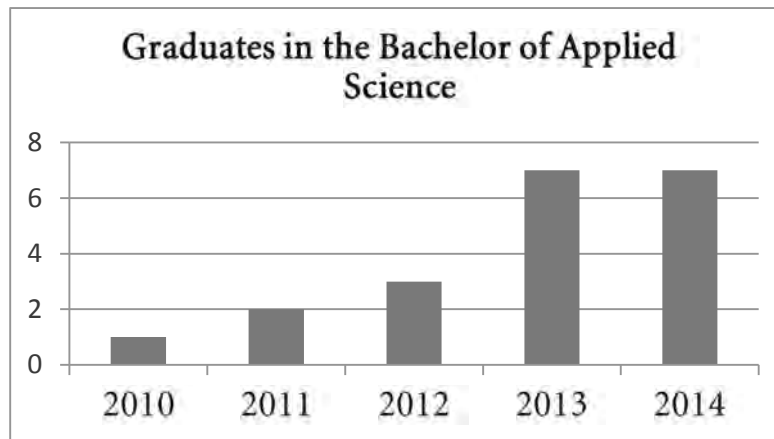

The Substitutions-Waiver form gives students the opportunity to request a substitution or waiver of a CASNR core or departmental requirement. The form is initiated by the student, approved by the student's adviser and the unit administrator, and then sent to the Dean's Office for review and final approval. Students must file a request for substitutions and waivers involving courses within the basic four-year curriculum in CASNR before the start of the fall semester for December graduates, before the start of the spring semester for May graduates and prior to the last day of classes spring semester for August graduates. The table below illustrates the number of individual course requests from each degree. Degrees in the "other" category include those degrees with fifty or fewer substitution requests. Those degrees consist of Agricultural Journalism; Applied Sciences; Food Technology for Companion Animals; Forensic Science; Grassland Ecology and Management; Grazing Livestock Systems; Hospitality, Restaurant, and Tourism Management; Insect Science; Microbiology; Natural Resource and Environmental Economics; Plant Biology; Veterinary Technology; and Water Science.

Substitutions and Waivers, June 2013 - May 2014

CASNR Online Education Programs

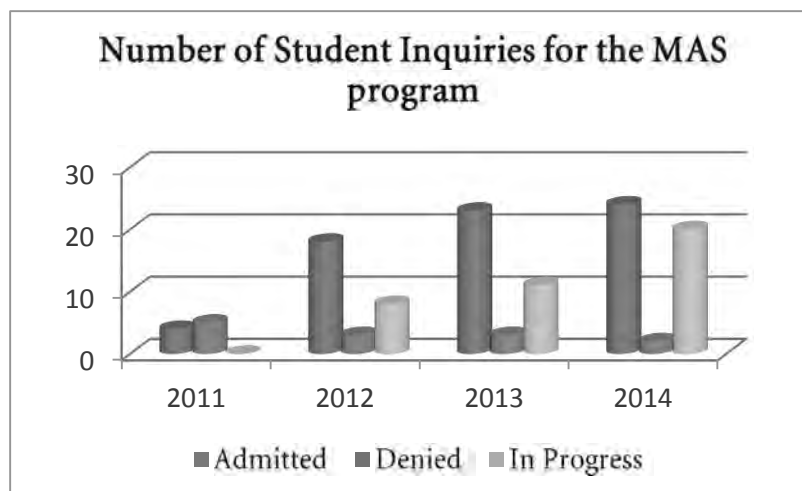

The Bachelor of Applied Science currently has 55 students enrolled with another 18 to start in Fall 2014. Twenty-seven of the current students are on-line or distance students. The chart below shows the increase in graduation numbers from January 2010 to May 2014. The program is divided almost evenly between online and on campus students. With regard to gender, there are 40 males compared to 15 females enrolled in the program.

*2014 includes only May Graduates

The Master of Applied Science has 85 students. These include 26 GPIDEA/Ag*IDEA and 32 students with Science for Educators specialization. The Food Safety, Grassland and Horticulture Certificates have only 14 total students enrolled, but these programs are relatively young. The Community Development Specialization has 12 students. Of the admitted students into the MAS program 86% are still active using the Graduate Studies criterion of having taken a class in the last two semesters.

Also Preliminary numbers from the Office of Online and Distance Education show that inquires for UNL online programs is up 71% from 2013. CASNR numbers have risen steadily over the last few years: FY 14 = 3,782; FY 13 = 2,206; FY 12 = 1,392, although the final numbers won't be available until August.

Recruitment, Retention and Placement

RECRUITMENT ACTIVITIES

With 29 degree programs and two pre-professional programs, the University of Nebraska-Lincoln (UNL) College of Agricultural Sciences and Natural Resources (CASNR) attracts students with a wide range of interests. While CASNR has traditionally had a population base that is largely from rural areas, demographic changes in the state have translated to an increase of CASNR students from urban areas. With its mix of degree programs and a steady demand for its graduates, the education and experiences offered through CASNR provide exciting opportunities to all students.

In an effort to recruit students, CASNR partners with UNL Admissions, Nebraska Extension, public and private schools, communities, alumni, stakeholders, business and industry.

CASNR Recruitment Efforts for the 2013-2014 Year Include the Following:

Experience the Power of Red (November) – Nearly 300 prospective students and parents attended the annual CASNR open house. During the day, attendees had the opportunity to attend sessions to learn more about the degree programs, visit academic program presentations and ask current students questions during lunch. A parent session was also held and highlighted financial aid/scholarships and other programs and services. East Campus and City Campus tours were also offered.

Experience the Power of Red – Spring Edition (April) – Nearly 100 prospective juniors attended this new open house event. During the day, attendees had the opportunity to attend sessions to learn more about the degree programs, visit academic program presentations and ask current students questions during lunch. East Campus and City Campus tours were also offered.

Contact Campaign - Beginning with invitations (sent in August) for Experience the Power of Red in November, the CASNR Dean's Office contacted more than 2,000 prospective students monthly by email and mail to connect with them, learn about their interests and concerns and answer questions they had regarding coming to UNL and CASNR. For those students who expressed interests in specific programs, their letters were tailored to their interests.

Seniors interested in CASNR were contacted monthly by the Dean's Office. Academic programs were encouraged to follow up with students with email, mail and phone contacts on an individual basis with students.

Admitted students received a letter of congratulations from the Dean, holiday greetings (if admitted prior to December), admitted student event invitation, and a final mailing. Upon attending New Student Enrollment, students also received a letter inviting them to participate in Dean's Scholars in Experiential Leadership, as well as a mailing informing them on how to get involved on campus.

In February, all of our admitted students were contacted by ambassadors and other current students who answered questions and gauged their interest in attending UNL.

Admitted Student Event (February) – An annual event hosted by CASNR that entails a dinner for admitted students and their parents. Students have the opportunity to learn more about our academic programs and departments, meet with faculty and staff, as well as speak to current students. Unfortunately this event was cancelled due to inclement weather.

Partnering with Admissions

Campus Visits – The majority of campus visits start at the UNL Admissions Office with an overview and tour followed by a visit to East Campus, a personal visit with faculty/staff in students' areas of interest and tours, if desired. CASNR hosted more than 500 campus visits.

Admissions Office Updates – Each August, UNL college deans visit with UNL Admissions staff regarding college updates and programs.

Red Letter Days – UNL open house days hosted students and parents visiting campus and included a browsing session as well as general sessions in the morning. Students with interests in CASNR travel to East Campus to join the CASNR Deans, staff and ambassadors for lunch followed by a CASNR presentation, time to visit with faculty members in their areas of interest and a brief tour.

Transfer Workshops and Transfer College Visits – Hosted transfer students visiting UNL and coordinated visits to Nebraska community colleges.

Big Red Road Show – Husker Cinema Edition – CASNR participated in this Omaha event and visited with prospective students and their families and informed them about our academic programs and offerings.

Business/Extension/Community (Outreach) Partnerships

State Fair (August-September) – CASNR hosted a display in the Agriculture Exhibition Building. In addition, CASNR distributed snacks with a college wrap to 4-H and FFA exhibitors and their parents during check-in. In conjunction with the CASNR Alumni Association, CASNR hosted a reception for alumni and families. CASNR also hosted hands-on activities in the 4-H building.

Ak-Sar-Ben – CASNR hosted a display at the college fair and provided sponsorship support to the Ak-Sar-Ben 4-H Stock Scholarship Program.

Husker Harvest Days (September) – Set-up a CASNR display and talked with visitors during the three-day trade show. Students participating in a scavenger hunt received a t-shirt.

Youth Science Field Days (September – October, April – May) – CASNR attended 8 Extension-sponsored field days. Presentations were given on college and career opportunities to over 1,000 students.

Connecting the Dots – CASNR participated in 5 career development workshops throughout Nebraska as part of this Extension program. Over 750 students attended these workshops.

AppleJack Festival (September) – CASNR hosted a display and activity in the Kimmel Education and Research Center for this two day event.

National Western Stock Show (January) – CASNR hosted a display in partnership with the Nebraska Department of Agriculture and the Nebraska College of Technical Agriculture.

York Careers in Agriculture Day (September) – Students from surrounding schools were hosted by Cornerstone Bank; 150 students attended a career session presented by the CASNR Career Specialist.

Nebraska Farm Bureau Annual Meeting (December) – A CASNR booth was on display at the Nebraska Farm Bureau Annual Meeting.

FFA

National FFA Convention – CASNR hosted a display at this event in Indianapolis, IN, which attracts thousands of students from across the U.S.

State FFA Convention – CASNR had a booth at the Cornhusker Hotel and provided ten scholarships to the Career Development Exam (CDE) winners. CASNR also hosted a career fair at the Pershing Center. On East Campus, Friday afternoon, IANR and CASNR hosted a variety of activities, including lunch under a large tent. Several departments provided hands-on activities and hundreds of FFA students had the chance to explore East Campus.

Kansas FFA Convention – Hosted a display at the convention trade show and spoke with prospective students.

Other Events

Women In Science – CASNR participated in the information fair and East Campus tours for participants.

Science Olympiad (April) – East Campus served as the host for more than 500 Nebraska students who attended this annual event. Science competitions were held in various East Campus buildings and opening and closing ceremonies were held in the Nebraska East Union and Hardin Hall. Every high school first place team in each event was awarded a \$500 CASNR scholarship. Middle school first place teams received a \$100 scholarship for Advanced Scholars Classes. The first place school in the middle and high school division also received a \$1,000 travel voucher from CASNR and the Agricultural Research Division.

Nebraska Cattlemen Ads — In this publication, CASNR had ads featuring the Agricultural Economics, Agronomy and Horticulture, and Animal Science departments.

NEBRASKAland Ads — The School of Natural Resources programs of study are featured in ads in this publication.

NAYI – Nearly 200 Nebraska students attended the Nebraska Ag Youth Institute held on East Campus. CASNR coordinated apartment tours and several faculty spoke to students throughout the week. CASNR also participated in the Career Fair.

East Campus Visitors Center

The East Campus Visitors Center, in conjunction with the CASNR recruitment team, has once again seen an increase in campus visits and overall number of visitors. The CASNR presentation room continues to be an asset in the campus visit process for meeting with prospective students. Specific numbers are included in the Recruitment section of this report.

Changes are in store as the Food Science & Technology Department prepares to move to Innovation Campus in May 2015. The ECVC will be getting new neighbors in Filley and Food Industry Complex. In addition, the UNL Dairy Store is in the early stages of preparing to celebrate its 100th anniversary in 2017!

RETENTION ACTIVITIES

CASNR Cares

The College of Agricultural Sciences and Natural Resources (CASNR) developed the CASNR CARES Program—Caring Attitudes and Respect for Every Student—in the Fall semester of 2002. The CASNR CARES program provides a single contact for parents, students, faculty and staff seeking assistance in navigating the university's student services programs. The primary goal is to ensure that each student becomes acclimated to the campus environment, engages in his/her own education and has every opportunity to be successful. It also provides a significant resource for family and faculty/staff to identify students that may need assistance in enhancing their educational experience. Our college is committed to the welfare and academic success of each of our students.

The CASNR CARES program respects all standards of confidentiality when gathering and sharing information that may affect a student's academic or personal growth. The program works with the student to develop a course of action to help them meet his or her academic and personal goals, as well as the goals of the University. Sue Voss, CASNR Student Development and Events Director, was the primary contact for the CASNR CARES program.

Faculty, staff, parents or students can initiate a referral by contacting the Student Development Coordinator. Following the referral, they contact the student, make an appointment to have them come to their office, and then meet with the student to determine if assistance is needed. Without identifying the sources of the concern, the student is encouraged to discuss how things are going, both in and out of the classroom. Students appreciate the attention that is provided to them plus they can learn more about the resources available across campus. In cases where students must be away from campus due to health or family emergencies, the Student Development Coordinator will gather information and can contact the instructors for the student's classes. Letting them know of the student's situations, they will also stay in contact with the student after hearing from the instructors and updating the faculty about the return of the student to classes. Both the student and the faculty members appreciate the information that is provided which helps the student stay current in class.

Dean's Scholars in Experiential Leadership Program for 2013-2014

Sixty-two freshmen from Nebraska, South Dakota, Minnesota, Illinois, Texas, Indiana, and Colorado participated in the Dean's Scholars in Experiential Leadership (DSEL) program for 2013-2014. This endeavor was created by CASNR to bring students together in the college with an interest in further developing their leadership skills. The exciting program is a great way for students to become fully engaged in the college. It gives them the capacity and confidence to seek leadership positions now and in their professional careers.

Each week, students attended a weekly session hosted by CASNR Dean Steve Waller and coordinated by Sue Voss. Students took the testing instrument for StrengthsQuest, a program developed by the Gallup Organization to determine student's top five personal strengths. Other topics included career portfolio development, leadership on campus, education abroad, health and wellness, healthy relationships and money management. Teaching Assistants were Andrew Ambriz, Chelsea Cather, Erica Pribl and Larissa Wach.

DSEL students also participated in a Pen Pal Program with second graders at Hartley Elementary, a neighborhood elementary school. We made picture frames with the CASNR students and their pen pal for a special gift during the Holiday Break in December and also sent invitations to our Pen Pals to attend CASNR Community Night in April.

My.UNL Blackboard

Sue Voss and Julie Obermeyer (CASNR Career Specialist), send out weekly emails to all CASNR students using Blackboard. Emails consist of club meeting information, deadlines, events on campus and information vital to students. The CASNR Career Specialist sends out weekly career updates about companies that are interviewing on campus as well as job openings. Sue also made groups for New Freshmen and Transfer Students.

Other Retention Activities

First Annual UNL Natural Resources and Life Sciences Career Information Day

The first annual UNL Natural Resources and Life Sciences Career Information Day was held on Tuesday, January 28th in Hardin Hall. Previously known as the “Natural Resources Career Information Day”, this event targeted students across campus with an interest in the Life Sciences. Over 200 students attended the event along with approximately 28 organizations. Those organizations attending were: Nebraska Game & Parks Commission, NGPC Conservation Officers, Nebraska National Forest, Nemaha Natural Resource District, YMCA Camp Kitaki, Nebraska Wildlife Rehab Inc., USDA, APHIS, Wildlife Services, USDA Risk Management Agency, USDA Farm Service Agency (FSA), EA Engineering, Science, & Technology, Environmental Health & Safety, Olsson Associates, Lincoln-Lancaster County Health Department, JEO Consulting Group Inc., Nebraska Department of Environmental Quality, Water Quality Division, City of Lincoln Public Works & Utilities Department, Watershed Management Division, USGS, Nebraska Water Science Center, Tern & Plover Conservation Partnership/Cedar Point Biological Station, City of Lincoln Saline Wetlands Conservation Partnership, Pioneers Park Nature Center, Spring Creek Prairie Audubon Center, Servi-Tech, USDA Natural Resources Conservation Service, Omaha’s Henry Doorly Zoo and Aquarium, Lincoln Children’s Zoo, National Park Service – Homestead National Monument.

Companion Animal and Wildlife Career Days

A Companion Animal and Wildlife Career Days were held during the 2013-2014 school year in Lincoln, NE, sponsored by the Department of Animal Science and the School of Natural Resources. Forty-three Nebraska high school students attended who were interested in animal related careers. The students participated in hands-on activities including companion animal nutrition, anatomy and physiology, wildlife management, and conservation biology. They were also able to ask questions of career panelists which included professionals from pet food companies, zoos and state and federal wildlife agencies. Students had lunch with current UNL Animal Science and Fisheries and Wildlife students to learn more about their internship experiences and other educational and career opportunities while in college. Since fall of 2012, approximately 300 students have attended the career days.

EMPLOYMENT CLASSES

Employment Seminar (AGRI/NRES 388)

Employment Seminar was held on Tuesday evenings from 6-8 p.m. for the first eight weeks of the fall semester. Subjects covered included: resume and cover letter development; speed networking; job search strategies on the Internet/Husker Hire Link; job search ethics and job offer evaluation; interviewing and professional etiquette; preparing for a career fair; industry mock interviews; and etiquette dinner and discussion. Fifty-two students participated in the course.

Job Survival (AGRI 400)

Job Survival was held on Tuesday evenings from 6-8 p.m. for the first eight weeks of the spring semester. Topics included Advice from Recently Employed Students; Effective Communication; Advancement; 401(k)'s, Benefits, Investments; Credit; Entrepreneurship, and Relocation and Housing. The class is team taught by twenty-five employers from various industries. Forty students participated.

High School Visits

"CASNR Fact or Myth", "CASNR Career Bingo", and "CASNR 'N' It to Win It" were presented in 21 Nebraska high schools and high school career events (2,263 students) during the 2013-2014 school year.

International Engagement

The College of Agricultural Sciences and Natural Resources is committed to helping its students benefit from international study at UNL in four areas: education abroad, the CASNR International Minor, Introduction to Global Agriculture and Natural Resources (AGRI 282), and the Global Agriculture Club – IAAS (International Association of students in Agricultural and related Sciences). These areas will enable students to explore the global aspects of their respective degree programs and gain new perspectives of the world so that they will be more competitive in an increasingly global marketplace.

For **Education Abroad**, CASNR provided \$44,283 in scholarships to 71 students. One hundred and eighteen CASNR students traveled to twenty-two countries. Ten CASNR students qualified for \$500 each of the 2014 Confucius Institute at UNL Study Abroad Scholarship to participate in an education abroad program to China. Three students were granted Gilman scholarships which seek to broaden the student population that studies abroad by supporting undergraduates who might not otherwise participate due to financial constraints. Two students received the Christian Lieding Scholarship and Fellowship Program given to encourage exchange between UNL and foreign institutions.

The **CASNR Minor in International Agriculture and Natural Resources** allows students to build a concentration of courses to meet their individual needs within CASNR guidelines. This flexible minor fits well with CASNR degree programs and helps prepare students more broadly for careers in agriculture and natural resources whether they plan for a career in other countries or in Nebraska. Advising for the minor is done by the CASNR Dean's staff and faculty volunteers in other Departments.

CASNR students are required to take at least one "internationally focused course." They may elect to meet this requirement from a long list of courses in languages, geography, political science, economics, anthropology and humanities. CASNR also offers **Introduction to Global Agriculture and Natural Resources (AGRI 282)**. This course helps students learn about global issues and inter-relationships that affect Nebraska. It meets the new ACE requirements for global awareness and human diversity as well as providing some practice with basic skills in teamwork and problem solving. A faculty-led international study abroad experience where a student is registered for three credit hours will meet the ACE 9 general education requirement.

The **Global Agriculture Club - IAAS** is a CASNR student focused organization which allows for UNL students to meet and discuss international issues and opportunities within Nebraska, the United States and abroad. It is an internationally affiliated organization that allows for students interested in agriculture to meet with others from around the United States and overseas through its annual National Summit and World Conference. The Global Agriculture Club also provides students the opportunity to raise money for IAAS sponsored conferences, internationally focused events, and education abroad.

For questions or for more information on any of the topics discussed here, contact Jon Kerrigan, Global Exchange Coordinator, at (402) 472-8397, the CASNR Dean's Office 103 Agricultural Hall, at (402) 472-2201 or email casnrstudyabroad@unl.edu.

FACULTY MEETING

Annual Faculty Meeting

The 2013 CASNR Annual Faculty Meeting was held on August 22 in the Nebraska East Union. New faculty members, as well as faculty with new teaching appointments, were introduced. ASUN Senator Tanner Nelson provided remarks on a “Student Perspective.” Dean Waller presented a brief overview of CASNR accomplishments in 2012-2013.

CASNR Brand Dimensions

These brand dimensions will serve as the foundation for all messaging, tactics and initiatives.

■ CASNR Brand Position

Science-based educational excellence and leadership in areas that are of extreme importance and urgency to our nation and the world—delivered in an encouraging, energetic, student-focused learning environment in which students can discover and define their role in solving the world's great challenges.

■ COMPETENCIES: *What the CASNR Brand Does*

Provides an engaging, student-focused, science-based educational environment in which students thrive and grow; and which prepares those students to participate in solving the great challenges that face mankind and the world in which we live.

■ STANDARDS: *How CASNR Does It*

- Serving as a thought-leader in the areas of food, energy, water, natural resources and communities
- Providing opportunities for students to connect with great ideas, great faculty, great experiences, great companies and great friends
- Maintaining a culture of empowerment, encouragement and enlightenment
- Attracting student-focused faculty that are among the best in their fields
- A sincere appreciation for the value and worth of every individual
- Establishing and maintaining collaborative, positive relationships with the private sector
- Exploring the “what if?” questions that will determine the future of our planet

■ STYLE: *How the CASNR Brand Relates to its Audiences*

- Encouraging
- Engaging
- Collaborative
- Self-assured and confident
- Visionary
- A bold leader
- A responsible citizen of the world
- Empowering
- Innovative
- Inspiring
- Approachable
- Reassuring
- A wise and experienced mentor

■ CASNR Brand Character

The CASNR brand is committed to taking a leadership role in solving the great challenges that face our nation and the world—and to preparing others to do the same. The CASNR brand brings out the best in others by encouraging them to think differently, to take risks and to achieve their potential. CASNR is well connected and well respected, as are those who affiliate themselves with the brand.

The CASNR brand is innovative and curious—embracing change and, in many cases, creating it. At the same time, CASNR is deeply rooted in fundamental values that are unwavering: a sincere appreciation for the potential and worth of every person; a sense of responsibility and stewardship for each other and the world in which we live; and dedication to the principles of integrity, authenticity, mutual respect and a good day's work.

■ CASNR Brand Promise

An unwavering dedication to the educational and personal success of students; and to preparing them with the scientific foundation, knowledge, experience and inspiration to make a profound and lasting impact in solving great challenges related to food production, energy, water, natural resources and communities.
