Introducing Virginia's Mobile Solution (Blog Post)

Posted on September 11, 2019

The Virginia Department of Social Services (VDSS) and the 18 local departments of social services (LDSS) identified the lack of technological supports to help child welfare workers complete the administrative tasks of their job as a cause of turnover. The Virginia site rolled out the first part of their intervention ([transcription services](#)) in 2018 and is now preparing to roll out a mobile application in late fall 2019. This one-page summary describes COMPASS, Virginia's mobile app designed to make it easier for workers to manage the administrative aspects of their job.
