## CONGRATULATIONS! ★

**John & Jenny Dillingham** have a new addition to their family: **Jack Robert** was born on May 17, 2011, weighing in at a hefty 8 pounds, 10 ounces. (Could be a potential recruit for our football program.) John says “Mom is recovering well and baby is cool as a cucumber.”

Congratulations to **Kathy Schindler**, Agronomy and Horticulture Office Associate, who was selected to receive the 2011 IANR Employee Impact Award for the second quarter! This award recognizes an employee who has, through some action or activity, made a significant impact on IANR, or their administrative unit for a specific activity or event. Kathy is being recognized for going beyond expectations in her assistance with the Agronomy and Horticulture Department Centennial Celebration. She was instrumental in assisting the Centennial Committee during a 5-month planning stage. She was a major player and participant in the success of the event. Please watch for more details on an award presentation to be held in early June.
