PRESIDENT'S MESSAGE

As this long, hot, dry summer comes to a close it is time to plan for the fall activities for Gamma Sigma Delta. I am always amazed at how quickly the years seem to go by. Events of the last year have affected us all in some way. We are constantly reminded that the world we are living in has changed. Some changes cause only minor disruptions, others are more serious. The world has truly become smaller with events from around the world having a direct impact on us.

The program that we have planned for the **Annual Fall Meeting September 19, 2002** should be one of interest to each of us. The title of the program is **"Bio-security and our Food Supply."** I want to thank Merlyn Nielsen and his committee of Irv Omtvedt, Roy Frederick and Rita Kean for putting together an outstanding panel of speakers. I would like to encourage all members to attend and bring others as well as encouraging students to attend.

Fall is also a time to think about membership. Enclosed with this newsletter is a membership nomination form. Take some time to select graduate students as well as faculty and staff that are worthy of recognition by Gamma Sigma Delta. Nomination does not require a lengthy write-up. The viability of the Nebraska Chapter is highly dependent on active participation by faculty and staff so please take time to nominate colleagues who may not be members. Keep in mind that faculty and managerial/professional new members must be at the University for three years.

Also included with this mailing are materials for nominating current Chapter members for our four annual awards. The Award of Merit, along with the Teaching, Extension and Research Awards, recognize outstanding contributions of our members and are presented at our **Initiation and Awards Banquet scheduled for November 17, 2002.** Take a look at the criteria and nominate your fellow members. Once again, a lengthy write-up is not needed.

Finally, please note that the **Ballot for Treasurer**

is included in this newsletter. We appreciate the willingness of these candidates to become involved in Gamma Sigma Delta and encourage all members to vote. I would like to thank all who have been involved with committees this year. As with any organization, active committees make the organization work.

Your current executive committee officers are looking forward to exciting activities this fall and hope that many of you will attend the **Annual Meeting on September 19 and the Initiation and Awards Banquet on Sunday, November 17.** Both events will be in the East Campus Union. We will look forward to seeing all of you at these events.

*Marilynn Schnepf, President

GAMMA SIGMA DELTA MEMBERSHIP REPORT (PRELIMINARY) - 2002

I assumed this task, taking over from Prof. Emeritus Charlie Adams, this last spring. Charlie's distinguished record of 36 years of service as Membership Coordinator for Gamma Sigma Delta is a remarkable achievement. So what could a relative short termer like myself contribute to the organization? In my discussions with Charlie, he agreed with me that his "Old Reliable" Roladex System should be transformed into a computer data base.

So with Charlie's encouragement and the talent and able assistance of my wife Brenda and her colleague, Courtney Schroepel, at the Lincoln Children's Museum, and Marilyn Weidner, our perfectionist Entomology Department Secretary, we have assembled the new membership database for Gamma Sigma Delta on Access Software. It is a nice package that, when completely finished (it isn't quite yet), should enable us to organize and print off all or part of our database, according to specific data and informational needs. We are almost there.

To summarize, we had 358 members on our mailing list (2001 - 02 data). We have not yet had an opportunity to share our updated membership and address changes from this year with Tim McGill, who maintains our permanent list and assembles our mailings.

Our Access list, which has the latest data, including this years memberships, can be broken down by category

as follows: 197 paid members, 35 new initiates (inducted last Nov. 18, 2001), who don't pay a membership fee their first year), 40 Award of Merit winners (17 of whom are still professionally active, 23 of whom are now retirees) and 49 other retirees. If you include the 23 Award. of Merit/Retirees, this total becomes 72 total retirees. We have a total of 77 Inactive members.

To summarize, the current membership of GSD includes 197 (Paid) + 35 (New) + 40 (Award of Merit) + 49 (Retirees), for a total of 321 members. I chose not to break down all of these by precise geography, but suffice it to say that we have 321 members, with most in Nebraska, but with representatives in the states of KS, MO, IA, CO, WI, OK, WA, NC, NM, NJ and AR. We have 2 International Members (Equador and Mexico). There are 69 individuals who have paid their dues in advance, for 2003 or beyond. Note that retirees and Award of Merit winners (including the 17 who are still professionally active) are not required to pay GSD membership fees.

This spring, I received 132 dues checks for a total of \$1840. All checks were photocopied and turned over to GSD Treasurer, Fayrene Hamouz. This next year we will reduce our postage expense by sending our dues mailing to all GSD members who have e-mail capability.
