10 September 1974

SUBJECT: Official Telephone Directory

TO: All Personnel

1. This directory is published in accordance with Chapter 8, AR 105-23. It is intended solely for official use only by members of this organization, and activities officially associated with the Center. Providing copies of this document or information contained to outside commercial sources is prohibited under the provisions of paragraph 8-5b, AR 105-23.
2. This directory is organized into three sections:
  - a. SECTION I - General information and index.
  - b. SECTION II - Functional listing of telephone numbers.
  - c. SECTION III - Personal listing of information pertaining to personnel assigned and associated with the Center.
3. Changes to this directory will be published in the Weekly Bulletin as they are identified, and a bi-monthly errata sheet will be disseminated to all directory holders to provide updated information. A revised directive will be published as required, but not more frequently than once each six months.
4. Each individual listed in SECTION III of this directory is responsible for bringing errors to the attention of the publishing office. The Chief, Administrative Services Office, will maintain the master directory in accordance with paragraph 8-10, AR 105-23.
5. All discrepancies identified in this directory will be brought to the immediate attention of the Chief, Administrative Services Office (AMXST-AS/601/2/3).

FOR THE COMMANDER:

  
MICHAEL B. FLECK  
CPT, AGC  
Adjutant

DISTRIBUTION:  
A

SECTION I  
**DEPARTMENT OF THE ARMY**  
U.S. ARMY FOREIGN SCIENCE AND TECHNOLOGY CENTER  
220 SEVENTH STREET NE.  
CHARLOTTESVILLE, VIRGINIA 22901

GENERAL INFORMATION

1. Night Operations. The FSTC Switchboard is open from 0715 to 1645 on business days only. Incoming numbers after hours are:

Commercial: 296-5171, 296-5170, 296-5182

AUTOVON: 274-7500

Incoming calls will be answered at the GSA guard desk and cannot be switched to other extensions. Night service can be prearranged by coordinating your needs with the FSTC operator. This service will convert the designated extension into a standard commercial phone reachable by dialing a commercial number. Extensions converted this way do not need to have the prefix "9" dialed since an outside line is already connected. Night service lines cannot be used to dial another extension, AUTOVON, or Washington FX nor can they be called from inside FSTC or via AUTOVON.

2. Local Commercial Calls: Local commercial calls are those placed to the local Charlottesville area. Local calls are placed by dialing the prefix "9" and waiting for a dial tone change before dialing the regular number. The following are not local calls and are handled as long distance calls: Long Distance Information, calls to area code 800, collect calls.

3. Commercial Long Distance Telephone Call:

a. The FSTC switchboard handles all commercial long distance calls for all personnel in the Federal Office Building including collect, long distance information, third party number billing, and calls to area code 800. To call long distance, dial "0".

b. Official long distance calls will be placed through AUTOVON and interconnecting local switchboards to the maximum extent practicable, including calls to commercial numbers when toll charges are not incurred at the distant end. The FSTC telephone operator maintains a list of AUTOVON switchboards capable of extending AUTOVON calls.

c. Long distance toll calls may be placed after duty hours, on weekends, or while away from the building by previously coordinating your needs with the FSTC Chief Operator.

4. AUTOVON: Most DOD offices within the US can be reached by using AUTOVON lines. Dial "8" and the prefix shown for the installation in the AUTOVON section of the DOD Telephone Directory or ask the FSTC Operator for assistance.
5. Washington, DC Calls: Calls to DOD offices or commercial numbers in the Washington area may be made by dialing the prefix "7" and then the commercial number. This includes the AMC building and OXFORD DOD offices.
6. Incoming Washington Calls: Non DOD agencies in the Washington area can call FSTC by dialing (202) 484-1860. The FSTC Operator will answer and then connect the caller to the desired extension.
7. Oversea Calls: The FSTC Operator will provide assistance in placing calls to oversea locations.
8. AUTOSEVOCOM Calls: See the separate pamphlet published for proper procedures in placing calls in which classified data will be discussed.
9. Xerox Telecopier Service: Unclassified material may be transmitted by xerox telecopier to most DOD installations and commercial companies in the US. Call the FSTC Communications Center for assistance.
10. Rotary Hunt: "Rotary Hunt" is the ability of the system to check another line if the desired one is busy. For example, if when calling 453 and finding it busy, 454, and then 455 are checked for an unused line. If all three lines are in use, then and only then is a busy signal returned. Otherwise the caller is connected to the unused line. This directory reflects the use of rotary hunt. For information as to which lines are hunted, call the FSTC Communications Officer.
11. Telephone Repair: All telephone equipment problems will be reported to the FSTC Operator on Ext 587. Do not call the local telephone company.
12. Communications Monitoring: Communications monitoring is authorized for communications management (AR 105-23) and communications security (AR 380-53) purposes. Use of a government owned, leased, or contracted communications facility implies consent to communications monitoring.
13. Unofficial Calls: Unofficial calls are not permitted.
14. MINIMIZE: MINIMIZE is a procedure used during periods of crisis or other abnormal periods to reduce communications usage. During MINIMIZE, traffic to the designated areas will be cleared through the Communications Office. See FSTCR 105-3.
