We have noticed an error in Fig. 7 of the original article. Figs. 7(a) and 7(b) should be exchanged and the revised figure is shown below. We apologize for this error.¹

FIG. 7. (a) The J-V characteristics of devices without (device A) and with (device C) 0.029 wt. % Pdots in dark, (b) the impedance graph of PSCs devices without (device A) and with (device C) 0.029 wt. % Pdots in dark.
