UNOPA Communication Technology Committee Final Report  
June 1, 2009

Karen Jackson, Director, participant  
Members: Deb Rosenau, participant

According to the UNOPA Bylaws & Standing Rules, the Communication Technology Committee will update and maintain UNOPA's webpage. It is strongly recommended that the Committee Director have working knowledge of html, pdf, and ftp. Commitment is for two years.

The goal for the Committee this year was to continue enhancing the website in meeting our goal of making the website user-friendly and informational to all our members and for those thinking about becoming members. We also started the conversion of the website into the UNL website templates. Bryan Becker, a past student worker for Student Affairs, was asked to help convert the current website into the UNL templates. The goal is to have the new website active by the Fall of 2009. A decision was also made to not enter the current website in the NAEOP website competition.

There were no expenses incurred by the Committee.

Respectfully submitted,

Karen Jackson  
Communication Technology Committee Director
