## WHY BAITING IS PROHIBITED

"Baiting" is the practice of depositing grain or other feed attractive to wild animals so as to lure them to a place where they can be shot. The primary objection to the practice of baiting is that it invariably results in an overharvest of the species baited. Recognizing this, every State in the Union has long prohibited the baiting of resident game species such as deer, turkeys, and quail. The baiting of migratory waterfowl has been prohibited by Federal regulations since 1935.

## BIRD BANDING

Preservation of hunting opportunities for Americans depends on successful wildlife management. An important aid in the management of migratory game birds is the individual identification of birds by numbered bands placed on their legs. Every year many thousands of bands are placed on migratory birds, and subsequent reporting of these bands helps to build up a store of reliable information about bird migration, development, length of life, and other important aspects of bird life.

If you find a band on the leg of a wild bird killed or found dead in the United States, report it to the U. S. Fish and Wildlife Service, Washington 25, D. C. It is best to straighten out the band and send it with the report. The following information is needed for scientific purposes: the complete number on the band; the place, date, and circumstances of killing or finding the bird; and the name and address of the person who recovered the band. The band will be returned to you if you request it, and you will be informed of the date and place the bird was banded. You will have the satisfaction of knowing that you have contributed to the management and conservation of America's migratory bird resources.

---

## GENERAL INFORMATION

Migratory birds, which move across State and National borders, are recognized as an international resource requiring conservation on a continental basis. Protection of migratory birds on the North American Continent is provided for by conventions between the United States and Great Britain (for Canada), concluded August 16, 1916 (39 Stat. 1702), and between the United States and the United Mexican States, concluded February 7, 1936 (50 Stat. 1311). Protection in the United States is provided by the Migratory Bird Treaty Act of July 3, 1918, as amended (40 Stat. 755; 16 U. S. C. 703).

Birds protected by the Migratory Bird Treaty Act and by the international conventions are listed in section 6.1 of the Regulations in this announcement.

The Migratory Bird Treaty Act (sec. 2) makes it unlawful to hunt, kill, sell, purchase, or possess migratory birds except as permitted by regulations adopted by the Secretary of the Interior.

The Secretary of the Interior annually adopts hunting regulations to permit a reasonable harvest of migratory game birds and leave an adequate breeding stock for subsequent years. To provide a sound basis for the regulations, each year considerable information is assembled on current populations of birds and on numbers available for harvesting. Four surveys are made of migratory waterfowl: (1) During the hunting season, a hunter-success survey by questionnaires to determine the number of birds taken; (2) a survey of wintering grounds to find out how many birds are left after the hunting season; (3) after the northward migration in spring, a survey of nesting grounds across the continent to measure size and distribution of breeding populations; and (4) a later breeding-ground survey to estimate production of broods. With a year's accumulation of data, the Secretary sets up a framework of proposed hunting regulations, including season lengths, bag and possession limits, and the earliest opening and latest closing dates, within which the State game departments recommend hunting seasons best suited to conditions in their States.

## STATE LAWS

Some of the States have laws or regulations more restrictive than those in this announcement. *Hunters are cautioned to consult State regulations before hunting.* Addresses of State officials are listed on pages 30 and 31 of this announcement.

## DUCK STAMPS

The Migratory Bird Hunting Stamp Act of 1934 (48 Stat. 451; 16 U. S. C. 718a) as amended July 30, 1956 (70 Stat. 722), and August 1, 1958 (72 Stat. 487), provides that no person who has attained the age of 16 years shall take any migratory waterfowl (brant, wild ducks, geese, and swans) unless at the time of such taking he has on his person an unexpired Federal migratory bird hunting stamp (commonly called Duck Stamp), validated by his signature written across the face of the stamp in ink prior to his taking such birds. A person who has not reached his 16th birthday does not have to have a stamp. The Act defines "take" to mean pursue, hunt, shoot, capture, collect, kill, or attempt to pursue, hunt, shoot, capture, collect, or kill.

## PENALTIES

The Migratory Bird Treaty Act (sec. 6) and the Migratory Bird Hunting Stamp Act (sec. 7) provide for a fine of not more than \$500, imprisonment for not more than 6 months, or both, for violation of those acts or the regulations contained in this announcement.

## GAME MAMMALS

The convention of February 7, 1936, between the United States and the United Mexican States regulates transportation across the United States-Mexican border of migratory birds or game mammals, dead or alive, their parts or products. Sections 6.6 and 6.7 of this announce-

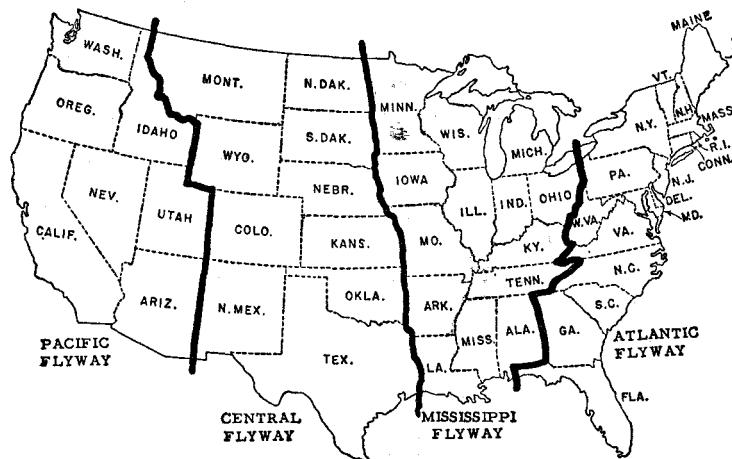

ment contain provisions governing transportation of birds. Regulations governing transportation of game mammals are contained in Part 5, Title 50, Code of Federal Regulations, copies of which may be obtained from sources listed on page 30 of this announcement.

### ADDITIONAL PROVISIONS

Regulations relating to control of depredating birds and approval of programs for development of wildlife areas on lands donated to the United States subject to reserved interests are contained in sections 6.61-6.64 and 6.71-6.73, Title 50, Code of Federal Regulations, copies of which may be obtained from sources listed on page 30 of this announcement.

### FLYWAYS

The schedules of seasons and limits in this announcement are given according to flyways. The administrative flyways are shown on the following map.

## GENERAL

§ 6.1 Definitions of migratory birds. Migratory birds included in the terms of the conventions between the United States and Great Britain [for Canada] for the protection of migratory birds, and between the United States and the United Mexican States for the protection of migratory birds and game mammals concluded, respec-

tively, August 16, 1916 (39 Stat. 1702), and February 7, 1936 (50 Stat. 1311), are as follows:

(a) **Game birds.**

- (1) Waterfowl (ANATIDAE), including brant, wild ducks, geese, and swans.
- (2) Cranes (GRUIDAE), including little brown, sandhill, and whooping cranes.
- (3) Rails (RALLIDAE), including coots, gallinules, and sora and other rails.
- (4) Shorebirds (HAEMATOPODIDAE, CHARADRIIDAE, SCOLOPACIDAE, RECURVIROSTRIDAE, and PHALAROPODIDAE), including avocets, curlews, dowitchers, godwits, knots, oyster-catchers, phalaropes, plovers, sandpipers, snipe, stilts, surfbirds, turnstones, willet, woodcock, and yellowlegs.
- (5) Doves and wild pigeons (COLUMBIDAE).

(b) **Insectivorous birds.**

Cuckoos (including road-runner and anis), flickers, and other woodpeckers; nighthawks or bullbats, chuck-will's-widow, poor-wills, and whip-poor-wills; swifts; hummingbirds; kingbirds, phoebes, and other flycatchers; horned larks, bobolinks, cowbirds, blackbirds, grackles, meadowlarks, and orioles; grosbeaks (including cardinals), finches, sparrows, and buntings (including towhees); tanagers; martins and other swallows; waxwings; phainopeplas; shrikes; vireos; warblers; pipits, catbirds, mockingbirds, and thrashers; wrens; brown creepers; nuthatches; titmice (including chickadees, verdin, and bushtits); kinglets and gnatcatchers; robins and other thrushes.

(c) **Other nongame birds.**

Auks, auklets, bitterns, fulmars, gannets, grebes, guillemots, gulls, herons, jaegers, loons, murres, petrels, puffins, shearwaters, and terns.

§ 6.2 **Definitions of terms.** For the purposes of this part, the following terms shall be construed, respectively, to mean and to include:

(a) *Secretary*.—The Secretary of the Interior or his authorized representative.

(b) *Person*.—Individual, club, association, partnership, or corporation, any one or all, as the context requires.

(c) *Take*.—Pursue, hunt, kill, or capture, or attempt to hunt, kill, or capture.

(d) *Open season*.—Time during which migratory game birds may lawfully be taken. Each period of time prescribed as an open season shall be construed to include the first and last days thereof. Unless otherwise specified, whenever time is stated in hours it shall be construed to refer to standard time in the area affected.

(e) *Closed season*.—Time during which migratory game birds may not be taken.

(f) *Transport*.—Ship, carry, export, import, and receive, or deliver for shipment, conveyance, carriage, exportation, or importation.

(g) *State*.—Any State, the District of Columbia, the Commonwealth of Puerto Rico, and the territories and possessions of the United States.

**§ 6.3 Hunting methods.** The provisions of this section shall govern the methods by which any person may take migratory game birds on which open seasons are prescribed in this part.

(a) **Permitted methods.** Migratory game birds MAY be taken—

- (1) by the aid of a dog, with bow and arrow, or with a shotgun (not larger than No. 10 gauge and incapable of holding more than three shells) fired from the shoulder;
- (2) in the open or from a blind or other place of concealment (except a sinkbox) on land or water (as used in this part the term “sinkbox” refers to a raft or any type of low floating device having a depression which affords a hunter a means of concealing himself below the surface of the water);
- (3) from a floating craft, excluding a sinkbox but including a sailboat or a boat or other craft having a motor attached

when such sailboat, boat, or other craft with motor attached is beached, resting at anchor, or fastened within or tied immediately alongside of any type of fixed hunting blind;

- (4) on or over standing crops (including aquatics), flooded standing crops, flooded harvested crop lands, grain crops properly shocked on the field where grown, or grains found scattered solely as a result of normal agricultural harvesting; or
  - (5) by the aid of a motorboat, sailboat, or other craft when used solely as a means of picking up dead or injured birds.
- (b) **Prohibited methods.** Migratory game birds MAY NOT be taken—
- (1) with a trap, snare, net, rifle, swivel gun, or machinegun;
  - (2) with a shotgun of any description originally capable of holding more than three shells, the magazine of which has not been cut off, altered, or plugged with a one-piece metal or wooden filler, incapable of removal without disassembling the gun, so as to reduce the capacity of the said gun to not more than three shells in the magazine and chamber combined;
  - (3) from or by means, aid, or use of a sinkbox, motor-driven conveyance, motor vehicle, or aircraft of any kind;
  - (4) from or by means of a sailboat or other boat or floating craft having a motor attached unless such boat, craft, or sailboat is beached, resting at anchor, or fastened within or tied immediately alongside of any type of fixed hunting blind, or is used solely as a means of picking up dead or injured birds;
  - (5) by the use or aid of livestock as a blind or means of concealment;
  - (6) by the use or aid of live birds as decoys;
  - (7) by the use or aid of recorded bird calls or sounds, or recorded or electrically amplified imitations of bird calls or sounds;
  - (8) by means or aid of any motor-driven land, water, or air conveyance or sailboat used for the purpose of or resulting in the

concentrating, driving, rallying, or stirring up of waterfowl and coots; or

- (9) by the aid of baiting, or on or over any baited area. As used in this subparagraph, "baiting" shall mean the placing, exposing, depositing, distributing or scattering of shelled, shucked, or unshucked corn, wheat or other grain, salt or other feed so as to constitute for such birds a lure, attraction or enticement to, on or over any area where hunters are attempting to take them; and "baited area" means any area where shelled, shucked, or unshucked corn, wheat or other grain, salt or any other feed whatsoever capable of attracting such birds is directly or indirectly placed, exposed, deposited, distributed or scattered. Nothing in this subparagraph shall prohibit the taking of such birds over standing crops, flooded standing crops (including aquatics), flooded harvested crop lands, grain crops properly shocked on the field where grown, or grains found scattered solely as the result of normal agricultural harvesting.

(c) **Exceptions.** Nothing contained in this section shall be construed to apply to the taking of migratory nongame birds as permitted in § 6.5, or to apply to propagating, scientific, depredation-control, or other operations in accordance with the terms of permits or other authorizations issued pursuant to this part.

**§ 6.4 Open seasons, limits, and other provisions.**

(a) Migratory game birds may be taken from one-half hour before sunrise to sunset during the open seasons prescribed except as hereinafter provided in this part.

(b) A person may take in any one day during the open seasons prescribed therefor not to exceed the numbers of migratory game birds permitted in this part, which numbers shall include all birds taken by any other person who for hire accompanies or assists him in taking such birds. When so taken such birds may be possessed in the numbers specified in this part, except that no person on the opening day of the season may possess any migratory game birds in excess of

the applicable daily limits and no person may possess any freshly killed migratory game bird during the closed season for such bird.

(c) Nothing in this part shall be deemed to permit the taking of migratory birds on any reservation or sanctuary established under the Migratory Bird Conservation Act of February 18, 1929, as amended (45 Stat. 1222; 16 U. S. C. 715), or any area of the United States set aside under any other law, proclamation, or executive order for use as a bird, game, or other wildlife reservation, breeding ground, or refuge, or on any area designated as a closed area under the Migratory Bird Treaty Act except so far as may be permitted by the Secretary.

(d) No migratory bird may be taken at any time, by any means, from, on, or across any highway, road, trail, or other right-of-way, whether public or private, within the exterior boundaries of any established national wildlife refuge.

(e) Open seasons only on such migratory game birds as are therein designated, daily bag and possession limits, and exceptions to the hours of hunting stated in paragraph (a) of this section shall be as prescribed annually in §§ 6.41 through 6.52.

(f) Whenever the Secretary shall find that emergency State action to prevent forest fires in any extensive area has resulted in the shortening of the season during which the hunting of any species of migratory game bird is permitted and that a compensatory extension or reopening of the hunting season for such birds will not result in a diminution of the abundance of birds to any greater extent than that contemplated for the original hunting season, the hunting season for the birds so affected may, subject to all other provisions of this subchapter, be extended or reopened by the Secretary upon request of the chief officer of the agency of the State exercising administration over wildlife resources. The length of the extended or reopened season in no event shall exceed the number of days during which hunting has been so prohibited. The extended or reopened season will be publicly announced.

## NATIVE USE IN ALASKA

**§ 6.5 Taking of certain migratory nongame birds by Eskimos and Indians.** In Alaska, Eskimos and Indians may take, possess, and transport, in any manner and at any time, auks, auklets, guillemots, murres, and puffins and their eggs for food and their skins for clothing, but the birds and eggs so taken shall not be sold or offered for sale.

## TRANSPORTATION AND IMPORTATION

**§ 6.6 Transportation into, within, or out of any State.** Any person, without a permit, may transport lawfully killed migratory game birds into, within, or out of any State during and after the open seasons in the State where taken, subject to the conditions and restrictions specified in this section.

(a) Except for mourning and white-winged doves, if such birds are dressed, the head, head plumage, and feet must remain attached in such manner as to permit identification of their species while being transported between the place where taken and the location where such birds are to be consumed or refrigerated, smoked, or otherwise preserved.

(b) During any one calendar week the number of such birds permitted to be transported out of or into any State or to a foreign country shall not exceed for one person the number permitted in this part to be in the possession of one person where taken.

(c) Any such birds transported from any State not later than 48 hours following the close of the open season therein may continue in transit for such additional time immediately after shipment, not to exceed 5 days, as is necessary to deliver them to their destination.

(d) Any package or container in which such birds are transported shall have the name and address of the shipper and of the consignee and an accurate statement of the numbers and kinds of birds contained therein clearly and conspicuously marked on the outside thereof.

(e) Nothing in this section shall be deemed to permit the importation of such birds from a foreign country.

**§ 6.7 Importations from Canada, Mexico, or other foreign country.**

During and after the open seasons where taken, any person, without a permit, may enter and transport in any State, migratory game birds lawfully killed in and exported from a foreign country, subject to the conditions and restrictions specified in this section.

(a) The numbers of such birds permitted to be entered and transported by one person, either in a single shipment or by multiple shipments, shall be limited as follows:

<i>From—</i>	<i>Not to exceed—</i>
Province of Alberta, Canada.....	20 ducks and 10 geese per season.
Province of British Columbia, Canada.	20 ducks and 10 geese per season.
Province of Manitoba, Canada.....	20 ducks and 10 geese per season.
Province of Saskatchewan, Canada..	20 ducks and 10 geese per season.
Any other Province or Territory of Canada.	12 ducks and 10 geese per calendar week (beginning Sunday).
Mexico or any other foreign country (except Canada) or subdivision thereof.	10 ducks and 5 geese per calendar week.
Any foreign country or subdivision thereof:	
Band-tailed pigeons.....	6 per calendar week.
Brant.....	6 per calendar week.
Coots.....	25 per calendar week.
Doves, mourning or white-winged.	25, singly or in the aggregate of both kinds, per calendar week.
Rails (except sora and coots) and gallinules.	30, singly or in the aggregate of both kinds, per calendar week.
Sora.....	25 per calendar week.
Wilson's snipe.....	8 per calendar week.
Woodcock.....	8 per calendar week.

(b) Migratory game birds may be imported from Canada with or without heads and feet attached, but shipments of such birds must be accompanied by tags or permits if required by Dominion or Provincial law.

(c) Shipments from Mexico must be accompanied by a Mexican export permit and if imported from Mexico or any other foreign country (except Canada) such birds must be dressed, drawn, and have the head and feet removed.

(d) Any such birds transported from Canada, Mexico, or other foreign country not later than 5 days following the close of the open season where taken may continue in transit for such additional time immediately after shipment, not to exceed 5 days, as is necessary to deliver them to their destination.

(e) Any package or container in which such birds are transported shall have the name and address of the shipper and of the consignee and an accurate statement of the numbers and kinds of birds therein contained clearly and conspicuously marked on the outside thereof.

**§ 6.8 Limitations upon transportation and importation.** Nothing contained in this part shall be construed to permit the transportation of migratory game birds, or parts thereof, from, to, or through any State or to or through Canada, Mexico, or other foreign country contrary to the laws of the place in which taken or from, to, or through which transported; nor shall any such birds be imported from Canada, Mexico, or other foreign country contrary to the laws of the place in which taken or from, to, or through which transported.

## **RESTRICTIONS APPLICABLE TO POSSESSION**

**§ 6.9 Possession for purposes of processing, transportation, or storage.** No person, other than the person who has lawfully taken such birds, shall receive, possess, or have in custody migratory game birds for picking, cleaning, processing, shipment, transportation, or storage (including temporary storage at hunting clubs) unless such birds have a tag attached signed by the hunter stating his address, the total number and kinds of birds and the date killed. Any commercial picking establishment, cold-storage or locker plant receiving, possessing, or having in custody migratory game birds shall maintain accurate records showing the numbers and kinds of such birds, the

dates received and disposed of, and the names and addresses of the persons from whom such birds are received and to whom such birds are delivered. Such records shall be produced at any reasonable time for inspection by any officer authorized to enforce this part. The records so required to be maintained shall be retained by the person or persons responsible for their preparation and maintenance for a period of one year following the close of the open season on migratory game birds prescribed for the State in which such picking establishment, cold-storage or locker plant is located.

**§ 6.10 Termination of possession by hunters.** For the purposes of this part, the ownership and possession of birds legally taken by any hunter shall be deemed to have ceased when such birds have been delivered by him to (1) a post office; (2) a common carrier; or (3) a commercial cold-storage or locker plant for transportation to some person other than the hunter.

**§ 6.11 Possession of live migratory game birds.** No person, without a permit, shall possess or transport any live migratory game birds acquired after October 1, 1958.

**§ 6.12 Possession of plumage and skins of migratory game birds.** Any person, without a permit, may possess and transport for his own use the plumage and skins of lawfully taken migratory game birds.

**§ 6.13 Commercial use of feathers.** Any person, without a permit, may possess, dispose of, and transport for the making of fishing flies, bed pillows, and mattresses, and for similar commercial uses, but not for millinery or ornamental use, feathers of wild ducks and wild geese lawfully killed, or seized and condemned by Federal or State game authorities.

**§ 6.14 Public and institutional use.** Imports from Mexico must be accompanied by Mexican export permits; but otherwise State game departments, State or municipal game farms, or municipal parks, may acquire, possess, dispose of, and transport lawfully obtained live migratory waterfowl without a permit; and public museums, zoological parks and societies, and public scientific and educational institutions

may acquire by gift, loan, or purchase, and may possess, dispose of, and transport lawfully obtained migratory birds, or parts, nests, or eggs thereof without a permit. No such birds may be sold to, purchased from, or exchanged with any person not authorized pursuant to this part to sell, purchase, or exchange them.

## PERMITS

**§ 6.15 Permits for propagating, scientific collecting, and other purposes.** The provisions of this section shall govern the issuance of permits to authorize any person to import, take, sell, purchase, otherwise acquire, possess, and transport migratory birds, or parts, nests, or eggs thereof for specified purposes.

(a) **General authorization.** Permits for the importation, taking, sale, purchase or other acquisition, and possession of live migratory birds and their eggs for propagating purposes; for the importation, taking, sale, purchase or other acquisition, and possession of migratory birds, or parts, nests, or eggs thereof for scientific and other limited purposes; for the disposition and transportation of such birds, or parts, nests, or eggs and their increase; and for the mounting or other preparation by a taxidermist of such birds, or parts, nests, or eggs thereof may be issued by the Secretary upon such terms and conditions as are consistent with the protection of the species and the general purposes of this part, which terms and conditions may include, among other things, the inspection of premises and records by any person authorized to enforce this part, the keeping of records and the making of reports.

(b) **Importations from Mexico.** Importations from Mexico under this section must be accompanied by a Mexican export permit.

(c) **Limitations.** To insure the preservation of migratory birds, permits to take for scientific and propagating purposes may be denied or they may limit the number and species of such birds, their nests, or eggs to be taken thereunder, the place where they may be taken, and the manner and means of taking.

(d) **Restrictions on purchase, sale, or exchange.** Migratory birds, or parts, nests, or eggs thereof may not be purchased from, sold to, or exchanged with any person not authorized by this section or by a permit issued thereunder to make such sale, purchase, or exchange.

(e) **Compliance with State law.** No permit issued under this section shall authorize the taking, possession, sale, purchase, exchange, or transportation of migratory birds, their nests or eggs unless the permittee also possesses whatever permit may be required for such action pursuant to the laws and regulations of the State concerned.

(f) **Transfer and revocation.** No permit issued under this section shall be transferable. Any permit heretofore or hereafter issued under authority of regulations prescribed pursuant to the Migratory Bird Treaty Act may be terminated by the Secretary for violation of said regulations or failure to comply with the terms and conditions of the permit.

(g) **Marking of packages.** Every package or container in which migratory birds, or parts, nests, or eggs thereof are shipped wholly within a State or in which such birds or parts, nests, or eggs thereof are transported by any means whatever from one State to, into, or through another State, or to a foreign country, shall be plainly and clearly marked, labeled, or tagged on the outside thereof to show the names and addresses of the consignor and consignee, the contents of the package or container, the number of the permit under authority of which it is shipped or transported, and the purpose for which the birds, or parts, nests, or eggs are being shipped or transported.

(h) **Applications for permits.** Applications for permits on forms prescribed for such purposes shall be addressed to the Regional Director of the Bureau of Sport Fisheries and Wildlife in whose region the applicant resides, as follows:

Region 1—P. O. Box 3737, Portland 8, Oregon (California, Idaho, Montana, Nevada, Oregon, Washington);

Region 2—P. O. Box 1306, Albuquerque, New Mexico (Arizona, Colorado, Kansas, New Mexico, Oklahoma, Texas, Utah, Wyoming);

Region 3—1006 West Lake Street, Minneapolis 8, Minnesota (Illinois, Indiana, Iowa, Michigan, Minnesota, Ohio, Missouri, Nebraska, North Dakota, South Dakota, Wisconsin);

Region 4—Peachtree-Seventh Building, Atlanta 23, Georgia (Mississippi, North Carolina, South Carolina, Tennessee, Virginia, Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland);

Region 5—1105 Blake Building, Boston 11, Massachusetts (Connecticut, Delaware, Maine, Massachusetts, Vermont, Pennsylvania, New Hampshire, New Jersey, New York, Rhode Island, West Virginia); and

Region 6—P. O. Box 2021, Juneau, Alaska (Alaska).

## INSPECTIONS AND REPORTS

[Record-keeping requirements in this part have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942]

**§ 6.21 Inspections.** Any person exercising a privilege granted in a permit issued under this part shall allow any person authorized to enforce this part to enter at all reasonable hours and inspect the premises where operations are being carried on under such permit and to inspect the records relating thereto.

**§ 6.22 Reports.** Unless a different date is stated in the permit, reports of operations required to be submitted by any permit issued under this part shall be filed, on a form furnished for that purpose, with the office from which the permit was obtained on or before the 10th day of January following issuance of the permit. Failure to submit a report as required will be sufficient cause for revocation of the permit or withdrawal of any privilege accorded any person failing to make the report.

**§ 6.23 Records retention period.** The records required to be maintained for the purpose of making reports pursuant to the provisions of any permit issued under this part shall be retained by the person or persons responsible for their preparation and maintenance for a period of six months following the date on which such reports are submitted.

## STATE LAWS

**§ 6.31 State laws for the protection of migratory birds.** Nothing in this part or in any permit issued thereunder shall be construed to permit the taking, possession, sale, purchase, or transportation of migratory birds, or parts, nests, or eggs thereof contrary to the laws and regulations of any State made for the purpose of giving further protection to migratory birds or their nests or eggs when such laws and regulations are not inconsistent with the conventions between the United States and any other country for the protection of migratory birds or with the Migratory Bird Treaty Act and do not extend the open seasons for such birds beyond the dates prescribed by this part.

***Note special shooting hours for waterfowl.***  
(Secs. 6.51 and 6.52)

## SCHEDULES

§ 6.41 Seasons and limits on doves and wild pigeons. Subject to the applicable provisions of the preceding sections of this part, the areas open to hunting, the respective open seasons (dates inclusive), and the daily bag and possession limits on the species of doves and wild pigeons designated in this section are prescribed between the dates of September 1, 1959, and January 15, 1960, as follows:

(a) **Mourning doves.**

Daily bag limit---	10	Daily bag limit---	10
Possession limit---	20	Possession limit---	20
Seasons in—		Seasons in—Con.	
Alabama <sup>1 2</sup> -----	{Oct. 1–Oct. 31. Nov. 29–Jan. 1.	Massachusetts---	Closed season.
Arizona <sup>2</sup> -----	{Sept. 1–Sept. 27. Dec. 12–Jan. 3.	Michigan-----	Closed season.

<sup>1</sup> Ducks. In Wildlife Management Units 8, 9, 10, and 16 through 26, as described in 50 CFR 46.2, the daily bag limit for old-squaw, harlequin, scoter, and eider ducks and American and red-breasted merganser ducks is 10 singly or in the aggregate, and the possession limit is 20 singly or in the aggregate of all kinds of such ducks. These limits may be taken and possessed in addition to the limits prescribed in the above table for other ducks. In Units 1 to 7 and 11 to 15, both inclusive, the bag limits on American and red-breasted merganser ducks are 5 daily and 10 in possession, singly or in the aggregate of both kinds, which limits may be in addition to the limits prescribed in the above table for other ducks.

<sup>2</sup> Geese. The daily bag limit may not include more than 3 geese of the dark species and the possession limit may not include more than 6 geese of the dark species.

**(b) Scoter, eider, and old-squaw ducks.**

Daily bag limit.....	7 } singly or in the aggregate, in addition to other ducks.

Special seasons in open coastal waters only, beyond outer harbor lines in <sup>2</sup> —	} Oct. 1-Jan. 8.
Connecticut.....	
Maine.....	
Massachusetts.....	
New Hampshire.....	
New York.....	
Rhode Island.....	

<sup>1</sup> On the opening day of the season for ducks and coots in all Flyways (including both opening days of a split season) shooting will begin at 12 o'clock noon. Whenever the opening day of any season on geese, brant, or Wilson's snipe is concurrent in a State with the opening day of the season on ducks and coots, shooting hours on all species will start at 12 o'clock noon. On all other open days for ducks and coots and during the entire season (including opening days) on geese, brant, and Wilson's snipe the shooting hours will be sunrise to sunset: *Provided*, That if the open season on geese, brant, or Wilson's snipe in a State is in progress at the time the season in that State opens on ducks and coots, shooting on those species (geese, brant, and Wilson's snipe) will start at sunrise: *Provided further*: That shooting for scoters, eiders, and old-squaw ducks beyond the outer harbor lines of the States listed may commence at sunrise on October 1 and start at sunrise on all other open days thereafter.

Footnotes continued on following page.

Footnotes continued from preceding page.

<sup>2</sup> In the States of Connecticut, Maine, Massachusetts, New Hampshire, New York, and Rhode Island, the season for taking scoters, eiders, and old-squaw ducks beyond outer harbor lines shall be from October 1 to January 8 (dates inclusive). In areas other than those beyond outer harbor lines in these States and in all other States in the *Atlantic Flyway* scoters, eiders, and old-squaw ducks may be taken only during the open season for other ducks.

<sup>1</sup> Shooting hours. On the opening day of the season for ducks and coots in all Flyways (including both opening days of a split season) shooting will begin at 12 o'clock noon. Whenever the opening day of any season on geese, brant, or Wilson's snipe is concurrent in a State with the opening day of the season on ducks and coots in that State, shooting hours on all species will start at 12 o'clock noon. On all other open days for ducks and coots and during the entire season (including opening days) on geese, brant, and Wilson's snipe the shooting hours will be sunrise to sunset: *Provided*, That if the open season on geese, brant, or Wilson's snipe in a State is in progress at the time the season in that State opens on ducks and coots, shooting on those species (geese, brant, and Wilson's snipe) will start at sunrise.

<sup>2</sup> In the States of Colorado, Montana, New Mexico, North Dakota, and Texas the daily bag limit is 4 ducks and 4 coots and the possession limit is 8 ducks and 8 coots. In the States of Kansas, Nebraska, Oklahoma, South Dakota, and Wyoming, the daily bag limit is 3 ducks and 3 coots and the possession limit is 6 ducks and 6 coots. In all States in the Flyway, the daily bag or possession limit on ducks may not include more than 1 canvasback or 1 redhead or 1 ruddy duck and 1 hooded merganser and 1 wood duck. *Provided*, There is no open season for wood ducks in New Mexico or for black-bellied tree ducks in Texas.

<sup>3</sup> Geese: The daily bag and possession limit on geese is 5, *Provided*, That throughout all the States in the Flyway the daily bag or possession limit on geese in no event may include more than (a) 1 white-fronted goose, or (b) 2 Canada geese or its subspecies, or (c) 1 Canada goose and 1 white-fronted goose. In Wyoming the bag limit is 1 Canada goose except in Goshen County which shall have a bag limit of 2 Canada geese or 1 Canada goose and 1 white-fronted goose. A closed season is prescribed on snow and blue geese in all of Wyoming and in Beaverhead, Gallatin, and Madison Counties in Montana. A closed season is prescribed on Canada geese and its subspecies in Moffat County, Colorado.

(f) Pacific Flyway States.

See footnotes on following page.

<sup>1</sup> Shooting Hours: On the opening day of the season for ducks and coots in all flyways (including both opening days of a split season) shooting will begin at 12 o'clock noon. This shall apply also to gallinules in the Pacific Flyway. Whenever the opening day of any season on geese, brant, or Wilson's snipe is concurrent in a State with the opening day of the season on ducks and coots, shooting hours on all species will start at 12 o'clock noon. On all other open days for ducks and coots and during the entire season (including opening days) on geese, brant, and Wilson's snipe the shooting hours will be sunrise to sunset: *Provided*, That if the open season on geese, brant, or Wilson's snipe in a State is in progress at the time the season in that State opens on ducks and coots, shooting on those species (geese, brant, and Wilson's snipe) will start at sunrise.

<sup>2</sup> Ducks: The daily bag and possession limit may not include more than 2 canvasbacks, or 2 redheads, or 2 ruddy ducks, or 2 of those species in the aggregate and 1 hooded merganser and 1 wood duck. In addition to the limits on other ducks, the daily bag limit on American and red-breasted mergansers is 5, possession 10, singly or in the aggregate of both kinds.

<sup>3</sup> Geese: In the State of Washington the daily bag and possession limit is 3, and throughout all States in the Pacific Flyway the daily bag and possession limit may not include more than 3 of the dark species: *Provided*, That in Bear Lake, Caribou, and Bonneville Counties, Idaho; in Clark County, Nevada; in Mohave and Yuma Counties, Arizona; in California Fish and Game District No. 22 (as defined in the California Fish and Game Code); and in the entire State of Utah, the daily bag and possession limit may include not more than 1 Canada goose or its subspecies.

<sup>4</sup> In Clark County, Nevada; in Yuma and Mohave Counties, Arizona; and in California Fish and Game District No. 22, the season on Canada geese and their subspecies shall close at sunset December 13, 1959. Closed season on snow geese in Clark, Fremont, Madison, and Teton Counties, Idaho.

<sup>5</sup> Arizona: Closed season on gallinules.

<sup>6</sup> Nevada: In that portion of Clark County lying south and east of a line beginning where U.S. Highway 91 intersects the Arizona-Nevada State line; thence southwesterly along U.S. Highway 91 to the town of Glendale; thence southwesterly along U.S. Highways 91 and 93 to Las Vegas; thence southeasterly along U.S. Highways 93, 95, and 466 to Railroad Pass and thence south along U.S. Highway 95 to its intersection with the California-Nevada State line the season shall open on October 7, 1959.

#### § 6.52 Migratory game bird hunting seasons for Puerto Rico.

Subject to the applicable provisions of the preceding sections of this part, the open seasons (dates inclusive), the daily bag and possession limits on the species designated in this section, are prescribed between the dates of October 1, 1959, and February 12, 1960, as follows:

	Mourning doves	Rails and gallinules (singly or in the aggregate)	Ducks	Geese (except snow geese)	Coots	Wilson's snipe
Daily bag limit.....	-----	15	3	2	10	-----
Possession limit.....	-----	30	6	4	10	-----
Seasons.....	Closed season	Dec. 15–Feb. 12.	Dec. 15–Feb. 2.....			Closed season.
