This Article is brought to you for free and open access by the Libraries at University of Nebraska-Lincoln at DigitalCommons@University of Nebraska - Lincoln. It has been accepted for inclusion in Faculty Publications, UNL Libraries by an authorized administrator of DigitalCommons@University of Nebraska - Lincoln.

# Bibliography

## EFFECTS OF OFFSHORE OIL AND GAS DEVELOPMENT

### A CURRENT AWARENESS BIBLIOGRAPHY

January 1994

*This bibliography is a quarterly compilation of current publications (citations with abstracts) from a wide variety of electronic and print information sources relating to offshore oil and gas development. It is compiled and edited by Sue Ann Lewandowski, and is published at the LUMCON Marine Center, 8124 Hwy 56, Chauvin, LA 70344-2124, 985-851-2875, 985-851-2874 FAX, [www.lumcon.edu/library](http://www.lumcon.edu/library).*

*All inquiries and requests to receive past or future issues of this publication should be directed to the editor. Items listed may or may not be available at the LUMCON Library. Items without annotations were unavailable for perusal prior to publication.*

#### -- Contents --

#### [Biology](#)

Ecological, anatomical, and physiological effects of oil and/or gas, Species as biomarkers, PAH uptake and bioaccumulation, etc.

#### [Chemistry/Geochemistry/Geology](#)

Biochemistry, Biodegradation, Bioremediation, Hydrocarbon degradation, Environmental sampling, Soil contamination, etc.

#### [Engineering/Physics](#)

Technological advancements in facility/equipment design and use, Spill response and recovery equipment, Physical properties of oil and gas, etc.

#### [Environment/Ecosystem Management/Spills](#)

Environmental assessment and management, Oil and/or gas spill description and analysis, etc.

#### [Socioeconomic/Regulation/General](#)

Social and economic ramifications, Politics, Governmental policy and legislation, Organizational policy, General interest, etc.

*This research was supported by the Minerals Management Service, United States Department of the Interior, the Coastal Marine Institute, Louisiana State University, and LUMCON. The views and conclusions are those of the author(s) and do not necessarily represent the official policies, either expressed or implied, of the United States Government or the State of Louisiana.*
