Correction to Winter Bird Numbers Article

Editor's Note: We regret that there was an error in the text of the Paul Johnsgard article "Recent Changes in Winter Bird Numbers at Lincoln, Nebraska" published in the March 2006 *Nebraska Bird Review* (Volume 74 Number 1). The last sentence in the first full paragraph on page 18 should read: "(The House Sparrow is declining annually at a rate of 2.5%, and the House Finch is increasing at an annual rate of 1.15%.)"
