## ERRATUM

In *Condor* 109(4), November 2007, the paper “Approximating variance of demographic parameters using the delta method: a reference for avian biologists” by Larkin Powell contained an error in an equation. In Table 3, p. 951, the formula to approximate the variance of annual survival ( $\hat{S}_A$ ), given a variance estimate for monthly survival ( $\hat{S}_M$ ) and the relationship  $\hat{S}_A = (\hat{S}_M)^{12}$  should be

$$\text{var}(\hat{S}_A) = 144 \cdot \text{var}(\hat{S}_M) \cdot \hat{S}_M^{22}$$

The correction has been included in the online variance calculator that is available at: <<http://snr.unl.edu/powell/research/research.htm>>. The author regrets this error.
