VOLUME 48 NUMBER 4 OF REVIEW MIS-MARKED

The last two issues of Volume 48 of the *Review* were both marked (on the front cover) "Volume 48 September, 1980 Number 3". The page numbers will distinguish between the two issues, but an easy mark is that the true Number 4 shows part of the index on the back cover. Those who save their copies of the *Review* should correct the entry on the issue containing the index to read "December" and "4" to prevent confusion in the future.
