AGRICULTURAL ENGINEERING DEPARTMENT
AGRICULTURAL COLLEGE, LINCOLN

Copy of Report of Official Tractor Test No. 138

Dates of test: August 6th to 17th, 1927
Name, model and rating of tractor: Continental Cultor No. 32
Serial No. Engine: 14688337 Serial No. Chassis: 5099
Manufacturer: Continental Cultor Co., Springfield, Ohio
Tractor equipment used: Ford ignition system, Kolley-Ford Carburetor
Style and dimensions of wheel lugs: Spade 20 per wheel, 2-5/8" high x 2-1/2"
x 1-3/4"
5" extension rims.

BRAKE HORSE POWER TESTS

NO BELT TESTS

REMARKS: The gasoline used as fuel in these tests weighed 6.20 lbs.
per gallon.

Copy of Report of Official Tractor Test No. 138.

* Taken in discharge line from engine.

REMARKS: This tractor has but one speed forward.
The distance advanced by the tractor without load on level ground for several complete revolutions of the drive wheels was taken as a basis for calculating the slippage.

OIL CONSUMPTION:

During the complete test consisting of about 25 hours running the following oil was used:
For the engine, 1-3/4 gallons of Mobiloil "E". 1 gallon to fill crankcase. 3/4 gallons added during test.
For the differential and wheels: 1/4 gallons of 600 W added during test.

Copy of Report of Official Tractor Test No. 138

REPAIRS AND ADJUSTMENTS

During the rated drawbar test the left main drive chain broke. The broken link was replaced with a new link. During the same test two teeth were broken on the main drive sprocket. The test was completed without repair. No other repairs or adjustments were necessary during this test. At the end of the test the tractor was in good running order and there were no indications of undue wear nor of any weakness which might require early repair.

BRIEF SPECIFICATIONS

MOTOR: Ford Model "T", 4 cylinder, L-head, mounted crankshaft lengthwise.
Bore: 3-3/4 inches, Stroke 4 inches.
Rated speed 1050 R.P.M.

Ignition system: Ford Model "T".
Carburetor: Holley - Ford.
Air Cleaner: None.
Governor: None.

CHASSIS: Two wheels, both drivers, open chain final drive, multiple disc clutch. Advertised speeds: 3 miles per hour.

Total weight as tested (with operator) 1840 pounds.

REMARKS

In the advertising literature submitted with the specifications and application for test of this tractor, we find some claims and statements which cannot be directly compared with the results of this test as reported above. It is our opinion that none of these are excessive or unreasonable.

We, the undersigned, certify that above is a true and correct copy of report of Official Tractor Test No. 138.
