This Article is brought to you for free and open access by the Animal Science Department at DigitalCommons@University of Nebraska - Lincoln. It has been accepted for inclusion in Faculty Papers and Publications in Animal Science by an authorized administrator of DigitalCommons@University of Nebraska - Lincoln.

The submission "Generating 'As-Applied' Pesticide Distribution Maps from a Self-Propelled Agricultural Sprayer Based on Nozzle Pressure Data" (MS #1059) has been posted to Conference Presentations and White Papers: Biological Systems Engineering.
