The author would like to acknowledge a few contributors that were regrettably omitted from the published version of his article.

I would like to thank the more than 25 United States Department of Agriculture, Animal Plant Health Inspection Service, Wildlife Services (USDA/APHIS/WS) personnel whose dedication and assistance made this study possible. Access to facilities was graciously provided by numerous private companies and municipalities. The USDA/APHIS/WS National Wildlife Research Center Institutional Animal Care and Use Committee approved procedures involving wildlife (QA-1134). The Federal Aviation Administration (FAA) provided funded and support. Opinions expressed in this study do not necessarily reflect current FAA policy decisions governing the control of wildlife on or near airports. I thank T. DeVault, B. Blackwell, T. Seamans, P. Schmidt, and 2 anonymous reviewers for helpful comments on this manuscript.
