In the above mentioned manuscript a mistake in Fig. 11 occurred. The corrected version of the figure is as follows.

Fig. 11. Evaluation of predicted NEE against the observed data at a rainfed site in Mead, NE with maize and soybean in rotation. (a) monthly comparison with original model; (b) monthly comparison with new model; (c) sub hourly comparison with new model in 2001; (d) diurnal variation in the sub hourly NEE in early July in 2001.
